## Was Cured by Lydia E. Pinkham's Vegetable Compound

Lindsay, Ont.—"I think it is no more than right for me to thank Mrs. Pinkham for what her kind advice and Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to her some time ago I was a very sick woman, suffering from female troubles. I had inflammation of the female organs, and could not stand or walk any distance. At last I was confined to my bed, and the doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound, and now, after using three bottles of it, I feel like a new woman. I most heartily recommend this medicine to all women who suffer with female troubles. I have also taken Lydia E. Pinkham's Liver Pills and think they are fine."—Mrs. FRANK EMSLEY, Lindsay, Ontario.

We cannot understand why women will take chances with an operation or drag out a sickly half-hearted existence, missing three-fourths of the joy of living, without first trying Lydia E. Pinkham's Vegetable Compound. For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration.

### The Farmer's Son's Opportunity.

One reason why so many boys leave the farm for the city is because of the failure of the father to take the boy into his confidence and make clear to him that he is not merely a "hewer of wood and carrier of water," but that he is in full partnership with him and has a personal interest in the success of the work. Those of us who were raised on the farm know, of course, that it would be practically impossible for the father to always demonstrate this to his son by a cash consideration; but if the seeds of dissatisfaction are not to be planted, some greater consideration for the son's services will have to be made than that of merely board and clothing. If, say, the son knew that he would receive even a small share of the proceeds from the sale of a pig, or a lamb, or a calf, and occasionally of a cow or a horse, to do with as he might like, to save or to spend, we believe, speaking from experience, that the arrangement would be mutually advantageous. The son does not like to feel under the obligation of going to his father every time he wants a few cents for some expenditure; and, besides, he should be in a position to lay up something for the "Rainy Day." The needs of a quarter of a century ago do not accord with the needs of the present day; nor did the boys of

that time have the same facilities for investment as the boys now have. To-day we have practically at our door strong financial institutions which accept small amounts on deposit and we also have the Canadian Government's great Annuities system, in regard to which a word of explanation may not be out of place. It was approved by Members of both Houses of Parliament, has at the back of it the security of the whole of the Dominion of Canada, and there could be no better or safer plan of investment as a means of making provision for old age. The payments may be spread over as many years as may be desired. The Government attends to all the details free of charge. For example, a payment of \$13—the price of one hog—made for a boy of 10 and continued until he is 60, will give him an Annuity of \$215.20 for life. If the payments are continued until 65, he will receive \$335.73, or over \$120 a year more than he would receive at 60. The same Annuity could be purchased for a boy of an older age at a little advance in this cost. If, therefore, a farmer's boy knew that at the time when he shall be no longer able to work he would have ample provision for the remainder of his days, and that if he died before drawing the first payment of Annuity all that he had paid in with 3% compound interest would be returned to his heirs, what a difference this would make in his outlook; how much more contented he would be to remain on the farm—for there is no occupation more honorable, and how much more independent he would be in his old age. This is worth the serious consideration of every farmer who has boys, and of every farmer's son who is old enough to reason for himself. The Government's system is, of course, available not only to farmer's sons and daughters, but to the sons and daughters of every other man who makes Canada his home, no matter what his nationality or creed may be. Literature explaining this provident system may be obtained at the Post Office, or on application to the Superintendent of Annuities, Ottawa, to whom your letters go free of postage.

per million, and in Great Britain only nine per million. Here is an editorial clipping from a St. Louis, Mo., paper:—"In my opinion, it would be a good thing for us if Canada would annex this alleged republic, because Canada is an intelligent, sane, free, progressive nation, far ahead of the United States in everything; having a transcontinental railroad and two more building, while we have none, an international branch banking system that serves big and little perfectly, distributing prosperity everywhere equitably, while we have no banking system at all, only isolated banks incapable of adequately serving their own patrons, much less preserving national financial stability; and Canada has a really representative responsible form of government that insures co-operation between all sections and all interests for the common good."

### Best Cure For Skin Sores

—IS ZAM-BUK.

An illustration of the way in which Zam-Buk cures even the most serious and chronic cases of ulcers, eruptions and sores is provided by Mr. R. H. Barker, of Glencast, Ont. He says:—"I would not have believed that any remedy could cure so quickly, and at the same time so effectively, as Zam-Buk cured me. My face became covered with a kind of rash, which itched and irritated. This rash then turned to sores, which discharged freely and began to spread. I first tried one thing and then another, but nothing seemed to do me any good, and the eruption got worse, until my face was just covered with running sores. Apart from the pain (which was very bad), my face was such a terrible sight that I was not fit to go out. This was my state when some one advised me to try Zam-Buk. I got a supply, and, marvelous as it may sound, within little under a month every sore on my face was healed. I was so amazed that I have told the facts to several persons, and I have no objection to your stating my experience for the benefit of other sufferers."

Zam-Buk is purely herbal in composition, and is the ideal balm for babies and young children, for whose tender skin coarse ointments are so dangerous. Zam-Buk is a sure cure for cold sores, chapped hands, frost bite, blood-poison, varicose sores, piles, scalp sores, ringworm, inflamed patches, babies' eruptions and chapped places, cuts, burns, bruises and skin injuries generally. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, upon receipt of price. Refuse harmful substitutes.

### NOTE AND COMMENT.

Thirty lives were lost in New England and four in the Province of New Brunswick as a direct result of the hunting season. Of the victims five were shot in mistake for deer, twelve were killed by the accidental discharge of their own guns, fourteen by accidental firing of guns held by companions or by stray bullets; two were drowned and one died of exposure.

American newspapers complain that in the past ten years 86,934 murders have been committed in the United States and that only 1,149 of the murderers have been executed. An American may kill his neighbor and have 74 chances out of 75 of escaping the death penalty. The number of homicides committed in the Republic is 70 per million per annum. In Canada the rate is less than 18

## CURE THAT COLD

This is Quickly and Pleasantly Accomplished If You Use

## Catarrhozone

Catarrhozone will relieve colds almost instantly and in a few hours will cure completely. If it is old-standing asthma or bronchitis its quick and urative results will astonish you. Catarrhozone is little drops of healing medicine carried by air to the sore and diseased parts. You breathe them through the Catarrhozone Inhaler and they spread throughout all the air passages. It is sense as well as healing, because Catarrhozone is a germ killer, a healer and restorer of weak tissues, because it is so prompt and certain in its results, better than any other remedy for diseases of the throat, lungs and bronchial tubes, and it is neither alcohol, morphia or cocaine—all dangerous.

Tens of thousands have used Catarrhozone without reporting a single case of failure to cure diseases of the throat and lungs and nasal passages. Remember, CATARRHOZONE is taken in air, and is little drops of healing for the throat, nasal passages, or lungs. It always does cure—is guaranteed.

per million, and in Great Britain only nine per million.

Here is an editorial clipping from a St. Louis, Mo., paper:—"In my opinion, it would be a good thing for us if Canada would annex this alleged republic, because Canada is an intelligent, sane, free, progressive nation, far ahead of the United States in everything; having a transcontinental railroad and two more building, while we have none, an international branch banking system that serves big and little perfectly, distributing prosperity everywhere equitably, while we have no banking system at all, only isolated banks incapable of adequately serving their own patrons, much less preserving national financial stability; and Canada has a really representative responsible form of government that insures co-operation between all sections and all interests for the common good."

While these are very prosperous times for the manufacturers in Canada the prosperity is not confined to this class alone. The farmers participate in this prosperity as well, especially the dairy farmer. The season just closing has been one of the most profitable that has ever been experienced in Ontario. What an asset that dairy cow has been in Canada! Through all the years of uncertainty in some of the other industrial lines in Canada that noble animal has never failed to give her owner an ample return for every pound of fodder consumed, and this season with cheese selling at 14 cents and over and creamy butter at 29 and 30 cents as at present, the dairy cow is simply the peer of the barnyard.

The cost of a suit of clothes from the back of a sheep to the back of a man is computed in the report of the U.S. tariff board on wool, sent to the Congress last week by President Taft with his message. The profits which accrue in the process are traced to their sources. For purposes of computation the board takes a suit of clothes retailing at \$23 and wholesaling at \$16.50. This is said to represent fairly the suit of clothes worn by the average American. The farmer receives for the wool in such a suit \$2.23, and his profit is 68c.; the manufacturer of the cloth receives for his product \$4.73 and his profit is 23c.; the wholesale clothing dealer receives \$23 and his clothing dealer receives for his product \$16.50 and his profit is \$2.18; and the retail profit is \$6.50. The figures are aggregate.

A BENEFACTOR TO ALL.—The soldier, the sailor, the fisherman, the miner, the farmer, the mechanic, and all who live lives of toil and spend their existence in the dull routine of tedious tasks and who are exposed to injuries and ailments that those who toil not do not know, will find in Dr. Thomas' Electric Oil an excellent friend and benefactor in every time of need.

## BRONCHITIS

To Whom It May Concern Bluevale, Ont., May 4, 1910—"I was sick for two years with chronic bronchitis and a consequent run-down condition. I received no benefit from doctors or from a trip which I took for my health, and I had to give up work. Vinol was recommended, and from the second bottle I commenced to improve. I gained in weight and strength, my bronchial trouble disappeared, and I am at work again.

It is the combined action of the curative elements of the cods' livers, aided by the blood-making and strength-creating properties of tonic iron contained in Vinol which makes it so successful in curing bronchitis. Vinol is a constitutional remedy for chronic coughs, colds, bronchitis and pulmonary troubles—not a palliative like cough syrups. Try Vinol. If you don't think it helps you, we will return your money. T. B. Taylor & Sons, Druggists, Watford

### From Old Subscribers.

Thomas Goodhand, Daulphin, Man.—"Enclosed find \$1.00 so that you can put me on the paid up list for another year for the Guide, which I can assure you is a welcome visitor in our house each week. We have had a very busy season in the grain trade this fall. There has been brought to the terminal from Daulphin about 250,000 bushels and all the elevators are full present for want of cars, and fully one third of the crop is still in the farmers hands. Winter set in about October 20th. We had cold weather then for about a month. We had a beautiful December up to the day before Christmas but since then the cold has been from 20 to 44 degrees below. To-day 30 below. Hoping this will find all the old boys well.

One of the greatest blessings to parents is Mother Graves' Worm Exterminator. It effectually expels worms and gives health in a marvellous manner to the little one.

### CURED OF CONSTIPATION

Mr. Andrews praises Dr. Morse's Indian Root Pills.

Mr. George Andrews of Halifax, N.S., writes: "For many years I have been troubled with chronic Constipation. This ailment never comes single-handed, and I have been a victim to the many illnesses that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but one and all left me in the same hopeless condition. It seemed that nothing would expel from me the one ailment that caused so much trouble, yet at last I read about these Indian Root Pills. That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial. I have regulated my stomach and bowels. I am cured of constipation, and I claim they have no equal as a medicine."

For over half a century Dr. Morse's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 25c. a box.

### Address and Presentation.

The Sunday School entertainment and Christmas entertainment which was held in S. S. No. 22 proved a great success. Mr. Davis occupied the chair to the satisfaction of all. The program consisted of dialogues, recitations and songs by the school. The Christmas star drill by twelve little girls was well acted. Songs were given by Mr. John Davis and Misses Ella and Pearl Armstrong. Music was furnished by Mr. and Mrs. McMahon and Phinney's orchestra. The Sabbath School presented Mrs. Tanner with a center table and lamp, accompanied by the following address:

TO OUR SUPERINTENDENT: Another year has rolled around and with it has passed the memories of a joyful association together in our Sabbath School, carried along as it were like a plank of driftwood down the stream. The sands of time are swiftly passing and we are also passing the place that knows us now but shall shortly know us no more. We as a worshipping people congregate in the place from Sabbath to Sabbath to learn the great lessons of the heavenly life into the hearts of the smallest child, to the oldest man, namely, the Sabbath school. You as superintendent of this all important branch of God's plan are fulfilling this great work. We as a Sabbath School feel greatly indebted to you as our leader because of your untiring efforts to forward this movement and perhaps you have sometimes felt discouraged, thinking that you have not done your best or that you might have spoken to some anxious soul the glad tidings, and being the mother of a family you know the need of this. Now just to cheer and encourage you in the work whereunto you are called, we would ask you to please accept this table and lamp as a token of our appreciation of your services, hoping the memories therefrom may ever reflect and brighten your life, that when the great trumpet sounds we shall all be there to hear the word: "she hath done what she could."

Signed on behalf of the Sunday School, EDNA O'NEILL, EVA BUTLER. Mrs. Tanner briefly thanked them for their kind remembrance.

### Golden Wedding.

The home of Mr. and Mrs. E. Grieve Elliott, of the 7th con., Brooke, was the scene of a happy gathering on Dec. 26th, the occasion being the fiftieth anniversary of their wedding. About fifty guests were present, those from a distance being Mr. and Mrs. Strathdee, Carlingford, Ont.; Mr. and Mrs. W. Wilson, Dorchester, Ont.; Mr. and Mrs. John Balantyne and daughters, Jean, Laura and Blanche, of Avonton, Ont.; Mr. and Mrs. Grieve Elliott, Domo, Alta.; Miss Annie Elliott, Calgary, and Mr. Sandy Elliott, Harrow, Ont. Two of these, Mr. Elliott's sister, Mrs. Wilson, and Mrs. Elliott's brother, Mr. Strathdee, were guests at their wedding fifty years ago. The guests were photographed on the lawn after which dinner was served by the grandchildren present. The afternoon passed quickly away in social intercourse, interspersed by such musical selections as "The Old Grey Bonnet" and "The Golden Wedding Day." Six of the seven members of the family now living had the pleasure of meeting together at the old home where Mr. and Mrs. Elliott have lived for the past forty years. The members of the family present were Mrs. John Balantyne, of Avonton; Mrs. Franz Lehrbach, Brooke, Grieve, of Domo, Alta.; Annie, Calgary, and John and Kate at home, Mrs. George Moses, of Ranfurly, Alta., being the only one absent. At dusk the guests departed, leaving with Mr. and Mrs. Elliott a host of good wishes and many tokens of their esteem.

A nervous woman went to a throat specialist in New York to have her throat treated. The specialist used a laryngoscope. As he was adjusting it the specialist said to his patient: "you'd be surprised to know how far we can see with this instrument." "If that is the case," said the woman, "before you begin I want to say I just had a time to darn that hole in my stocking before I came here."
