MOTHER'S ADVICE.

Rupert, B. C.—"I take great
in announcing to you my heart-
felt thanks for the benefit our boy Ar-
thur, aged seven, has derived from
your medicine 'Golden Medical
Discovery'. He is a different boy al-
together after taking five bottles. His
tongue used to be coated and his
stomach and bowels always out of order,
but Dr. Pierce's
Medical Discovery has cured him.
I recommend your medicine to

A Seaford, Ont., Home painted with Martin-Senour "100% Pure" Paint

LIFE INSURANCE FOR YOUR HOUSE

Unpainted wood means decay. Not to paint your house, means a constant expense for repairs. Paint protects against wear and weather. When you take out our "100% Pure Polisy", your house is insured against decay.

Such paint protection resists the destructive effects of climate and temperature, besides adding beauty and distinction to the home and value to your whole property.

MARTIN-SENOUR "100% PURE" PAINT

means life insurance for your home. The genuine White Lead, Oxide of Zinc, Pure Colors and Linseed Oil—bound to extreme fineness by powerful machinery—form a combination that protects against decay.

"100% Pure" Paint makes protection sure. It spreads easily, covers completely and is the cheapest in the end because it covers more space per gallon. We have it in all colors for spring painting.

Call and get a copy of our painting book, "The House That Jack Built". It's full of pictures, rhymes and reason, that you will enjoy as well as the children. Free to all.

will be very kind to you, and it will make you very happy.

We all have our peculiarities. Probably they wouldn't be tolerated five minutes outside of our homes. Then why should we become impatient at the "little ways" of our dear ones? Why not overlook them, as we would gladly overlook the "little ways" of strangers? Strangers are not thinking about us. They come and go like ships that pass in the night.

Poets have raved over the "joys" of home, but how can any one enjoy being in a home where some member of the family is forever finding fault? We all know such homes and always feel uneasy when we think of them.

We are very anxious to please, to be noted for what is called a "winning personality," but manners, like charity, begin at home. The wise woman lays the foundation of a charming personality at her own fireside. Her heart beats are for every member of her family, and when she goes outside she endears herself to whomsoever she may meet.

Then be gracious and kind to the folks at home. Be their champion and their chum. You needn't worry about "results." The results will be as sure and as true as the north star. Every member of the family down to the house dog will stand by you through thick and thin, and when the keen edges of the world cut into them their hearts will turn longingly and lovingly to home and you.

A NEW SKATING CAP.

HOW APPENDICITIS CAN BE PREVENTED

W ford people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler's, often relieve or prevent appendicitis. This simple mixture removes such surprising food matter that ONE SPOONFUL gives relief in any case of constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Adler's is the easiest and most thorough action of anything we ever sold. Taylor & Son, drugist

In Suspense.

Johnny—Pa, what is a "quandary"? Father—It's what a man gets into when he tells his wife a lie and doesn't know whether she believes it or not.

Convinced.

"This time she is positive she is in love."
"What convinced her?"
"This income."

To forgive a fault in another is more sublime than to be faultless oneself. George Sand

Cholera Morbus.

Inflammation of the stomach and bowels caused by poison in the digestive canal is called cholera morbus. It is especially liable to occur during hot weather followed by cool nights. It is chiefly caused by eating indigestible foods, such as raw vegetables, underripe or overripe fruits and spoiled meats.
