FLAVOR-FULL
Undoubtedly there are degrees of flavor. Take Fruit for instance—you select an orange, and on eating it you find it to be flavory, certainly, but sharp—acid; choose another, a riper more matured fruit, and it is luscious, the flavor is mellowed and rounded—it is FLAVOR-FULL. Nature made a better job of the second orange. Exactly the same is true of Tea. Nature is not equally kind to all. It requires expert knowledge and continual care to select and combine FLAVOR-FULL Teas to produce the delicious cup obtained from KING COLE Orange Pekoe. If you love your cup of Tea, unusual pleasure awaits you in KING COLE Orange Pekoe.
