Ottawa Ladies' College

OTTAWA

THE GENERAL ASSEMBLY "Cordially commends this College to parents as an educational home where their daughters may receive a liberal and thorough education under wholesome surroundings and influences."—*Assembly Minutes*

1. Ottawa, the Capital of the Dominion, is an ideal situation for a Ladies' College. It is a city of surpassing beauty and interest.
2. The Education provided is unexcelled; Collegiate; Matriculation; Selective Courses.
3. The College has exceptional advantages in the Department of Music. All its music courses are taken in the Canadian Conservatory, Mr. H. Fuddicombe, Director.
4. Careful instruction is given in the Bible, and the College life is pervaded by a genial religious atmosphere.

The College may claim special consideration from Presbyterian parents because it is their own. No institution in this country furnishes an education better adapted to develop a Christian womanhood at once strong, intelligent and refined, the primary aim being to fit our daughters for their future duties in the Home, the Church, and Social life.
