

REPRINTS  
OF THE  
**BRITISH PERIODICALS**

The political ferment among the European nations, the strife between Church and State, the discussion of Science in its relation to Theology, and the constant publication of new works on these and kindred topics, will give unusual interest to the leading foreign Reviews during 1876. No where else can the inquiring reader find in a condensed form, the facts and arguments necessary to guide him to a correct conclusion.
