CERTIFICATE FROM MR. ALFRED KNUCKLE, American House, St. Joseph

Street:—

MONTREAL, March 7th, 1872.

DEAR SIR,—I was afflicted during the beginning of this winter with a most severe COLD, attended with incessant COUGHING and DIFFICULTY OF BREATHING, which reduced me so low that many persons supposed I could nover recover. I tried a great many things, which were given me both by my doctors and friends; but did not receive any benefit from anything until I commenced using your "HOARHOUND AND CHERRY BALSAM," which seemed to give me relief immediately. I continued using it until I was completely cured, and now I belive I am as well as I ever was in my life. I would gladly recommend it to any person suffering from a similar complaint. Almost anybody who knows me can certify to the above. ALFRED KNUCKLE.

PROSPECTUS

NEW, GENERAL, AND DETAIL MAP

WHOLE DOMINION OF CANADA,

NEWFOUNDLAND

VANCOUVER ISLAND.

Northern and Western States.

J. JOHNSTON, C.E., MONTREAL.

TO BE PUBLISHED IN THE EARLY PART OF 1873,

GEO. E. DESBARATS.

Size of Map, about 7 ft. x 5 ft. Extending (East and West) from Newfoundland to Manitoba and (North and South) from Hudson's Bay to latitude of New York, drawn on a scale of 25 miles to the inch, and compiled from the latest Astronomical Observations, Official Surveys, and Records of the Departments of Crown Lands, as well as from County Maps, Local and Railway Surveys. From Manitoba to Vancouver Island will be delineated on a scale of 50 miles to the inch. This arrangement of the Map admits of the old Provinces of Upper and Lower Canada, New Brunswick and Nova Scotia being mapped on a scale large enough to shew accurately all bond fidewareys. The Great N. W. Territory and British Columbia—where comparatively little has been done in the way of actual survey—a smaller scale answers every purpose. The whole Map is thus kept within the dimensions best adapted for general office use.

The following are some of the most important details, which have been collated with great care, from the latest Official Plans and Reports:—Recent Explorations and Surveys in the "N. W. Territory;" New Boundary Lines; Electoral Districts and Divisions: New Townships and Mining Locations; all New Hailways: Canals and Colonization Roads; the "Free Grant Lands" and New Settlements; Elevations of the Inland Waters and Mountainous regions above the Sea—marked in feet—and the correct delineation of all prominent Topographical features. In connection with the General and Detail Map there will be Two Supplementant of the Dominion and other countries, shewing the great Routes of Travel both by Land and Water; shortest lines of communication: Telegraph lines in operation and projected; distances, &c., &c., with much other new and valuable information.

The explored route for the Canadian Pacine Railway with its connections—East and West—with accompanying Protile, will be accurately laid down from data supplied by the Government Engineer; also, the Route of the Northern Pacific Railway (United States), of which a correct plan of the actual locat

sent to Mr. Johnston by the Chief Engineer.

ALL ADDITIONS AND CORRECTIONS WILL BE MADE TO DATE OF PUBLICATION.

Mr. Johnston has been engaged on the compilation and drawing, unremittingly, for a period of nearly four years. Neither labour nor expense has been economised in the endeavour to gain for this great Geographical and Topographical work the merit of being the STANDARD MAP OF CANADA for many years to come.

being the STANDARD MAY to come.
