Some people seem to think that life is intended to be a perpetual holiday; and, when they have played themselves into sickness by self indulgence, and all sorts of wilful, reckless behaviour, they cry and complain because they must suffer the consequences.

ADVICE TO MOTHERS.

Mrs. WINSLOW'S Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. 25c a bottle.

The business man, the mechanic, the laborer, the teacher, the mother or the housekeeper—all must attend to the practical realities of their labor, and not despise the smallest detail; while at the same time they must enoble and enrich it by putting themselves into it in the best sense of the word—by embodying their highest conceptions and realising their finest ideals.

The very consciousness of trying for real excellence in anything is a great support. It takes half the sting from failure and doubles the joy of success.

If there is anything in this world calculated to make a man forget that he has been to hear Moody and Sankey on the previous evening, it is to bounce out of bed in the morning and light on the business end of tack. Should any be so unfortunate, don't swear, but use Minard's Lintment; it will extract the poison and heal up the wound quickly; it is a wonderful flesh healer for man or beast.

The Cowboy Poet recently discovered in Wyoming is to be called the poet lariat.—San Francisco Examiner.

MY TOOTHACHE

Is an exclamation heard every hour in the day. Toothache is the most common ailment of young and old, and in the aggregate inflicts more suffering than perhaps any other single complaint. A one minute cure is just what every person desires to possess. Nerviline—nerve pain cure—acts almost instantly in relieving the agony, and as a sample bottle affords a quantity sufficient for 100 applications, ten cents fills the bill. Polson's Nerviline is the only positive remedy for toothache and all nerve pains. Sold by all dealers in medicine.

It is only recently that science has come to understand fully the service which the earthworm—the humble creature which some Canadian boys call the 'angle-worm,' and others the 'mudworm'—performs in the economy of the world.

Gentleman: 'I am sorry, Uncle R stus, that I can't do anything for you this morning, but charity, you know, begins at home.' Uncle Rastus: 'All right, Mr. Snif—all right, sah. I'll call round at yo' house 'bout s ben dis evening, sah.'
