This building is where we have *made good*. We can do as much for you, and you can do the same for your customers. *Broken Ashlar* laid up in block and snack, no blind or false joints, but the *goods* at practically no greater cost to you than the ordinary *mud pie* and *gingerbread* blocks.

We install the California System anywhere under the positive guarantee that it will give all the results that we claim for it.

We erect large buildings any place where our system has not been installed.

We supply moulds according to designs submitted for any work that you have in hand.

**OUR MOTTO**—Each and every piece of work different, made practical by the low cost of operating by the California System.
