

SECTION VI — SELECTED LISTINGS OF CARRIERS, TRANSPORTATION SERVICE ORGANIZATIONS AND FREE TRADE ZONES

A large number of Canadian and American carriers, transportation service organizations, and combinations thereof, serve Central Canada/Southern U.S. traffic lanes directly or indirectly. The continuing effects of U.S. deregulation and

pressure to allow more American carriers to serve major Canadian cities directly mean that new alternatives will steadily become available. Therefore the following partial listing of transportation companies reflects only a sample of possible options. You can keep up-to-date on new companies by obtaining any of the directories listed in Section VII of this directory, and by consulting with colleagues in your industry and community.
