

in some way or other. Well, you will claim, of course, that the Government is not to be held responsible for the loss of the revenue. The question of the loss of the revenue is a question of fact, and it is a question of fact that the Government is not to be held responsible for the loss of the revenue. The question of the loss of the revenue is a question of fact, and it is a question of fact that the Government is not to be held responsible for the loss of the revenue.

Mr. Hays: I think it is a good thing that the Government should have a small place in the market. The Vice-Chairman: There are no more government departments we have than we have at present. We have a small place in the market. The Vice-Chairman: There are no more government departments we have than we have at present. We have a small place in the market.

Mr. Hays: The Government should have a small place in the market. The Vice-Chairman: There are no more government departments we have than we have at present. We have a small place in the market. The Vice-Chairman: There are no more government departments we have than we have at present. We have a small place in the market.

Mr. Hays: The Government should have a small place in the market. The Vice-Chairman: There are no more government departments we have than we have at present. We have a small place in the market.
