

them with piles of lumber, cordwood, &c., which are intended to lay for any time. In no case must lumber, &c. be piled within six feet of the rails.

20. Agents must see that all gates and approaches to their stations and grounds are properly closed, and, if need be, locked, to prevent cattle getting upon the line, and after the passing of trains they will see that everything about the stations is safe from fire.

21. Every Station Agent must keep on hand two Hand Signal Flags of each color; one Hand Signal Lamp, and a supply of Torpedoes.

22. Requisitions for Stores and Stationery are to be made on the 1st and 15th of each month.

23. Agents shall forthwith communicate to the Manager, not merely unusual circumstances, but all occurrences coming to his knowledge which in any way bears upon or affects the interests of the Company.
