## FRENCH POLICY.

the Affiftance the Indians could afford them, they were not a Match for the Power of the English in America; thought it necessary to fend for Recruits from France. Accordingly eight thousand Troops with their Wives and Children were fent from France to America in 1752; viz. 2500 for Canada, 3500 for Milfisppi, and 2000 to St. Deminge:

On receiving these Reinforcements they foon put themfelves in Action. They had Intelligence, that the Englife were building Forts, and raising Plantations along the River Obio, which they apprehended to be too near their own Settlements to be difregarded. Some Merchants in London, with others of Virginia, had obtained a Grant from his Majetty of that River, to make such Settlements in the Meadows and Places adjacent, as they fhould judge convenient for a Plantation, and the carrying on their intended Trade. But the French were determined, at all Events to frustrate the Defign; and in order thereto, fet up a prior Claim, and infifted that all that Coaft belonged to the Crown of France. Accordingly they took all poffible Measures to diffurb the new Setlers, and to erect Forts of their own on the Banks of the faid River. Upon which Robert Dinwiddio. Elq; Governor of Virginia, wrote a Letter to the Commandant of the French Forces on the Ohio, to demand the Reason of such Proceedings, and sent it by Major Washington. The Governor's Letter was wrote in the following Terms.

Sir, The Lands upon the River Ohio, in the Weffern
Parts of Virginia, are to notorioufly known to be the
Property of the Crown of Great Britain, that it is a
Matter of equal Concern and Surprize to me, that a
Body of French Forces are erecting Fortreffes, and
making Settlements upon that River, within his Majefty's Dominions.

The many and repeated Complaints of these repeated Acts of Hostility, lay me under the Necessity of
fending, in the Name of the King my Master, the
Bearer hereof, George Washington, Esq; the Adjutant
General of the Forces of this Dominion, to complain
to you of the Encroachments thus made, and of the
Injuries done to the Subjects of Great Britain, in open
