

FARM NOTES FOR FARMERS

The second fatal shooting accident within four days in the vicinity of Perth, occurred in Drummond Township on Friday, when Wesley Paul, aged 16, accidentally shot himself with a gun that he had taken out to shoot foxes. He died instantly.

Frost has done considerable damage to the tobacco crop in Kent County.

John Meggison of Romney Township, near Tilbury, was thrown from his wagon when his team ran away, and was killed.

Owing to the late season fall wheat in many sections has very little top, and there appears to be a poor growth at present to bring it along.

A son of Mrs. William Simmonds of Tara was killed near his farm on Unity, Sask., by being thrown from a wagon, caused by his team becoming frightened at an automobile.

Real estate men say that farms are changing hands at good prices and enquiries are becoming more numerous than at any time during the past two years.

W. J. Bentley, a farmer near St. Thomas, was killed by the kick of a horse.

While the cattle market has been dull for some time, dealers and breeders say that dairy cows are bringing good prices.

J. Keating, a farmer, who resided near Marmora, was killed last week by being thrown from his buggy. A horse he was driving became unmanageable while passing an auto.

D. Stewart of Earlton, New Ontario, is now using a gasoline power plow, the first in that part of the country. It is a six-turrow plow.

J. Mitchell of Wellington sold a pair of heavy horses to a Toronto party this week for \$510.

Bryce Sands of Moore Township, near Dresden, was fatally injured by being run over by a wagon loaded with corn.

David Hayter of Brooke Township has been awarded the much coveted Hanna trophy for the best four acres of corn in Lambton County. There were nearly 100 entries.

Archie McCracken, a farmer of 50 years, residing near Tamworth, fell from a scaffold into a threshing machine and had his arm torn off. His recovery is doubtful.

At a level crossing east of Kingston, Eugene Queen, a farmer, was killed last week by a special train on the G. T. R.

The "borers" are being adopted to teach Ontario farmers more about farming. The department of agriculture will put on view thru the province demonstrations of orchards, drainage, etc., also showing live stock.

A Tamworth farmer, aged 19, was killed in an auto accident near his home last week.

By way of experiment, a farmer residing near Brockville cut the vines of his potatoes some weeks previous to digging, believing the rot came from the stocks. When taking the potatoes out, he found much better stock where this operation had been done, and is fully convinced that the process is a good one.

William Hill of Beemiller is making an interesting venture in the line of afforestation. He has planted 5700 trees in the Township of Hullett, Huron County, on a lot that had been used as a pasture, and of a light soil. The trees were one year seedlings, about six inches high, white and Scotch pine. They have come along well this summer, some having grown 10 and 12 inches.

J. J. Wilson of Milton refused an offer of \$400 for a draught mare last week.

Huron farmers state that although the wet weather has damaged crops badly, it has made the pastures good, and cattle will go into winter quarters much better than usual. This will offset some of the loss to grain crops.

Mrs. Lillo, who lived on a farm near Arthur, was burned to death when her clothes caught fire from a stove.

When darkness prevented the finishing of threshing operations in the barn of G. W. Sour of East Huntingdon, an automobile was headed towards the barn, the headlights turned on, supplying sufficient light to complete the work.

Fall plowing is held back by wet grounds, even the high land being so full of water that farmers consider it better left until the water has receded. Seedling late and will not help in weed killing.

New Liskeard claims the honors for large potatoes. They have them weighing two pounds up there.

While helping to start a gasoline engine near Essex, Francis Adams of McGregor Township was instantly killed. He put his hand between the spokes of the fly wheel to tighten a nut when by some means the machine back fired, throwing him against the engine cylinder, crushing his skull.

The Provincial Department of Agriculture, with a view of it possible of arresting the alarming migration of young people from the farms to the cities, is encouraging the teaching of agriculture in the rural schools, hoping that by that means to inculcate an intelligent interest in the subject among the pupils. In conformity with this scheme, the department's experts give whatever assistance they can by instructing rural school teachers in the various branches of scientific farming, so that the knowledge may be passed on to the pupils.

C. F. Bailey, assistant deputy minister of agriculture, has just returned from a visit to New Ontario and speaks in highly favorable terms of the conditions prevailing there. He declares, are fully up to expectations, even the rain has been a mitigating factor. The farmers were in a particularly comfortable position, and the conditions of labor, he pointed out, was such that it was difficult to hire men.

Commandant Courtois, representing the French Government, with Jamieson and Williams of the Union Stock Yards, Toronto, are at Medicine Hat, Alta., to buy 10,000 horses for the army. It is said they are not so particular as buyers for the imperial gov-

ernment. All they want is good horses from 850 to 1100 pounds, 15 hands high, five years and older, and will take a small percentage of gray horses. If they are halter broken they will do.

The potato crop in Alberta, both as to quantity and quality, is the best in the history of that province. Farmers there are storing all surplus stock, believing that with the reported shortage in other parts they will obtain a long price for their product next spring.

The government report of Canada's grain crop shows it to be a record one. Wheat is 45 per cent, higher than best previous record, with an average of 26 bushels to the acre. Oats average 42 bushels, barley 28 1/2 bushels, rye 13 bushels, all record crops.

The farmers around Zurich sold over \$20,000 worth of Dutch sets during the past season.

B. Wright of Chesley, sold a pair of carriage horses to a Toronto man for \$600. They were purchased from an English firm to be used as hearse horses.

Many deaths of prominent farmers occurred during the past week, among whom were Alex. Stewart, age 72, a well-known farmer and cattle dealer of Wawanash; Alexander Douglas, age 65, said to be the oldest man in Northumberland County; Hector McPadden, age 83, a pioneer of Bruce Township; James Doyle, age 60, an early settler of Kent County; Martin Broderick, age 84, Essex County, a Fenian raid veteran; Andrew Sharpe, commissioner of Culpever Township near Teeswater; Smith Goodby, age 70, a resident of Brant for 50 years; Thomas Elzevir, township licensee, inspector of Hastings; John Stacey, age 91, of Augusta; Wm. Martin, age 76, resident of Caledon since his birth.

A Culross farmer delivered three loads of hogs in Kincardine one day last week and received \$900 for them.

W. J. Ahlson, a farmer of Korah Township, was accidentally shot and instantly killed by his eight-year-old son while hunting.

Manitoba Agricultural College will prepare a military corps ready for work in the trenches next spring.

It would be difficult to exaggerate the importance of the school fair and the beneficial influence it is having, and will continue to have, on the system, last, it encourages industry, thrift, an early love of nature, a devotion to and an inheritance of the soil, ambition to serve the community and the spread of communal ideas.

The apple crop in Huron County this year is estimated to be only quarter of what it was last year. This season there will be about 5000 barrels packed. Last year it reached 20,000.

More than 70,000 horses have been shipped from Windsor Remount Depot since April last.

The fairs thruout Ontario have been very successful with rare exceptions. Attendance was larger than last year, many fairs have had record entries. The number of entries exceeded last year in most cases, save where rain interfered with the bringing out of exhibits. The most notable increase was in horses and cattle. Not only were these exhibits larger in number, but the quality was much better. Farmers make the fair, and they are to be congratulated for the success this year.

Albert Carrins of North Orlita Township, while attempting to put in a belt of a threshing machine and his arm wrench from the socket and he received other injuries from which he died in a few hours.

Extraordinary yields of grain are being reported from the northwest, many farmers claim to have harvested 50 bushels to the acre from their entire farm.

Milne Walker, aged 15 years, accidentally shot himself when his rifle caught in a wagon tongue he was crossing over the railroad crossing beneath his chin, causing instant death.

Farmers of Kent County are waging war on the San Jose scale which they hope to exterminate. Fruit growers along the lake shore in Elgin found it necessary to spray a serious attack a year ago and while it has not been entirely cleared, conditions are very much better.

WINNIPEG, Oct. 23.—Wheat closed today 1/2c to 1 3/4c lower. Oats closed 1/2c lower to 3/4c up, and flax closed unchanged to 1/4c lower. The buying power in futures was less today, and with good weather and enormous receipts and a big proportion of contract quality, prices eased off considerably. The demand for all grades of wheat was fairly good, while the demand for barley was good, while the demand for flax was indifferent.

Inspection yards, of which 1898 were wheat. In sight for inspection today 2300.

MONTREAL, Oct. 24.—Considerable

Farms for Sale

AT GEORGETOWN, Brampton, Milton, Streetsville, Meadowville, Huronville, Aton and Campbellville, Brantford, Brin, Grand Valley—233 farms for sale, land cheap and good; get back on the farm, the surest and best place for a living just now. NOTICE TO CREDITORS.—IN THE Matter of the Commercial Printing Co., Limited, of the City of Toronto, in the County of York, Printers, Insolvent.

Notice is hereby given that the above-named have made an assignment to me under R.S.O. 10, EDWARD VII. Chapter 10, of all their estate and effects for the benefit of their creditors. A meeting of creditors will be held at the City of Toronto, on Friday, the 29th of October, 1915, at 2:30 p.m., to receive a statement of affairs, to appoint inspectors, and for the ordering of the creditors generally.

Creditors are requested to file their claims with the assignee before the date of such meeting. And notice is hereby given that after this date, the assets will be distributed among the creditors, and no claim will be given, and the assignee will not be bound to distribute to any person or persons whose claim he shall not then have had notice of.

Dated at Toronto this 23rd day of October, 1915.

NORMAN L. MARTIN, Assignee.

St. Haden's Cheese Board held last night, 408 boxes colored were boarded; 288 sold at 16c.

COWANSVILLE, Que., Oct. 23.—At the

Remember, Health is the Great-est Wealth Why Look Yellow And Feel Blue When B'Well Will Pull You Through?

B'Well is a medicine that assists nature, made from roots, barks, herbs, leaves, etc. The concentrated extracts of these herbs tone up the stomach, regulate the liver, act on the kidneys, and it contains a harmless worm destroyer that is sure death to worms, but harmless to even the youngest infant, and can be used with perfect safety.

B'Well is not a tape worm exterminator and is not recommended for that trouble. B'Well is restoring thousands of people to health. I am not going to enumerate the different diseases and complaints that people have been relieved of as it would take up too much space. I can simply say that restlessness and disease cannot remain if you take this medicine for a time and it will surely make you feel fine.

It does not contain poison in any form or narcotics that only relieve pain, but the different roots and herbs that regulate the system. It stimulates the stomach, liver and kidneys to a healthy action, helps digestion, and keeps the bowels regular, expels foul gas from the system and takes away the bad feeling from the head and the nervous system.

It is a blessing to those that feel like a burden to them that are down-hearted and unhappy from the bringing out of exhibits. The system through the natural channels of health and as the poison is carried out of the system and the swelling has all gone and the reputation of the leg found to be unnecessary. This gentleman, having been relieved and his leg saved, thought that Rheumatoid would surely help his friend, who purchased B'Well and Rheumatoid, used them and the morning of ten days his cough stopped and he was able to plough and do his own work. This is what his son told me when he came in to get another bottle of each. The result was that all his neighbors that were suffering came to me for medicine. I am old and the gentleman is still alive and weighs over 200 lbs. and is in a healthy condition. This is only one of many that my medicine has relieved and made happy, so

Why Not Try B'Well? It Makes People Feel Well.

Price \$1.25 per bottle. Six bottles, \$5.00 by express.

About ten years ago a gentleman

came into my office on crutches. The doctors pronounced his trouble to be consumption, which disease is now better known as tuberculosis. He had coughed until he wasted away to a living skeleton, as he was only skin and bones. He had spent hundreds of dollars doctoring and when the doctors failed to do him any good, they recommended him to go west and travel to get the dry air. He spent \$700 traveling in the west, only to come back worse than ever. He then went to New York and was treated by specialists, spending over \$300 there without relief, and his leg saved, thought that Rheumatoid would surely help his friend, who purchased B'Well and Rheumatoid, used them and the morning of ten days his cough stopped and he was able to plough and do his own work. This is what his son told me when he came in to get another bottle of each. The result was that all his neighbors that were suffering came to me for medicine.
