

COMBINED PINCERS & WIRE CUTTER.

COMBINED STRETCHER & CROW-BAR.

COMBINED PINCERS & WIRE CUTTER.

Made of tempered Cast-Steel, and are indispensable in handling Barbed Fencing Wire. Length, 10 inches.

COMBINED STRETCHER & CROW-BAR.

It is made of a solid bar of round steel, one inch in diameter and four feet long ; it is sharpened and tempered at one end for use as a crow-bar or tamping iron, and 15 inches from the end it has, as shown in the cut, a BUTTON or CAM, working in a cut or depression in the bar, so that wire being laid in, and power applied to it, as shown in the larger cut, the line of wire can be easily strained up taut. The harder one pulls the tighter the wire holds. This tool can also be used to handle the spools with, being thrust through the centre so that the wire can be unwound. Weight only 12 pounds.
