ILLUSTRATED Life Insurance Folder showing that
to be happy you must be contented. To be contented,
you must feel that your family, your home, and your
own old age are provided for.

SECURITY, PROTECTION AND PROFIT.

////Facts Worth Considering.////

Most men work hard and take but little present com-
fort in order to secure future wealth. Ninetyfive per
cent are unsuccessful. A good Life Insurance Pol-
icy is the best provision for the future, for what-
ever happens, your family, your property, and **your**
own later years are protected.
