Reports of Drought in the West Keep Chicago Market on Qui Vive

Sharp Advance in All Grains Follows an Early Bearish Raid—Crop Conditions Generally Favorable.

CHICAGO, June 9.—Hot weather damage in Kansas, Nebraska and other states almost monopolized the attention of wheat traders to-day. In consequence the trade was strong at a net advance of 1-4c and 3-8c to 1-2c and 5-8c. Other leading staples showed good gains over last night—corn 1c to 1 1-4c, oats 1 1-4c to 1 1-2c and provisions from 17 1-2c to nearly half a dollar.

A selling drive at wheat was attempted by a minority of traders, who appeared to think that the government crop report had not been sufficiently discounted beforehand. Between the opening and close July ranged from 90 7-8c to 92 1-4c and in the end was 5-8c up, at 92c.

The windup for the day in corn was at the highest point of the season. July ranged between 54 3-8c and 55 5-8c, closing firm, 1c net higher, at 55 1-2c. Cash grades were in moderate demand; No. 2 yellow closed at 55c to 55 1-4c.

Allegations that the high winds and hot sun were firing the oats crop in Nebraska made the market strong. The damage reports were backed with buying orders, and as a result December oats soared above the 40-cent. level for the first time in months for this delivery, or indeed for any other. High and low for July were 38 1-4c and 37c, with a close 38 1-4c, a rise of 1 1-4c over last night.

An idea of the hot wave would necessarily decrease the marketing of hogs was responsible for the most of the advance in provisions. Pork was up 47 1-2c; lard dearer, 17 1-2c to 20c, and ribs 22 1-2c and 25c to 30c.

Chicago Gossip.

J. P. Bickell & Co. from Logan & Bryan:

Wheat—Price for the day had unusual action; an early break of ⅝c to ¾c, followed by a strong swell of ⅝c to ⅞c in short time; moderate reaction to about Thursday's closing prices about midday and then the last hour of the session brought the most exciting buying and top prices for the day. Because of the bearish construction put on the official crop figures, local trade expected a break in the market. Early selling pressure resulted in a decline of ⅝c to ¾c, and scarcely had the quotations been established when it was discovered that bull leaders had a group of large houses taking the offerings, and giving both July and September good support. There was a prompt switch from the selling to the buying side, which caused the strong upturn of the morning. The cable news was mostly bearish. The northwest reports are all bearish, except from a little corner of South Dakota, where rain is needed. Most reports on appearance of winter wheat over the central states, and the conditions where harvesting has begun, were favorable. As an offset to everything that was bearish, the trade had some sensational hot weather reports from the west, mostly from Western Kansas claiming injury to wheat and oats. This sort of news, together with strength in coarse grains, created the bullish feeling which advanced the market to high on late trade.

Erickson Perkins & Co. had the following at the close:

Wheat—Trade has become a little hysterical over the hot wave, and there was continued buying, forcing higher prices as a result. Principal damage claims came from Nebraska, where temperatures were abnormally high. Otherwise crop reports are favorable. The government figures cannot be construed as bullish, as they indicate the biggest crop ever raised.

Corn—Reports do not indicate there has been any serious damage to corn in any direction, and the advance scored in prices to-day was purely sentimental. Cash demand is unusually slow; receipts continue liberal, with enormous primary run, and there is every promise of a fair accumulation of stocks here and at other points. We think prices have more than discounted anything bullish in the situation.

Oats—A scarcity of offerings caused a big bulge. Damage reports from Nebraska and other directions given free circulation. It must not be lost sight of that we have had about 8c advance all around, with December 8c higher than it went out at last December. Market now in throes of a hot weather scare, but we believe advance has discounted any actual damage or possible damage between now and harvest.

Montreal Dairy Market.

MONTREAL, June 9.—The trade in cheese is fairly actice, but the demand for butter is quiet.

Eggs—Fresh, 17½c to 18½c.

Cheese—Westerns, 11½c to 11¼c.

Butter—Choicest, 21½c; seconds, 18c to 19c.

Montreal Grain Prices.

MONTREAL, June 9.—The demand for Manitoba spring wheat is very limited, several round lots of No. 1 and No. 2 northern being offered on spot at 1½c to 2c per bushel under the July option, without meeting with buyers. London offered to resell No. 2 northern at 1½d per quarter lower than she was willing to accept yesterday. Oats were quiet, but prices are firm. Local trade in flour is fair, and prices show no change.

Oats—Canadian western, No. 2, 41½c to 42c, car lots, ex-store; extra No. 1 feed, 41c to 41¼c; No. S C.W., 40½c to 40¾c; No. 2 local white, 40c to 40¼c; No. 3 local white, 39½c to 39¾c; No. 4 local white, 38½c to 39c.

Flour—Manitoba spring wheat patents, firsts, $5.30; seconds, $4.80; winter wheat patents, $4.60 to $4.75; strong bakers', $4.60; straight rollers, $4.10 to $4.25; in bags, $1.75 to $1.85.

Rolled oats—Per barrel, $4.55; bag of 90 lbs., $2.15.

Feed barley—Car lots, ex-store, 51c to 52c.

Corn—American No. 3 yellow, 60c to 61c.

Millfeed—Bran, Ontario, $22; Manitoba, $21; middlings, Ontario, $22.50 to $23; shorts, Manitoba, $23; moullie, $25 to $30.

Liverpool Grain and Produce.

Liverpool Wheat Market.

LIVERPOOL, June 9.—Wheat Opened steady, ½d lower to ½d higher, and July advanced ⅝d, with October an additional ½d higher. The American Government report was considered bearish, but this was offset by shorts in July covering on predictions of lighter world's shipments than expected. Toward noon there was some realizing on the rains in Russia, and continued European crop advices being favorable. Corn market unchanged and neglected.

Crop Advices.

A Brandon special says: Heavy rains visited this district again last night. Crops are growing at surprising rate. At the Dominion Experimental Farm here opinion is expressed that condition of spring wheat has not been better in 20 years.

R. W. Snow's comment on government report: The crop totals which the government gives out this month cannot be compared with any previous figures, because they are based upon a new method of figuring.

Snow writes: Corn will not be hurt by hot weather until it is ready to tassel, and it will average only about knee high now thru the southwest. Hot weather and surface moisture are just what are needed.

Montreal Provisions.

MONTREAL, June 9.—In provisions, prices of Plate beef have declined, while lard has advanced ¼c per pound, and hams and bacon are generally dearer under a good demand.

Dressed hogs—Abattoir, $9.75 per 100 lbs.

Beef—Plate, half-barrels, 100 lbs., $7.50; barrels, 200 lbs., $14.50; tierces, 200 lbs., $21.50.

Lard—Compound tierces, 375 lbs., 9½c; boxes, 50 lbs. net (parchment lined), 9¾c; tubs, 50 lbs. net, grained, two handles, 9¾c; pails, wood, 20 lbs. net, 10c; tin pails, 20 lbs. gross, 9¾c.

Pork—Heavy Canada short cut mess, barrels, $1; Canada short cut and back pork, barrels, $1; Canada short cut and back pork, 45 to 55 pieces, barrels, $21.50; half-barrels, 35 to 45 pieces, $21.50; clear pork, barrels, 30 to 35 pieces, $20; clear pork, barrels, 30 to 35 pieces, bean pork, small pieces, but fat, barrels, $16.50.

Cheese Boards.

PERTH, Ont., June 9.—There were 300 boxes of cheese boarded—700 white and 200 colored. All sold at ruling prices of 11¼c to 11⅝c.

OTTAWA, June 9.—There were 220 white and 497 colored cheese boarded here today. All the 717 were cleared up at 11¼c.

DYSPEPSIA Can Be Cured.

This disease is the all prevailing malady of civilized life, and one which oftenest baffles all ordinary treatment. It gives rise to a great variety of distressing symptoms, such as distress after eating, rising and souring of food, wind in the stomach, heartburn, etc.

Nearly everything that enters a weak dyspeptic stomach acts as an irritant; hence the great difficulty of effecting a cure.

The long train of distressing symptoms, which render life a burden to the victim of dyspepsia, may be promptly cured by the use of Burdock Blood Bitters.

B.B.B. regulates the stomach, liver and bowels, stimulates secretion of the saliva and gastric juice to facilitate digestion, purifies the blood, and tones up the entire system.

Mrs. Herman Dickens, Benton, N.B., writes: "I have used Burdock Blood Bitters and find that few medicines can give such relief in dyspepsia and stomach troubles. I was troubled for a number of years with dyspepsia, and could get no relief until I tried Burdock Blood Bitters. I took three bottles and became cured, and I can now eat anything without it hurting me. I will highly recommend it to all who are troubled with stomach trouble."

Crop Outlook Bright General Trade Good

Bradstreet's Reports Reflect Optimistic Note Thruout the Dominion.

Toronto reports to Bradstreet's say the week has seen little change in business conditions there. Sorting orders for seasonable goods continue to come in well and there is a general feeling of confidence regarding the outlook for the future. City retail trade has been good and all seasonable lines of dry-goods, housefurnishings, etc., are moving briskly. Wholesalers also report excellent fall orders. Great activity is noted in the building trades and the demand for supplies is heavy both here and at outside points. The feature in market conditions is firmness in some lines of hardware, nearly all textiles, and in such lines of groceries as canned goods, teas, etc. Labor continues to be well employed and factories thruout the province seem to have plenty of orders on hand. Considerable activity is noted here in real estate. Provincial crops promise well and much satisfaction is felt over the outlook for those of the west. Fairly good deliveries of products are coming forward and prices are about steady. Trade in wheat and flour is quiet. City collections are generally reported good, those from outside fair.

Montreal reports say a fairly steady tone is noted to general lines since a week ago. Dry-goods, wholesalers report a moderate sorting trade and a fairly good amount of orders for fall delivery. Reports from most parts of the country would seem to indicate that prospects for fall and winter trade were more favorable than business conditions appear to be at this season. Present indications of crops are most favorable. Reports from eastern apple growers are not so good, but almost all other crops promise well. Local trade at retail is of good volume. The hardware trade is generally brisk. Particular activity is noted in all lines of builders' supplies. There is also a good trade moving in metals and heavy lines generally. Price cutting in this and other lines by United States firms is a factor in this connection. The same is true of leather. Grocers report a fair movement of staples, with prices in most lines firm. Receipts of country produce continue fairly large. The condition of pasturage has improved and receipts of dairy produce are increasing. Exports of cheese are good for this time of the year. Large quantities of freight continue to move thru this port. Collections are about as last reported.

Winnipeg reports say the frequent rains of the past week or two have given a much brighter outlook to the crop situation in all parts of the country, but they have acted against retail trade. Roads have been in bad shape and business seems to have fallen off slightly from what it was earlier in the year. Jobbers and manufacturers report orders rather less in number and volume, and they now have an opportunity to catch up with business that had been crowding them until the last week or so. Railroad traffic continues heavy. Money continues firm and in active demand. The banks are evidently already giving thought to what they will be called upon to do when the coming crop is ready for movement. It is reasonable to expect the crop will be much greater, than ever before, necessitating greater preparations for its financing.

Vancouver and Victoria reports say general business continues brisk. Wholesalers report excellent demands for general lines. Orders from upcoast points are coming in splendid volume and the outlook favors a brisk business for the balance of the season. Good shipments are being sent forward to the Yukon and other northern points. Provincial industries continue busily engaged. The shipping trade is also active. CMollections are generally fair to good.

$3.50 RECIPE FREE FOR WEAK MEN

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own home—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence, so that any man, anywhere, who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, upbuilder SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 3323 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain, ordinary envelope free of charge. A great many doctors would charge $3.00 to $5.00 for merely writing out a prescription like this, but I send it entirely free. 4tf
