dog that bit you. The tube will give im mediate and indirect relief to the great usiness. The company will be mak-Globe recommends-to exchange traf- the council. pany will be begging from the city, instead of the city begging from the

osking the people to wait five years for tubes. Better wait ten years, is, its illogical plea.

And as usual The Globe is wrong about the cost. The tubes will not cost the ratepayers a cent. Like the street car lines, they will be a source of revenue to the city, and they will enhance the value of property over the whole city.

The radial railway, which will use official organ will meet retribution at the tubes, will supply enough traffic alone, and in five years when the tubes are finished there will be a population in the north, ample, even without the radials, to make the tubes pay. With the radials and the regular traffic together the city will have a gold mine

> The Globe and its capitalistic friends with the street car system into the control of public ownership. There the rest. This attitude does not a can be no other reason for the bitter pear to be shared by representative opposition of The Globe, in spite of its will give relief to the congested traffic didates in Ward 7 are in favor of the of this rapidly growing city, and ef- tube, while in Ward 1, three are list fectively influence the street car com- ed for, with one neutral and one op pany in its flealings with the city for posed. the remaining years of the franchise. The Globe itself is opposed to the dea of purchasing the company's shares at 175 and the company will not

without misrepresentation or distortion authorized to solemnize the marriage cess of the bylaws, but when The Globe and The Telegram combine to them for information, it is not always certain that the facts will be ascertained in time.

The Telegram's extraordinary statement about the finances of North Torento is sumciently absurd to those reclaim nearly 100 acres? If this is so, who know the situation and the figures it might be well to call the attention of have been refuted before, but The Tele-ment in favor of the tubes. cessary properly to stigmatize it.

that the people of North Toronto will be done in Tannery Hollow would be pay nothing and the people of the city worth at least \$500,000 to the city. This should be deducted from the first cost proper, everything. The Telegram of the tubes.—Ed.] makes out its case. The editor seems to be proud of arguments of that sort. The fact is that in joining the city it There is another point. European is North Toronto which is assuming needs of the hour, in order to governments have not hitherto follow- the liability, as the per capita debt of the down town congestion, the most ed the United States interpretation of the city is \$5 greater than that of the immediate relief would undoubtedly the most favored nation clause and

tected countries will be the death sen- North Toronto added, among twelve up of the cars at Yonge and Queen, tected countries will be the death sentence of free trade in the United King- cities of similar size in the United wasting it is prodigality," we have States, Toronto would be fifth in pop- wasting it is prodiganty, we have Canadian newspapers that nominally ulation, next to San Francisco, but profit by our early education, and vote favor free trade are not by any means tenth in area, or equal to Indianapolis, so cock-sure as they once were about with 233,000 or a little more than half the defeat of tariff reform. They have our population. Toronto is unduly tried, convicted, killed and buried the congested and this is one of the causes

cause several times since Mr. Chamber- of the high cost of living.

The Telegram admits that 1st of January is to vote for the viastandard is still flying and never with surer hope of victory at no distant date. The Star, the other day, consoled itself with the reflection that Lord Robert Cecil's recent election showed Conservatives to be ready to showed Conservatives to be ready to ele t a free trader, apparently unaware that Lord Robert made his peace make. If that control is not exerted Rosedale, must take a car and transware that Lord Robert made his peace now, Toronto will have to meet the fer three times, whereas he could get with the tariff reformers in his constituency, retaining, however, his ob-

Above is the list of officers elected late yesterday afternion at the annual meeting of the Ontario Bar Association in Osgoode Hall. The election was quiet and passed off without surfice or contention.

The association declared for the establishment of a divorce court at Oitawa, by the Dominion Government, in which evidence and cases will be tried, as in a court of original jurisdiction. Copies of the resolution adopted will be forwarded to the powers that be a Ottawa, and the committee, which reported in tavor of the establishment of a Dominion court was strong at the meeting and the discussion waxed warm and emphatic. It was all the members in favor of the court could do to get the resolution adopted, and when this was done there was not time to go into the details concerning its organization.

"Lawyers should be no more concerned with divorce stan any other body of individuals," said M. F. Davidson, in declaring against the adoption of the resolution. "There is no outcry for a divorce court in Ontario. The report is most illegical. It assumes that any man may get a divorce who applies at Ottawa and pays down his money. It will be a grievous mistake if we commit ourselves on this question. I am absolutely sure there is no popular demand for a divorce court in Ontario. The report is most illegical.
