Story That Station is to be At King and Simcoe Has Stirred District Realty

Rumors, which in the last week have become decidedly clear cut, to the effect that the G. T. R. and C. P. R. are going to place the new station on the old government house property, have stirred a great deal of life into real estate for blocks around, especially on King street.

A real estate man, who is in touch with the railways, told The World yesterday that all the juggling the companies were doing was merely to add up other propositions while they were arranging to place their freight cases west of the government house. The scheme, he continued, was to lease work on the C. P. R.'s warehouse, tear down the Grand Trunk warehouse, which is still very light and inexpensive building, and move them both west of John street.

The fact that both companies have been very active in securing the land south of King street in the last three weeks lends some plausibility to the story. However, whether there be anything to the rumors or not, it has certainly stirred up property in the district and several sales look to be well on the way toward conclusion. Realty is unusually active for King, Adelaide and Richmond streets west of York; a district where there is always an insistent demand.

If the story was started, as one real estate man said after he had been asked what he had on his list in that district, to stir up property in some particular section, its effects have been greater than the promoters intended. Work on the C. P. R.'s warehouse has been proceeding in a very desultory way the last ten days. Yesterday not more than a dozen men were at work and they were removing forms from set concrete.

Five Floors C.P.R. Building Are Rented

Five floors of the C. P. R. building have been rented and the date of completion is still three months away. These floors are all to be firms, who have taken large allotments. Several applicants are in, but they have not been closed with by the agents, as it takes some time to adjust the various sized wants of the applicants. William H. Williams did not say so, it is understood that the method employed is to give the larger applicants, those who take a large section of a floor, first choice, and then fit the smaller space-wanters in. It is quite possible that the C. P. R. building will be entirely rented a month before completion, as almost half of the space the C. P. R. will rent is now taken.

BIG DEAL IN MONTREAL

MONTREAL, Oct. 10.—(Can. Press.)—For the property situated at the northwest corner of St. Francois Xavier and Notre Dame streets the Montreal Company paid \$164,145.38 this morning, or almost \$60 per square foot for the block of 2600 square feet.

OVERCROWDING IN THE SCHOOLS TRACES MOVES OF INDUSTRIAL

More Accommodation Needed for Pupils at King Edward and Parkdale Collegiate. Hotel Clerks Establish That He Was in Various Cities When Explosions Occurred.

At the meeting of the school management committee yesterday afternoon a delegation from King Edward School was present for the purpose of obtaining more accommodation for their pupils. The delegation asked for one additional room. After a short discussion, a sub-committee was appointed to look into the matter.

Complaint comes from the residents of Parkdale to the effect that they are unable to get their children into the Parkdale Collegiate Institute, owing to the number of pupils from outside places, who are attending the above school. A committee of one was appointed to confer with the principal of Parkdale School, to discover the number of outside pupils attending school and to see what could be done towards remedying the grievance of the Parkdale residents.

The transfer of Miss Isabel Goulet from Kent School to some other school on account of ill-health was allowed. The request of the Rainy Beach residents for a school more convenient in locality for their children will be looked into.

YORK COUNTY NORTH TORONTO NEW HIGH SCHOOL DEBT CAUSES TROUBLE

City Solicitor Claims That Unless City Assumes the Town's Sewage Debenture Liabilities, Special Legislation Will Be Needed to Bring About Annexation.

As a result of the two conferences between the officials of the city and the town of North Toronto with reference to the proposed annexation agreement, trouble has been caused because the town has issued sewage debentures to the amount of \$241,154.04 as a charge against the municipality, with no local assessment, whereas the water mains have been laid upon the local improvement system. In both cases the city's method is exactly the reverse and the city solicitor notified the board of control yesterday that if the city adopted the policy of converting these debts to conform with the city's system, special legislation must be secured before the annexation could take place. The board did not decide the question, but agreed to lay the situation before the city council at its next meeting.

tracks will be completed, and with the new grading makes one of the finest roadways in the province, and a credit to this city, growing town. Representatives from the five organized Bible classes of the town met at the home of Mr. C. S. McDonald on Tuesday evening, and decided to go ahead and make arrangements and perfect plans for the betterment of the conditions of the young men of the town; president, ex-Mayor Thompson; vice-president, Mr. W. W. Barclay was elected chairman, and Mr. James Cooper, secretary, who, two representatives from each class, will constitute the committee. It is the intention to begin with a monthly speaker, interested in the work among men, to be followed each month by addresses from outside talent. This is the commencement of a movement to get in touch with young men who have no church home, and ultimately to build a club-house for their use or perfect a Y.M.C.A. organization.

The Old Countrymen's Club met last night for the purpose of electing their officers for the ensuing year. The O.C.C. has become quite a factor in Brampton. They have secured larger quarters and intend to give new clubrooms over C. M. McCollum's store. A balance was left over from last year, which was granted as an honorarium to Secretary Akhurst. The following officers were elected: Patron, Mayor Duggan; president, ex-Mayor Thompson; vice-president, W. G. Peacock; secretary, Geo. Akhurst; treasurer, Miss Hodgson; committee, Messrs. Peacock, Bolton, Budd, Lilley, Smith, Stewart and Turner; auditors, Messrs. Nichols and Branscombe. Mrs. Brown and Miss Blaise Brown of Winnipeg are visiting with Mr. and Mrs. T. J. Mackie.
