A Factor in Canadian Life

T is probable that not a day goes by in which the I House of Eddy does not make life more comfortable and convenient for you. Eddy Products-Eddy Conveniences -are woven into the very fabric of Canadian life. You light the kitchen fire, or the gas-grate of a morning-or perhaps your pipe, and the comfortable glow springs from the end of an Eddy

### **Eddy's Products** are Products of Convenience

Eddy's Indurated Fibreware Pails, Washtubs and Washboards are widely used on the farm and in the cities. Your butter was shipped in an Eddy Butter Tub, which kept it free from taint or odor. Eddy Milk Pails play their part in keeping your supply clean and sweet. Your purchases from the store are sent home in Eddy Paper Bags, It is highly probable that the newspaper you are now reading is printed on paper which was made at Hull-by Eddy.

Eddy's Matches, Indurated Fibreware, Paper and Paper Specialties all contribute to make Canadian life more convenient. Since 1851 the House of Eddy has been bending its energies toward this one end.

Mr. Bryce told of enquiries made in different parts of the city, begin-ning with Earlscourt, in the course of which various real estate men had testified that for weeks they had not had a single house to rent, tho calls for rented houses were continually coming in. To facilitate the work the Dominion government has promised to advance \$25,000,000 for houses for workingmen, this to be advanced to municipalities, and fifteen per cent. of the cost of the house to be otherwise provided

The man who wants to buy a house nust provide \$300 down and pay \$18 or \$19 a month for twenty years. This will get him a six-roomed house with facilities for comfortable living. The speaker quoted a case of a house with ms advertised at \$27 a month, for which there were 42 applicants. An apartment house with four rooms was quoted as costing \$40 a month Under the terms of the proposed twenty years at less than half of \$40 a month by paying \$300 down. A. M.
