CIVIC EMPLOYEES RECEIVE BONUS

\$130 for One Year Granted to Meet Cost of Living.

Nearly 4000 civic employees receiving less than \$2500 a year will benefit by a bonus of \$130 each for one year, beginning Sept. 1. Civic abattoir and street railway employees having been already remunerated do not come under this head, but the measure does include firemen.
The total number of employees who will benefit is 3751 and the increase to the city's annual payroll will be \$514,743 for this year or \$464,230 for twelve months.
The controllers decided to hold a special meeting today to consider the recommendation.
Finance Commissioner Bradshaw recommended that heads of the various departments be constituted a permanent board to report upon a complete survey of the civic services, embracing classification, plan of promotion and remuneration, etc.; to receive, consider and report upon all applications for employment, promotion, increase in wages, etc.; to report upon a scheme of insurance and pension for civic employees, and to prepare and maintain a correct and accurate record of all civic employees.

WAR DECLARED BY ASSISTANT MASTERS

Blocking of Returned Soldiers by Management Committee Brings Trouble.

There will be a hot time, it is expected, at the board of education tonight. War has been declared by the public school assistant masters against the management committee.
Diplomatic relations are strained between the management committee and the head of public school inspectors.
The trouble, according to the assistant masters, is over sudden snap-shot tactics by the management committee on June 26, just before the summer vacation and last week just before the new school year began. The public school inspectors early in June made arrangements for the reinstatement of all the returned soldier principals at either their former schools or at schools equally desirable. The management committee refused to accept several of the recommendations and in consequence blocked the appointment of a returned soldier, H. J. Vallantyne, to the principalship of Dufferin school.
Three Days' Notice
The inspectors went off for their vacation but some of the trustees got busy, with a result that a proposal was made to fire the principal of Pope avenue school on three days' notice and give the school to Mr. Vallantyne.
The assistant masters assert that

One year in the Ontario Reformatory was the sentence Judge Morrison imposed yesterday on John Burcko, who pleaded guilty to a charge of having seduced his stepdaughter. The maximum penalty was two years, "I feel very strongly about this," said he, "but must not allow my feelings to lead me to impose too severe a sentence." Mr. Greer pointed out that the law had only been amended in 1917 to make this a criminal offence. The judge expressed the opinion that the penalty should be more severe.

THREE YEARS' SENTENCE FOR PASSING CHEQUES

At the criminal court yesterday morning Judge Morrison sentenced William J. Silk to three years in the penitentiary for passing worthless cheques. Harris. T. C. Robinson, K. C., made a strong appeal for clemency, but the judge held that the man had committed the crime deliberately, and there was no excuse for him.

SCHOOL OF COMMERCE RECOMMENDS VETERAN

At the regular monthly meeting of the advisory committee of the High School of Commerce yesterday, it was recommended that Frank A. Spence, another returned soldier-teacher, be appointed to the staff of the School of Commerce at his present salary, his appointment to date from September 1. Mr. Spence is at present on the staff of Kent Public School, but is not holding any position. The recommendation has yet to be confirmed by the board.
Like most public schools in the city, the School of Commerce has more pupils than it can comfortably accommodate, and a recommendation that room for 200 extra pupils be provided was also made.
The question of caterias for to provide refreshments for pupils who bring cold lunches for their noon-hour meal, and for pupils who live at long distances from the school, was also brought up. It was decided to carry on with the cafeteria established at the School of Commerce, and to later adopt a similar institution in other schools if practicable.
