The cars belonging to the Toront Railway Company seem to have a great liking for wishing to go where they are not wanted. They are evidently tired of the worn out rails, and prefer taking the pavement for theirs. Last night a King car going west one of those equipped with the new air brake, jumped the curve and left the track and went up Bathurst-street. None of the passengers suffered mor than a jolting, and a nervous shock. The car was running at a fair rate of speed, but the tracks were "greasy."
