### ROOSEVELT'S PLURALITY ONLY 20,000

Republicans Claim 19 Congressional Seats to 14 For the Democrats—News From the Eastern States Favors Republicans, While the South is Democratic as of Yore—The Far West Not Heard From to Any Extent.

About 10 o'clock last evening these bulletins arrived per Associated Press from New York:

The Evening Journal (Democratic) issues an extra conceding Roosevelt's election.

The Daily News (Democrat) practically concedes the election of Roosevelt.

The Evening World (Democrat) is out with an extra declaring that Roosevelt is elected.

Perhaps no former electoral contest in the United States excited so much interest in Toronto as that of yesterday. The World telephones were kept ringing constantly from about 5.30 till 11 p.m., everyone asking for returns. The election of Roosevelt was a surprise to many, but many others expected it and said, "I told you so!" While it may be conceded that national politics—principally the money question—had a good deal to do in the contest, the Chicago Inter-Ocean gave it out yesterday with no uncertain sound that the matter of sound money was the principal issue in Illinois, and it is safe to say that New York Republicans fought on the same line.

Yesterday's result, too, was important because the composition of the Senate of the United States was involved to a great extent, as shown below.

One circumstance that doubtless had considerable weight in the New York contest was that The Sun newspaper, hitherto Democratic, fought side by side with the conservative old Tribune for Republican principles.

#### WHAT THEY VOTED FOR.

The voters of all except three of the forty-five states—Maine, Vermont and Oregon—went to the polls. The forty-two states elected Congressmen. In Alabama, Arkansas, Georgia, North Carolina, Rhode Island, Virginia, Kentucky, Louisiana, Maryland, Mississippi and West Virginia only Congressmen were chosen.

Twenty-three states elected Legislatures, which will name United States Senators. These are California, Connecticut, Delaware, Florida, Indiana, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Jersey, North Dakota, Pennsylvania, Tennessee, Texas, Utah, Washington, Wyoming, Wisconsin and West Virginia.

The following states selected Governors and state officers: California, Colorado, Connecticut, Idaho, Indiana, Kansas, Michigan, Minnesota, Nebraska, New Jersey, New York, Nevada, New Hampshire, Massachusetts, North Dakota, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Wisconsin and Wyoming.

The others—Illinois, Iowa, Florida, Delaware, Missouri, Montana, Ohio, Utah and Washington—voted for treasurers, auditors or other minor state officials.

#### IT WAS A CLOSE THING.

The Battle in New York State Was One of the Hottest of Many Hot Political Battles.

New York, Nov. 8.—At 11 o'clock the indications were that Theodore Roosevelt, the Republican nominee, has carried the state by a plurality over Augustus Van Wyck of about 20,000. The total Republican vote when compared with that for Governor Black in 1893, of about 14 per cent. In the municipality of New York the old-time Democratic majority was approximated, Van Wyck's vote being about 80,000 greater than that of the Republican candidate. This latter result was

state are incomplete and in some cases are missing altogether. The indications, being computations upon the figures at hand, point to a Republican plurality in the counties above the Harlem of about 100,000, to offset which the Democrats can produce only the 80,000 plurality of Greater New York.

The soldier vote will not be counted until Dec. 1, but it is not likely that the ballots from the camps will materially alter the result. There would seem to be the greater probability that the majority for Roosevelt will be increased.

The figures on congressmen are not accessible at this hour, but there are indications that the Democrats have made some gains in New York city districts. Little is known as to the votes for the

THE VICTOR.

THE VANQUISHED.

Theodore Roosevelt is known as a man who walks around with a chip on his shoulder. Once in a fight, he fights to win, he is in politics or war. As commander of the Rough Riders in the Spanish war he showed bravery and has been idolized as "Tough Rider Teddy." He is a millionaire and a cowboy. He was Assistant Secretary of the Navy and has been often in print. He is a fire-brand, a versatile genius, a live, high-pressure man.

Augustus Van Wyck was a judge in the State Supreme Court and resigned to go into the political fight. He is a brother of the late Robert A. Van Wyck, Mayor of New York, who hob-nobbed with Croker and the Tammany party. He is a student of politics, rather than a politician. He was in the Navy and has been often in print. He is the Kipling of the book, but "Teddy" was the Kipling of the bayonet, and won

several senatorial and assemblyman. The Republicans had in the last legislature, a majority of 28 on joint ballot, and leaders of the party possess confidence that there will be no material diminution of that majority. A Republican Legislature will mean the election of a Republican to the United States Senate in place of Senator Murphy. Every condition was favorable to the polling of a full vote in all parts of the state. In this city there was no fulfillment of predictions of trouble at the polls. The state deputies, authorized by act of the last legislature, were most in evidence in the east side districts, where the cheap

Indemnities Returned Against Many Canadian Insurance Companies.

Ontario, Oct. 8.—The Grand Jury of Keaton County, Ky., sitting in Covington, Ky., to-day returned indictments against 33 of the leading fire insurance companies of the United States, Canada and England. The indictments charge that the companies have formed an unlawful pool to prevent free competition among all insurance companies, and their agents doing business in Covington, and thus extort a greater premium rate than otherwise would have to be paid.

#### LT.-COL. STRAUBENZIE DEAD

The Aged and Popular Officer Succumbed After a Long Illness.

Disease of the Liver, Brought on by Exposure While Doing Military Duty in India—Was With Wolsley in the Red River Expedition of 1870—Also Went to the Northwest in 1885.

Kingston, Ont., Nov. 8.—Lieut.-Col. Straubenzie, formerly D.O.C. of Military District No. 4, died this evening from an attack of pneumonia. He saw service in India, and was an imperial officer for years. His family reside here, and two sons are military officers—one being an attached officer of the Royal Military College, and the other connected with the Imperial forces. Both sons are graduates of the same institution. Col. Straubenzie was in the Red River expedition of 1870, and later, in 1885, went to the Northwest. For a number of years back he has been a retired, but a most popular, officer. Lieut.-Col. Straubenzie was a liver affection, contracted while engaged in military duties in India and China.

#### THE TRUCE OF THE EAGLE.

I'm writing this here in the old drill hall, which was built by the people to shade our brave volunteers, who were called out to fight—the time of the Fenian Raid. I've been reading the trace of the Bear, and I fancy it's perfectly legal. For me to express with considerable stress, that I doubt the truce of the Eagle!

#### EMPEROR WILLIAM DISPLEASED

Byront, Syria, Nov. 8.—Emperor William is much displeased over several jarring incidents of his trip to Jerusalem.

#### REVIEWED THE TURKISH GARRISON.

Damasus, Nov. 8.—The visit of Emperor William and the Empress Augusta Victoria to Damasus has proved most successful and interesting. Their Majesties have visited the principal sights. This afternoon Emperor William reviewed 6000 men of the Turkish garrison, the review ending with a picturesque fantasia by Bedouin mounted on horses and camels.

#### THE WELFARE OF THE COMMUNITY.

The welfare of the community demands that every man should take the necessary steps to see that full provision is made for his family in case of his death. If you have not done so, write for the set of pamphlets, published by the Confederation Life Association, Toronto, which gives full particulars of the different plans of insurance, among others, of a plan by which you can fully protect your wife and family and at the same time save money to be used by yourself in your old age, should you survive.

#### SOUVENIR PRICES PRELIMINARY.

Souvenir prices prevailed at Grand's yesterday when the stable outfit belonging to the estate of the late D'Alton McCarthy was auctioned off by Walter Harland Smith. It was the largest sale of the kind for years, and reflects credit on the Trust Corporation of Ontario, the executors, who handled the sale.

## CABLE NEWS IS SCANTY

### Rumor Again Revived That Britain Intends to Take Charge of Egypt—London Times on the Doings of the Peace Commission—Emperor William in the Holy Land—Other Items.

Again this morning cable news is somewhat scanty. Again the suggestion is revived that Great Britain is getting ready to take hold of Egypt, and it is said none of the powers except France would raise objection. A majority of the British Cabinet is said to favor such a proceeding.

The London Times makes comments on the attitude of the United States in regard to the Philippines, and says that Uncle Sam has gone so far that he cannot now recede. Then The Thunderer criticizes the American policy regarding Porto Rico.

The Emperor of Germany continues making himself agreeable to people in the Holy Land.

#### THE PEACE COMMISSION.

Their Sitting Yesterday Will in No Way Modify the Spanish-American Situation.

Paris, Nov. 8.—The Gaulois this morning, referring to today's sitting of the Peace Commission, says it will in no way modify the Spanish-American situation, "as the American commissioners have orders to await further instructions from Washington."

The Gaulois then says those instructions will depend upon the results of the elections, which the paper mentioned thinks will be favorable to the Republicans, adding: "The American Government will eventually recognize that peculiar compensation is due to Spain for the evacuation of the Philippine Islands and the negotiations will continue and be brought to satisfactory conclusion in a friendly spirit."

#### CANNOT RETREAT NOW.

The United States Has Gone So Far on the Philippine Question That No Back Step is Possible.

London, Nov. 9.—The Times says this morning: "Whatever with the United States, the Administration has gone too far to retreat on the Philippine question. The American reply may perhaps modify the original proposal, but there is no doubt the main demand will be pressed to a successful conclusion."

"It is impossible not to feel sympathy with Spain, and we trust that, on the financial side, the Americans will show themselves generous towards a fallen enemy."

After expressing satisfaction that "fructu misunderstanding will be avoided by the immediate adoption of a solution, which was ultimately inevitable," The Times says:

"We trust that America has learned to appreciate the fact that commercial restriction and imperial expansion do not thrive together. But it must be confessed that our sympathy with the Americans in their new course suffers a great strain by the regulation of trade at Porto Rico, which reads as if borrowed from the British Navigation Acts, which the Americans found so oppressive."

#### ADDED TO HIS CRIMES.

He Started to Carry the French Hand-Grip Across Africa and Now the Whole Game is Up.

Cairo, Nov. 8.—Major Marchand, in a speech delivered at the French Club last night, expressed great sorrow over the abandonment of Fashoda. His expedition, he said, had started to carry the French hand grip across Africa to the French of Egypt, who, if few today, would be numerous to-morrow, forgetting nothing and abandoning nothing.

#### A RUN WITH THE HOUNDS.

There was a good turnout of the Hunt Club yesterday, the meeting being at Rosedale. About 55 in the saddle were given a lively chase to the north, crossing the Don several times, finishing up at Davisville. Mr. Osborne was shaken up with a spill, but not seriously injured.

There were a few more of getting a cigar from a blue label bag.

#### REVIEWED THE TURKISH GARRISON.

Damasus, Nov. 8.—The visit of Emperor William and the Empress Augusta Victoria to Damasus has proved most successful and interesting. Their Majesties have visited the principal sights. This afternoon Emperor William reviewed 6000 men of the Turkish garrison, the review ending with a picturesque fantasia by Bedouin mounted on horses and camels.

This evening a grand banquet was given in the Emperor's honor. The city was brilliantly illuminated, and the streets and squares were filled with enthusiastic crowds.

Emperor William has telegraphed to the Sultan an expression of his great gratification at the cordiality of the welcome.

#### STEAD ON THE CZAR.

A Wide Grasp of an Immense Range of Facts and a Remarkable Memory.

London, Nov. 8.—W. T. Stead, writing to The Daily News from Sebastopol, after having had an interview with the Czar at Livadia, reiterates his conviction of the earnestness and sincerity of the Czar's purpose in proposing disarmament.

Mr. Stead says it is impossible to repeat the conversation, but he adds: "But my opinion is summed up in a remark which I made to a princess of the court, who, meeting me, as I was leaving, asked me: 'Well, what is your opinion?' I replied simply: 'I thank God for him. If he is spared to Russia, that young man will go far.'"

Mr. Stead adds that he found the Czar
