

HOUSING COMMISSION ORGANIZED AT GUELPH

GUELPH, April 8.—At its regular meeting today the Guelph Housing Commission organized for the year, D. M. Sanson being elected chairman, C. J. Yates, secretary. Three tenders were received for the construction of twenty houses each, all from local parties. The tenders average from \$3,000 to \$4,000, but the commission will not come to any decision until the figures have been fully analyzed.

DRAWING RIVER FOR BODY OF F. BONDY

WINDSOR, April 8.—Tugs are dragging the Detroit River today for the body of Fred Bondy, a young Sandwich man who was accidentally drowned two weeks ago. Bondy was rowing up the river from Fighting Island, when his rowboat capsized. Charles Meloche, who accompanied him, swam to safety, but Bondy was unable to swim and was drowned. He leaves a widow and three children.

FORM FEDERATION OF TEACHERS TO GET SALARY INCREASES

The Public School Members Launch New Body.

TORONTO, April 8.—The outstanding feature of the annual convention of the Ontario Educational Association, which closed today, was the formation of a federation for the avowed purpose of securing salary increases for public school teachers. Charles G. Fraser of this city, secretary of the new organization, gave an address in the public school section of the association this afternoon on "How to Conduct a Salary Campaign." He expressed a belief that the trustees would respond to the movement and pay better salaries, but declared: "If they do not want us to form a labor union and threaten to strike they should do the fair thing without compulsion." W. J. Robb of St. Thomas criticized country school trustees for not attending the convention. "There are 20,000 trustees," he said, "but we see only about 40 here year by year." Mr. Robb said he thought there were too many trustees. In view of the large number of mental defectives in the schools, the public school section passed a resolution to the effect that before people are allowed to marry they should be obliged to present certificates showing that they are physically and mentally fit. In a spirited address to the male teachers, the president, Martin Kerr, declared that ten years would be lost if the teachers of all grades did not this year organize their federation for "financial protection" to be incorporated under the laws of Canada. These remarks were greeted with practically unanimous approval.

AUSTRALIAN BISHOP MAY BE CARDINAL

WARSAW, April 8.—The constitutional commission of the Diet adopted a resolution recently providing that to be eligible to the presidency of the Polish Republic, a candidate must be of Polish nationality, at least 40 years old, and Roman Catholic or Protestant in religion. The commission began its task of framing the Polish constitution nearly a year ago.

RESOLUTION OF PEACE LIKELY TO PASS SENATE

Note On Limiting Debate Forecasts Victory For Republicans.

WASHINGTON, D. C., April 8.—The peace resolution had passed the halfway mark on its way through the House when echoes of the storm of oratory and debate it provoked died away tonight. For six hours it was the centre of discussion on the floor, yet no one questioned that it would be adopted. The final vote will come late tomorrow. There was a vote today on adoption of the special rule limiting debate and preventing amendment of the resolution as drawn by the committee on foreign affairs. The rule was carried 214 to 155, seven Democrats joining the Republicans in its support, and one Republican opposing it. This was taken to indicate action on the resolution itself, but Republican leaders said more Democrats would join them on the final vote.

The November elections figured almost as prominently in the debate as did the international situation, war-time legislation, or even President Wilson's share in the treaty fight. A statement made by Representative Pott, Democrat, North Carolina, that the president had been without personal participation in his action, brought a roar of laughter from the Republican side. It was echoed from the Democratic side a moment later, when, to support charges of partisan purposes, Representative Montague, Democrat, Virginia, charged that the president had been without personal participation in his action.

Challenged Right. On the technical side of the discussion, the Democrats repeatedly challenged the constitutional right of the Congress to pass such legislation, insisting it was a contemplated invasion of the treaty-making powers conferred on the executive branch and the Senate. Historical and legal precedents were marshalled to support this view and the writings of authorities on international law quoted at length. The Republicans quoted other authorities and precedents and explained that all that was sought was legally to end a war that had in fact ended long ago. The treaty-making powers were not affected, they insisted, and a formal treaty with Germany could be drawn and ratified as provided by the constitution.

SAYS DECREASE IN RURAL POPULATION 16,000 PER ANNUM

Secretary of United Farmers Tells of Problems to Be Solved.

GUELPH, April 8.—J. J. Morrison, secretary of the United Farmers of Ontario, speaking at the O. A. C. this afternoon before the members of the senior class, dealt with the organization of farmers from its inception to the present, and referred to many of the problems which are confronting them today. Dr. Creelman occupied the chair. A strong attack was made by the U. F. O. secretary on the system of watering stocks, railways and large industrial concerns being insisted where the consumers were forced to create dividends, while the farmer, who is a producer solely, has no watered stock. He doesn't begin to get the actual value for his farm if he sells. He declared paying dividends on watered stock is a gross injustice to the agricultural industry. Agriculture was in a bad way, and must be put right. People who work and raise large families, he said, are frowned upon. He considered this a tendency to penalize the man who raises a family. The population must increase, or lose the race. Mr. Morrison declared the rural depopulation, which was altogether wrong, and the U. F. O. was going to find the remedy. He went on to state that the debt of the rural population was only \$2, but that of the urban population was \$50 to \$100 per capita. The decrease in the rural population of Ontario was 16,000 per year, while the increase in the urban population was 25,000 per year. These were facts which must be faced. The agriculturists have not developed with the commercialists. "In order to cure some of these conditions the laws of nature must be obeyed," he said. "We must have a cost of production and also the cost of distribution. One way to lessen the cost of production is to give the producer all the implements of production at the least possible cost, and the way to do this is to lift the tariff. The extravagance of city living must also be lessened."

DR. CREELMAN TO BE AGENT GENERAL

TORONTO, April 8.—Important changes in the office of the Ontario agent-general in London, England, and in the Ontario Agricultural College at Guelph, were officially announced by Hon. Manning Doherty, minister of agriculture. Today General Manning Sims, agent-general in London, has resigned office, and will be succeeded by Dr. G. C. Creelman, president of Guelph Agricultural College, on July 1. Dr. Creelman will be succeeded at Guelph by Dr. J. H. Reynolds, B.A., now president of Manitoba Agricultural College. General Manning Sims has been agent-general in London since the death of Mr. J. H. Reid in 1918. Early in 1919, however, he asked to be relieved of his duties. Dr. Creelman has been president of the O. A. C. for many years, and for a time held the post of commissioner of agriculture in addition.

SICK HEADACHES CONSTIPATION

If you have suffered from constipation for years, tried doctors and all the remedies you ever heard of or read of, without getting relief, if you have been subject to all the miseries associated with constipation, such as sick and bilious headaches, biliousness, specks floating before the eyes, water brash, heartburn, jaundice, and the painful trouble some, internal, bleeding or protruding piles, etc., wouldn't you consider it a blessing to be able to keep the bowels in a good healthy condition and prevent disease getting a foothold on your system.

Milburn's Laxa-Liver Pills are indicated just for this purpose, their regular use relieving the worst cases of constipation. Mrs. Malcolm McDermid, Cranston Station, N. S., writes: "I have been sick for a number of years with sick headaches and constipation. I tried all kinds of doctor's medicine, but none did me any good. I tried Milburn's Laxa-Liver Pills, and after using four vials I am completely cured, and would heartily recommend them to all sufferers."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

GRAFTON & CO., LIMITED

CANADA'S LEADING CLOTHING MANUFACTURERS.

Marvelous Drop In Prices

Fine All-Wool Blue Serges, unlimited choice of Cashmeres, Cheviots, Tweeds and Worsteds. The suits have nowhere among them a single undesirable pattern or weave. The serges are true blue; the others are in stripes, inconspicuous checks, Oxford greys, browns and green. Every suit hand finished by expert tailors in our own large sanitary factory, and sold directly to you, with one small profit above cost of making, which means a substantial saving to you of from \$4.00 to \$12.00 on every suit.

Our Great Boys' Dept.

Boys' Suits, special values. Excellently tailored, strongly trimmed, tastily styled. Such suits as only Grafton & Co. with 67 years' experience in clothes making can produce.

\$5.98, \$6.98, \$7.98, \$8.98, \$9.98 UP TO \$20.00

Novelty Suits for little boys. Just the right kind and exclusive styles. Made only by Grafton & Co. Your boy will look just right in one of them. Call in and try one on.

\$3.98, \$4.98, \$5.98, \$6.98 UP TO \$15.00

Beautiful designs and colors. Regular \$10.00 values, for \$6.98

Men's Fine Dress Shirts

We call attention to this particular line worth \$3.00 because the material is of much finer quality than is usual at this price. Special \$1.98

GRAFTON & CO., LTD.

158 Dundas Street Jos. F. Hickey, Mgr.

by Dr. G. C. Creelman, president of Guelph Agricultural College, on July 1. Dr. Creelman will be succeeded at Guelph by Dr. J. H. Reynolds, B.A., now president of Manitoba Agricultural College. General Manning Sims has been agent-general in London since the death of Mr. J. H. Reid in 1918. Early in 1919, however, he asked to be relieved of his duties. Dr. Creelman has been president of the O. A. C. for many years, and for a time held the post of commissioner of agriculture in addition.

NEW Y. W. C. A. BUILDING PROPOSED AT STRATFORD

STRATFORD, April 8.—Plans for the erection of a new Y. W. C. A. building are under way. The board of directors having taken the question under consideration. It has been felt for quite a long time that the work of the association has been greatly hampered because of inadequate facilities. To meet the needs of the city an adequate and well equipped gymnasium, a swimming pool and club rooms for young women are necessary. Mrs. J. C. Makins, past president of the women's auxiliary of the G. W. V. A. was presented with the Auxiliary's jewel at the regular meeting of the auxiliary. The badge is the first of its kind to be presented in Canada. The action of the City of Stratford against the Ontario Asphalt Block Company of Windsor and the United States Fidelity and Guarantee Company is slated for hearing at the spring non-jury sittings on April 12. The action is for \$3,500 from the latter, and damages of \$40,000 for quality and condition of asphalt pavement here. Three other cases are set down.

MYSTERY SOLDIER MAY BE TAKEN TO BRANTFORD SHORTLY

BRANTFORD, April 8.—As yet the identity of "Frank Hall" is unsolved. One woman called at the office of Secretary Geo. MacDonald of the Soldiers' Aid Commission to state that she believed him to be her cousin, reported killed. His name was not Hall, but he married a girl named Hall and this may have confused his memory. Inquiries have been made by five other people, but no definite information could be given or secured. There is no house at 82 Brant avenue, given as his address, and it is suggested that he be brought to Brantford in an effort to stir his memory. A suggestion has been made to Brantford City and Brant County by Hon. F. C. Biggs that the Brantford-Hamilton road be made 30 in place of 24 feet wide, and that proper ditches and curbs be constructed at the start. It is thought that the changes proposed will be accepted. Governor Jones of the county jail reports that it costs an average of 18 cents a day to feed the 40 prisoners who were his guests for the first quarter of the year. The garbage collectors are now asking that they be supplied with uniforms from the city treasury the same as the policemen and firemen. They

are asking for overall outfits, however, not serge suits. The hydro-electric commission has been asked by the trades and labor council to explain how it is that while manufacturers can get new or additional supplies of power, domestic consumers cannot get any. No electric ranges can be installed on account of connections with hydro power being forbidden. The chairman of the commission will be asked to address the council on the matter. W. H. Torrance, for a number of years accountant of the Royal Bank here, has been appointed manager of the Watertown branch and will report shortly. He will be succeeded by C. East now at Bowmanville. LOCAL TEMPERATURES. The highest and lowest temperatures recorded in London for the twelve hours previous to 8 o'clock last night were: Highest, 29; lowest, 18.

BRANTFORD, April 8.—As yet the identity of "Frank Hall" is unsolved. One woman called at the office of Secretary Geo. MacDonald of the Soldiers' Aid Commission to state that she believed him to be her cousin, reported killed. His name was not Hall, but he married a girl named Hall and this may have confused his memory. Inquiries have been made by five other people, but no definite information could be given or secured. There is no house at 82 Brant avenue, given as his address, and it is suggested that he be brought to Brantford in an effort to stir his memory. A suggestion has been made to Brantford City and Brant County by Hon. F. C. Biggs that the Brantford-Hamilton road be made 30 in place of 24 feet wide, and that proper ditches and curbs be constructed at the start. It is thought that the changes proposed will be accepted. Governor Jones of the county jail reports that it costs an average of 18 cents a day to feed the 40 prisoners who were his guests for the first quarter of the year. The garbage collectors are now asking that they be supplied with uniforms from the city treasury the same as the policemen and firemen. They

are asking for overall outfits, however, not serge suits. The hydro-electric commission has been asked by the trades and labor council to explain how it is that while manufacturers can get new or additional supplies of power, domestic consumers cannot get any. No electric ranges can be installed on account of connections with hydro power being forbidden. The chairman of the commission will be asked to address the council on the matter. W. H. Torrance, for a number of years accountant of the Royal Bank here, has been appointed manager of the Watertown branch and will report shortly. He will be succeeded by C. East now at Bowmanville. LOCAL TEMPERATURES. The highest and lowest temperatures recorded in London for the twelve hours previous to 8 o'clock last night were: Highest, 29; lowest, 18.

Thought That Visit May Help To Stimulate His Memory.
