HAMILTON, Oct. 25.—A plucky woman is Mrs. William Barr of Vine Mount, Ont. Two Italians had gained access to the Barr residence on the pretence that they wished to use the telephone, and had cut the telephone wires, and with a revolver pointed at Mr. Barr's head were proceeding to rob him of his money, when Mrs. Barr went to her husband's assistance. The combined attack of husband and wife proved too much for the would-be robbers, and they were forced to beat a hasty retreat without having secured any booty.

COMMON ASSAULT JURY'S VERDICT IN TRIBE VS. POLLOCK

Fall Assizes Opened At St. Thomas Docket Is Small.

JAIL BREAKING CASES

Several Serious Charges Laid Against Roberts and Chappelle.

ST. THOMAS, Oct. 25.—The list of civil cases to be heard by Justice Rose at the fall assizes, which opened this afternoon, was unusually light, there being only two new actions entered and one brought over from last assizes.

Before the business on the docket was proceeded with, an application was made by Sheriff London, through his counsel, for an interpleader order in the suit of the Royal Bank of Canada against the estate of W. B. Shields and John J. Shields of Brooke, Leamington County, and Annie C. Shields, the Royal Bank, one of the respondents named, and Annie C. Shields, the claimant, denied that certain goods and chattels seized and taken into execution by the sheriff of Middlesex in a judgment recovered by the Royal Bank in an action brought against the London and Western Trust Company, administrator of the estate of W. B. Shields and John J. Shields, His lordship postponed the trial until the next morning sitting of St. Thomas, the sheriff to remain in possession and not to sell in the meantime.

King vs. Pollock. A true bill was returned by the grand jury of which ex-Mayor Chant is foreman, against W. Pollock for an assault against and wounding of Reuben Tribe of Bayham about a week ago. The hearing developed no sensation, nor did the assault result in any serious marks being left on Mr. Tribe. So far as the evidence was given by his daughter, Tribe received a couple of blows on the side of the face. He afterwards dressed himself and went to see a doctor. Since then the old gentleman is as hale and hearty as ever, and the doctor who attended him testified as to his present health condition. The row arose over the comparatively young wife of Tribe, whom Tribe found fault with for being too often in Pollock's company. Tribe is about 80 years old and has made three ventures in the matrimonial market, with a record of being the father of 27 children.

Pollock denied having beaten the old gentleman, as alleged, but the jury, after being out for a short time, brought in a verdict of guilty of common assault.

Rex vs. Roberts. True bills were returned against Roberts on a charge of wounding Turnkey Grant in an attempt to get him out of prison and for attempting to escape from jail a couple of weeks ago. Half a dozen serious charges have been returned against Roberts and Hanley Chappelle. The criminal list will take up the better part of the week.

I'm here to stay in spite of this campaign of intimidation that is being waged against me. I have no definite suspicion against anyone, but I'll leave it to the people to judge for themselves. I am not a member of the church, but I am a member of the community. The attempt to wreck the boat was made while it was undergoing repairs at a Detroit drydock after having been badly damaged on the first night it was placed in use. IRISH SYMPATHIZERS LAY MURDER CHARGE AGAINST BRITISH GOVT.

More Than Ten Thousand Attend Mass Meetings in New York.

NEW YORK, Oct. 25.—Irish sympathizers numbering more than ten thousand attended mass meetings here tonight, protesting against what they termed the "murder by the Imperialistic Government of Great Britain" of Lord Mayor Terence MacSwiney of Cork.

Flags of the Irish Republic and of the United States and buttons bearing the photograph of Mayor MacSwiney were distributed in the crowd, which boomed the "Irish Republic" and "No British Rule in Ireland." The Irish Republic was greeted with prolonged applause. A young man in the crowd said he was an Englishman and belittled remarks made by one of the speakers, and was severely beaten before he was rescued by policemen.

Resolutions adopted by the Friends of Irish Freedom in another meeting protested against the "murder in Brixton" of Lord Mayor Terence MacSwiney. They declared: "We charge Lloyd George with the commission of this most heinous crime."

O'Connor concerning public charges that servants of the crown were wounding or shooting men in Ireland, said he had no convincing evidence of such things taking place, but he would make inquiries.

Mr. O'Connor had referred to a reported speech of Governor Cox, the Democratic presidential candidate, in the United States, denouncing Irish-American soldiers in Ireland. Sir Hamar said he had seen the alleged speech and that Governor Cox obviously had obtained his information from those hostile to the British Empire and to Anglo-Irish relations. The chief secretary added that he did not believe the world accepted the malignant untruths suggested in Mr. O'Connor's question.

GOVT. IS BEATEN. LONDON, Oct. 25.—(By Canadian Associated Press.)—Comments in the London press on the death of Terence MacSwiney, lord mayor of Cork, whose death in Brixton jail was reported today following 74 days of hunger-strike, are as follows this evening: Evening Standard (Coalitionist)—"In contempt of nature and in defiance of his own priests, the lord mayor perished in his design of suicide. The responsibility is his, so far as it does not lie with those who gave him countenance. It cannot be said in any measure to rest with the Government, who merely declared that under no circumstances could he be released. His death was as truly a case of self-murder as if he had opened a vein on the top of his head."

Westminster Gazette (Independent Liberal)—"The Government may urge a thousand reasons to prove it could do nothing but what it did do. Nevertheless it has been beaten by Lord Mayor MacSwiney. Englishmen have never failed in generous respect for those who resist them to the death."

They know that the death of this man is no victory for them."

You Can't Escape

Tooth troubles if you leave a film

All statements approved by authorities

You should try this new method of teeth cleaning. Try it ten days without cost. It combats the film which dims the teeth and causes most tooth troubles.

See and feel the results. To millions they are bringing cleaner, safer, whiter teeth.

The tooth wrecker

Film is the great tooth wrecker. A viscous film clings to the teeth, enters crevices and stays. The ordinary tooth paste does not end it. Old ways of brushing leave much of it intact. And very few people have escaped the troubles which it causes.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea—a disease now alarmingly common.

A new dental era

Dental science has now found ways to combat that film. The methods have been amply proved by years of careful tests. Now millions employ them. Leading dentists everywhere advise them.

The methods are combined in a dentifrice called Pepsodent. And, to let all know how much it means, a ten-day tube is being sent to all who ask.

Five desired effects

Pepsodent brings five desired effects. It combats the teeth's great enemies as nothing has done before.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva, to digest starch deposits that cling. The saliva's alkalinity is multiplied also. That to neutralize the acids which cause tooth decay.

Two factors directly attack the film. One of them keeps teeth so highly polished that film cannot easily adhere. Every application repeats these results.

Send the coupon for the 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

What you see and feel will be a revelation and the book we send will explain how each effect is natural and necessary. It is important that you know this. Cut out the coupon now.
