R. BROUGHTON
Hamilton Stamp & Stencil; Works,
Hamilton, Ont. W. J. MACDONALD, M.D. St. Catharines, Ont. JAMES M. ANDERSON Ex-Crown Timber Agt., Sutton W., Ont.

This Company Holds 22 Timber Berths, Aggregating 52 square miles (33,283 Acres), All Carefully Selected, Containing Over 800,000,-000 Feet of Finest Timber, Bought by this Company at the Exceptionally Low Figure of 26c per 1000 Feet.

All of this timber is located in the Willow River District on solid level ground, lies close beside good water for logging, and is mostly White Spruce of a superior quality. It aferages 30 inches in diameter and ranges from 90 to 160 feet high. The limbs commence half way up. There is some good tail Pine and Balsam. The Grand Trunk Pacific and the Canadian Northern surveys both cross the Willow River lower down than our limits.

The limits were cruised by James A. Anderson of Sutton West, an Ex-Crown Timber Agent, and the company has on fyle at its office a number of letters from some of the most prominent business men in Canada in recommendation of his capability and integrity, and from settlers in the Cariboo District verifying his report of the timber.

The company has also issued in pamphlet form the report (dated Oct. 31, 1908), of Mr. H. P. BELL, M.I.C.E., member Am. Soc. C. E., at present the Superintending Engineer on the Government Staff on the Trent Valley Canal at Campbellford, Ont., who was employed by the British Columbia Government in 1874-5-6 to make a survey up the Willow River Valley for the proposed route of the British Pacific Railway, and who cut the Government Pack-trails through the Willow River District in 1895. His report substantiates Mr. Anderson's in every detail, and in view of Mr. Bell's pre-eminence among the Civil Engineers of America, among whom there is no higher authority on the topography of the Cariboo District, his report will be universally accepted as being entirely correct. Mr. Bell was recommended to this company by Mr. Collingwood Schreiber, Consulting Engineer to the Dominion Government, and Chief Engineer of the Western Division of the National Transcontinental Rallway.

GOOD TIMBER well located, is the safest and best investment in the world to-day.

The C.P.R. holds several limits in British Columbia, and after reserving the best, is selling the second-class timber at \$2.00 per 1000 feet on the stump. If we sell our selected timber at the same figure in three years, on a basis of \$224,000 paid up capital,

Each \$100 Invested To-day at par Will Bring a Return of \$722.52

This is not exaggerated; \$2.00 per thousand for good timber is a ridiculously low price. In Ontario Spruce is now worth from \$7 to \$9 per thousand feet on the stump and is rapidly increasing in value.

The Company Has Reserved \$36,000 of Treasury Stock to Provide for Future **Covernment License Fees.**

Each Share of Stock Represents 315.600 Feet of Timber. A Limited Number of Shares is Now

Offered at Its Par Value. \$100 Per Share on Time; Cash Per Share, \$97,50.

TERMS-Cash : 5 per cent. discount on onehalf the amount subscribed; Time 25 per cent. cash, 25 per cent. on December 10, 1908, balance by May 10, 1909.

Copies of Prospectus, containing Maps of the District and disposition of the berths and report of GOV. ENGINEER H. P. BELL supplied on application. For further information and subscription blanks, address

AMERICAN THANKSGIVING CAUSES QUIET MARKET

Winnipeg Futures Close Higher and Liverpool Cables Are Steady to Firm.

World Office,
Thursday Eevening, Nov. 26.
The American Thanksgiving holiday caused a quiet market to-day in grain futures.
Liverpool cables were steady, and December Winnipeg closed 4c higher than yesterday, and November closed 4c higher, while May closed 4c higher. Winnipeg car lots of wheat fo-day, 618; against 303 this day last year.

ST. LAWRENCE MARKET.

Receipts of farm produce were 2100 bushels of grain, 25 loads of hay, two loads of straw and a few dressed hogs.

Wheat—Three hundred bushels sold as follows: One hundred bushels fall at 94c, 200 bushels goose at 91c.

Barley—Eight hundred bushels sold at 53c to 59c.

Oats—One thousand bushels sold at 44c to 45c. to 45c.

Hay-Twenty-five loads sold at \$13 to \$14 for No. 1 timothy, and No. 2 mixed hay, \$8 to \$10 per ton.

Straw-Two loads sold at \$14 to \$15 for ressed hogs-Market dull for dressed Dressed hogs—Market dull for dressed hogs, owing to mild weather; prices were easy at \$8.50 to \$8.75 per cwt.
Poultry—Receipts at wholesale houses have been liberal, with little change in prices. Choice lots of poultry are scarce.
Butter—Receipts have been liberal. The quality of a lot of butter has not been good, much of it tasting of turnips, and some of the choicest creamery brands are tainted the same way.

Figgs—Some of the eggs being sold as

Windsor Dairy Salt -the Butter-Salts makers' thorfavouroughly. ite. No lumps 162

Lorne Park has been sold for \$60,000 to a syndicate, which will make it a resort for a new auto and motor boat and county club. Membership will be

limited to 300.

The committee interested in the dea consists of W. H. Travers, general manager of the Farmers' Bank; Richard Cowan, stock broker; Chevalier J. Enoch Thompson, C. W. Defoe and Lt.-Col. C. Greville Harston, together with four others to be selected from among the new members.

LORNE PARK FOR CLUBHOUSE

Syndicate Secure the Property for

The Willow River Timber Company.

The present prices of lumber makes the prospect before a company that has control of a number of good timber berths a bright one. There is no new company in Canada to-day that has a brighter prospect before it than has the Willow River Timber Company. This company controls fifty-two of the best timber berths at present existing in British Columbia. The facilities for getting the timber to good markets is all that could be desired and with the west growing in sired, and with the west growing in population at the present rapid rate a good market is assured. With the present directorate investors may feel sure that the affairs of the company will be conducted in a thoroly businesslike manner, and that everything will be done as far as possible to give the shareholders a good return for their investment.

Rosedale Golf Club Gets License. The board of license commissioners yesterday offered no opposition to the request of the Rosedale Golf Club for a city license, as they are now inside the limits, owing to the recent annexa-

tion proceedings.

Nothing was done in regard to the Gladstone Hotel 'license transfer, as Frederick Smith, the applicant, was not present. This will likely be taken up at a meeting on Dec. 10.

The Palmer House transfer from the late James C. Palmer to his son, Chas-Bothwell Palmer, has been granted, subject to the probation of the will.
