CANADIANS CHEERFUL

IN THE FACE OF PAIN

Ad Club Hears Interesting Address From Regular Visitor to Soldiers in British Hospitals.

At their regular weekly luncheon at the St. Charles Hotel yesterday, the Advertising Club were given an exceedingly interesting glimpse into the work being done amongst Canadian soldiers in British hospitals. The speaker of the day was Major Joseph Clark, deputy agent-general for the Ontario Government in London, England. For some months Major Clark has been performing a most grateful task in continuously visiting Canadian wounded in England, on behalf of the provincial government. He has come into close personal touch with thousands of them and has evidently established between them and himself a strong bond of the most personal friendship, not only on account of how he has been able to brighten their period of convalescence thru his position as representative of the government, but also on account of the warm personal regard, to use no stronger word, he appeared to have for all of them.

Major Clark told story after story, illustrating the splendid cheerfulness of the men in the face of pain and mutilation. He said that England was nobly befriending these men and his whole address culminated in an earnest appeal that when the boys came home the people of Canada should befriend them no less heartily.

Capt. Fox, adjutant-general of the Canadian hospital at Orpington, briefly described that great institution with its thousand beds. He explained some of the difficulties that had to be faced supplying it with food, and himself touched on the fact that its accommodation is to be doubled in size.

UPSETS RULING OF COURT OF REVISION

Judge Winchester Restores Business Assessments on Twelve Hotels.

Judge Winchester, yesterday, upset the ruling of the court of revision, which canceled all hotel business assessments. Altogether 12 hotels had their business assessments restored, while in the case of the King Edward, Queen's and St. Charles' Hotels, judgment was reserved until Dec. 11, at the request of their solicitors.

The hotels having their business assessments restored, are: Monson's, \$31,500; West Market, \$1800; Troqueux, \$95,000; Grand Central, \$9750; Sea-grate's, \$23,442; Strand Hotel, \$17,188; Bay Tree Hotel, \$32,500; Genesee Hotel, \$7500; Adelaide Hotel Co., \$6000; Elliott House, \$12,500; Athletic Hotel, \$18,750; Somers Hotel, \$5500; P. CITY HALL NOTES

Dovercourt Park was inserted in the parks commissioner's list of skating rinks by the property committee yesterday.

There will be no increase in the rates on island leases until after the war. The property committee, in dealing with Commissioner Forman's report, recommending an increase from 70 cents per foot to nearly \$2.75, ruled that leaseholders shall continue to pay the old rate until peace is declared, when a readjustment will be made.

Ald. Ramsden, chairman of the works committee, is averse to calling a special meeting of his committee to consider the proposal to build a new double-deck bridge over the Rosedale ravine, near Summerhill avenue. The committee's report, he says, has already been sent forward.

This news will come as a severe blow to her many friends in this city, where she lived for many years before going to California. Before her marriage, Mrs. Blakely, as Miss Finch, had been a prominent member of Sherbourne Street Methodist Church Choir. Mrs. Blakely died on Saturday last, and the body is being brought to this city for burial. Funeral arrangements will be announced later.

SHOULD NOT ASK VOTE IN WAR TIME

Women's Patriotic League Disapproves Suffrage Work at Present.

FAVOR CONSCRIPTION

Petition Government to Extend Operation of Militia Act.

The following resolution, which was passed at the executive meeting of the Toronto Women's Patriotic League, has in view the suffrage campaign now in progress, and intimates the opinion of those who moved and carried it that the present is not the time to carry on the work of suffrage, whether the women are engaged in patriotic work or are in favor of the vote or otherwise.

"That we, members of the executive committee of the Toronto Women's Patriotic League, banded together in loyal service for the duration of the war, place ourselves on record and deplore the fact that organized societies of women are spending money, time and energy on a campaign which tends to divide women at a time such as the present, when the united efforts of the women of Canada should be put forth in valiant service for the empire.

"That never in the history of the world has there been more need for unselfish service of the truest patriotic character than in these months of terrible stress and daily anxiety.

"That while the thunder of battle rages in Europe and nations must assert their independence by the strong arm, men are being killed, fighting shoulder to shoulder with the allies against a despotic and unhalloved force, battling to uphold the principles of truth, right and liberty, for which the British Empire stands, it is surely the primary duty and sacred privilege of every woman in this Dominion to do her part until this crisis is over and the blessings and power of peace founded with honor on a solid basis.

Favor Conscription.

The following resolution was moved by Mrs. Featherstonhaugh of the T.W.P.L., seconded by Mrs. Stearns Hicks, and carried:

"Be it resolved that the executive committee of the Toronto Women's Patriotic League respectfully petition the Dominion Government to take definite steps to extend the operations of the Militia Act for Home Defence to service overseas, exercising due discretion in the matter of just and reasonable exemptions from such service."

"As Fast as Our Tickets Are Used Up We are Going to Patronize Lawrence"

That's what hundreds of people have said. Enthusiasm for the great move to lower the price of bread has caught the public. They realize more today than they did when the announcement was first made, how necessary CO-OPERATION is, if the popular demand for 8-Cent Bread is to be carried into effect successfully and permanently. One man cannot carry the burden of keeping down the price of bread without big help from the public. As you have had explained, the proportion of cost in making bread is reduced by obtaining a very large volume of business. That is why I ask public CO-OPERATION.

"When I Reduced the Price of Bread I Did Two Things---I Secured the Help and Hearty Support of Thousands Who Are Glad to Have the Price Go Down, and I Secured the Hatred, Malice and Denunciation of Those Who Want to Have the Price Kept Up"

This divides the Toronto Public into two parties. Which Side are you on? Are you going to join those who cast slurs upon my motives, who resort to slander in their attacks upon my product, who utterly misrepresent everything in connection with this whole business in order to hurt me and cripple the campaign that is endeavoring to keep down prices? Is that the side you are on? If you still patronize those who wish to destroy the possibility of 8-cent bread by spoiling the success of my campaign for a big volume of business, you are on the side which is working against public interest. If you are on the side of 8-cent bread, you will not hesitate to show your colors; you will ally yourself with the cause and throw the weight of your influences as well as your own bread orders in favor of George Lawrence, who is putting up the big fight for 8-cent bread."

Shall We Have 8-Cent Bread in Toronto? It All Depends on the Public. If You Want 8-Cent Bread, Send Your Order To-Day, to the Lawrence Bakery

If a new street railway company offered to give you a 3-cent fare you would help to make it a success by patronizing it, wouldn't you? Same with 8-cent bread. If you don't support the baker who put the price down to 8 cents you are stepping on your own feet, and hindering the cause that is trying to save you money. You must expect to hear criticism and abuse of me and my bread, but have the fairness to judge for yourself. If you ARE not familiar with the quality of

LAWRENCE'S BREAD

Allots Room in Technical

For Classes in Munitions

The advisory and industrial committee of the board of education yesterday decided to grant the request of the Imperial Munitions Board and allot a room in the Central Technical High School for evening classes for men already engaged in inspection work. The munitions board supply their own instructor and the board of education will be put to no expense.

On the request of Mark Irish, M.L.A., representing the Imperial Munitions Board, a room was set apart some time ago for the instruction of women in the work of shell inspection. Already some fifty have qualified and are now engaged in the work of shell inspection.

In order that a number of deaf mutes in the city may take the technical course in domestic science, the committee decided to request that permission be granted to hold a class in the domestic science room in the annex of the King Edward School. Owing to the registration in these classes at the central building it is impossible to accommodate them there.

PUPILS' BANK DEPOSITS.

During the months of September and October pupils of Toronto's public schools deposited \$83,473.15 with the penny bank. This means that that amount of money was loaned to the Canadian Government at 3 per cent. The average monthly deposit of each pupil was 35 cents. Allan School with an average of \$2,01 was easily first, while Park School was second with 60 cents.

A recent order of the postoffice department states that only returned soldiers were to be employed when extra help is needed, and it has been suggested that men who have been rejected should also receive employment.

Best Nerve Specialist In England Was Consulted

But Nervous System Failed to Respond to Treatment Prescribed.

Nervous disorders frequently result from injury to the nerves in accidents or because of the shock to the system. The writer of this letter was injured in a mix-up with some coils, remained unconscious for three weeks, and in spite of continued treatment in the hospital could not obtain restoration of the internal nerves which control the action of the digestive and other vital organs. He traveled to Europe and consulted England's greatest nerve specialist. Relief was only temporary, in spite of many treatments used.

His letter gives the facts briefly and tells how he was finally cured by using Dr. Chase's Nerve Food. Can you imagine any more severe test of the great nerve restorative? Mr. Henry P. Venn, Cof. Ranch, Malakwa, B.C., writes: "Dr. Chase's Nerve Food has restored my nervous system and given me new health."

Boy Struck by Puck, Dies of Blood Poisoning in Hospital.

As the result of a blow from a puck while playing hockey near his home Thursday night, 9-year-old Jack Haggans, 449 Sackville street, died in the Hospital for Sick Children late Monday night from blood poisoning.

The boy was struck on the ankle by the puck, but deeming the injury of little account did not inform his parents of it until last Saturday, when it became very painful. Examination showed that an operation was necessary. Everything possible was done to save the boy's life, but without avail.
