NO HOLIDAYS FOR HIM

It may not be generally known that while the city police are allowed a ten days vacation on full pay, the big and popular I. C. R. officer, John Collins, does not enjoy this bright spot in the year's toil, just why this is the case it would seem difficult to understand. If the corporation of St. John can see their way clear to give their police holidays surely the government of Canada can afford to do so, especially in view of the fact that other I. C. R. employees enjoy this privilege.
It is to be hoped that they can see things at Moncton that the man who has spent 30 years or more in the I. C. R. police service can have his holidays like his brethren on the city force.

PROBATE COURT

Estate of John Murphy, testator. Return of citation to pass accounts. Alfred F. Murphy one of the executors who lives in Boston gives evidence and also Edward Murphy the other executor. The accounts are gone into payment of the legacies provided for in the will are ordered to be made and balance distributed among the residuary legatees. Daniel Mulen, K. C. proctor.

CIVIC SUB COMMITTEES

A sub-committee of the safety board will meet this afternoon to discuss the matter of erecting a fire station near Sand Point, to provide protection for the properties in that district.
Another sub-committee of the same board will hear the hospital commissioners' report at baseball last night, the score being 10 to 1 in favor of the hospital. The commissioners take the view that the changes proposed are not necessary.

MONTREAL STOCKS

Montreal, Que., July 30 (Special).—The stock market continued strong today. Mexican, which touched 88, a new high level, was the chief feature. Shawinigan rose to 70 and Rio held a rise at 50. Canadian Pacific was again buoyant, touching 171 1-2. Other active stocks were: power 96, Dominion Coal 53 3/4, Dominion Steel 16.

TWO SMALL FIRES.

Two alarms for small fires in the East End called out the department this morning. The first, which was in a pile of shavings in Scott & Lawton's factory, was easily extinguished, although the second, in a house at 53 Clarence street occupied by George Briggs was more difficult to subdue.

TWO SAFES SOLD.

The large safe advertised for sale a few days ago by the Telegraph Publishing Company was sold yesterday to Messrs. Kimball & Son, dealers in wool and hides.
The small safe, also advertised by this concern, was sold today to Mr. M. J. Collicutt, Elgin, Albert Co.

THE INDIANTOWN MARKET

The only changes noted in the Indian town market today are in potatoes, string beans and cucumbers, which are easier. The prices follow: wholesale and retail respectively—Potatoes, \$1.10 and \$1.40; beans, 70c to 80c; and cucumbers, 15c to 18c a dozen and 24c to 30c. Other lines remain unchanged.

COMPLIMENTARY.

"It is going to be to the knife," declared the suburban man who was feeding his chickens.
"What now?" asked the friend.
"Why, Binker sent me a box of axle grease and told me to use it on my lawn mower."
"What did you do?"
"I sent it back and told him to use it on his daughter's voice."
TO BALANCE.
"Why does a dog hang his tongue out of his mouth?" asked the teacher. "Yes, my boy," said the visitor from the school board to a bright looking lad who held up his hand, while the light of genius was in his eye.
"Please, sir," cried the pupil, "it's to balance his tail!"
And the teacher groaned in anguish.

NO MARK LOGS SOLD TODAY

Prices Realized at Today's Sale Will Total up About the Same as Last Year.

Fredericton, N. B., July 30 (Special).—The annual sale of no mark logs rafted and to be rafted by the St. John River Log Driving Company, took place at the Queen Hotel this morning and was well attended. D. J. Stockford officiated as auctioneer and the sale resulted as follows: Hemlock, Scott Lumber Co., \$7.85 per thousand; cedar, Charles Miller, St. John, \$6; Pine, Scott Lumber Co., \$10.25; spruce, Murray & Gregory, Limited, \$12.00.

THEY COMPLAIN OF THE SMOKE AND SOOT

"Smoking Chimneys of Industry" are Alright in Their Place but Household Objects to Them.

Residents in sections of the city whose residences are situated in the vicinity of factories are complaining vigorously of the smoke and soot nuisance.
A particularly strong complaint comes from residents of the lower end of Main street and intersecting thoroughfares who complain of the Sayre Mill and Gold Storage plant.

A Times representative was shown this morning in a residence on Main street the inconvenience caused by the nuisance. The lady of the house had been compelled since the erection of the Sayre mill to send her clothes to Fort Howe to dry to escape the smoke. On a recent morning she hung her apparel on her own line with the result that in the evening when the clothes were gathered in they presented such an appearance that a second washing was necessary.
When windows are razed the upholstered furniture, wall paper, etc., are ruined.
A dry goods merchant in the neighborhood informed the Times reporter that if he deposited any of his cloth in front of his establishment the goods would undoubtedly be covered with soot in an hour.

APPLE CULTURE IN THESE PROVINCES

The Earnsdale Orchard and nurseries, of Wolfville, have just issued a double card, illustrated with a portrait of W. C. Archibald on horseback mapping districts for apple culture in New Brunswick. This card presents copies of letters from apple growers in New Brunswick and Nova Scotia, testifying to the value and quality of trees from the Earnsdale nursery an extract from the report of an N. B. agricultural commission meeting relating to apple growing, and an article from which the following is an extract.
"The maritime provinces are particularly destined to grow fruit. We took five years of apples from New Brunswick last year. The agricultural commission may greatly encourage fruit growing and facilitate the export trade via St. John. Many unsuitable varieties from the north have been planted in New Brunswick. The province is naturally divided into two fruit districts, the county bordering on the Bay of Fundy and Northumberland straits on the one part and the river St. John with its lakes and tributaries on the other. These various fruits are essentially different in the aroma and texture."
W. C. Archibald is devoting special attention to fruit culture in the province. It is with him a business proposition but he points to Earnsdale as the evidence of his knowledge of the subject. "Where in my boyhood," he says, "apple growing was pronounced a failure it is today a fruitful source of revenue."

POLICE COURT

Patrick Kelly admitted in the police court today that his charge against him of begging was correct. He said he was a native of Halifax. If he is within the city limits after noon he will be arrested and committed to jail for three months.
He was advised by Mr. Henderson to make his exit immediately via Brussels street and Marsh Road.

Harold Murray will sojourn for ten days in jail for drunkenness. Murray arrived in the city from up river three days ago for the purpose of having several (with extracted, but his stay will be a more lengthy one than anticipated).
John Kerr, charged with assaulting his wife, Matilda, in their home on Pond street yesterday, was fined twenty dollars or two months in jail.
He stated in defence that Mrs. Keefe had been perpetually scolding him, and yesterday he lost patience, catching her by the ear and twisting that organ. He admitted that his wife had been supporting him for several years, but claimed that she was unable to secure employment. He is sixty-six years of age and his better half some years older. She believes he is of unsound mind, and is desirous of securing his removal to the asylum.
George Corey, the young foreigner arrested in the "sma" hours of yesterday morning, was given his liberty last evening.

THE KNIGHTS OF PYTHIAS

There will be a meeting of Cygnets Company No. 5, U. R. K. of P., at 8 o'clock this evening in the armory, Germain street. The members will attend in uniform, wearing their new regalia for the first time.
There will also be a drill of the members of Victoria and Cygnets companies during the evening and as this will be the last drill before their departure for Boston a full attendance is requested.
