

WHO IS PERRY DAVIS?

Who has not heard of him? Who has not been benefited by him? He is a

PUBLIC BENEFACTOR

and the inventor of the Pain-Killer with which his name is associated and which has become the most popular and widely used medicine in the world. It has found its way into every country and into almost every family. It is used both

INTERNALLY AND EXTERNALLY.

When taken internally it affords almost instant relief from all of those distressing and agonizing pains which torture the body and are attendant upon dysentery and kindred disorders. When used externally the Pain-Killer is the best liniment in the world. It acts with almost magical power in soothing pain and by its rapidity of action in restoring circulation, it is found in cases of Congestion, Sudden Colds, Stoppage of the Circulation, Cramps, &c., &c., a most surprising and we might almost add, an infallible cure.

We would call especial attention to the directions for its use, as much depends upon the faithful use of the Pain-Killer in effecting the relief and cure. Full directions accompany each bottle.

Taken internally it cures Dysentery, Cholera, Diarrhoea, Cramp and Pain in the Stomach, Bowel Complaint, Painter's Colic, Liver Complaint, Dyspepsia or Indigestion, Sudden Colds, Sore Throat, Coughs, &c.

Used externally it cures Boils, Fells, Bruises, Cuts, Burns, Scalds, Old Sores and Sprains, Swellings of the Joints, Toothache, Pain in the Face, Neuralgia, and Rheumatism, Chapped Hands, Frost-bitten Feet &c.

PAIN-KILLER taken internally relieves instantly the most acute pain. Used externally, it is the best liniment in the world. Its effects are almost instantaneous, affording relief from the most intense pain. It soothes the irritated or inflamed part, and gives rest and quiet to the sufferer. It is eminently the people's friend, and every one should have it with them, or where they can put their hands on it in the dark if need be.

OSHAWA, Ont., March 15 1883

Messrs. Perry Davis & Son
Montreal.

We take pleasure in adding our testimony to the popularity and efficacy of that old time-honored remedy, Perry Davis' Pain-Killer. We have been selling it for more than fifteen years, and notwithstanding the fact that the market has become flooded with imitations, it still holds its own and stands to-day in the front rank as the most prompt and effective pain-killer in the world. We once heard one of the leading ministers of the Methodist Church say that with a bottle of Perry Davis' Pain-Killer at hand, he feared no ill that we mortals are subject to. It is a medicine to be relied upon, and after our lengthened experience we have no hesitation in allowing our name to stand on the list as friends of that old stand-by—Perry Davis' Pain-Killer.

Yours respectfully,

J. HIGGINBOTHAM & SON
