## OPERA HOUSE BILL A MERITORIOUS ONE

Large Audiences Enjoy New Programme of Bright Vaudeville and Picture Feature

The vaudeville bill in the Opera House this week is as usual, both catchy and entertaining, although perhaps not quite as much diversified as in some weeks. There is an abundance of dancing, and those who care for this style of vaudeville will enjoy some of the most difficult and graceful steps ever attempted on a local stage. The singing by the various participants is good and tuneful and was greatly appreciated at the four performances on Saturday.

Norton and Earle, singers and dancers are unusually good. They have a wide range of steps, both old and new, which are graceful and pleasing and their act is bright and has a good swing from start to finish. The female member of the act wears beautiful costumes which evoked much favorable comment from the ladies in attendance.

Douglas and Frazer in "Just Girls," were pleasing and made quite a hit. The rendition of Joan D'Arc by one of the girls was good and she received hearty applause. Their singing was also good and the act is both bright and pleasing.

Cecile and Francois in a miniature dance review did well. Their imitation of the spiral and the fly was new and was well received by an appreciative audience. The continuing in this act was also pretty and attractive.

J. Forrest Thompson, in a singing and instrumental novelty, made a decided hit. The way he tickled the ivories was a revelation. He played one tune with his right hand, another with his left and to make a regular trio he sang a different song. His performance on the flute was equally good.

Horton and Johnson were the two stars of the performance. Their work on the mat and spring evoked well merited applause and also afforded considerable amusement. The title of the act is "Fun in a Chinese Laundry," and it proved to be an appropriate one.

The episode of Giotto's Romance this week is really good, being both gripping and interesting. Billie Burke is featured in this. On the whole, the programme is good and worthy of the usual large patronage.

## CANADIAN SOLDIER'S LETTER

Sapper A. Hartley, of the A Company, Canadian Engineers, whose home address is 906 Trafalgar street, London, Ontario, is one of many who have written in praise of Dr. Cassell's Tablets. He says: "As a constant user of Dr. Cassell's Tablets, I would like to add my testimony to their value. I used them when I was in the South African War, and, finding the benefit of them there, have taken them since whenever I felt run down. I always recommend them, for I know that they do all that is claimed for them. In my opinion they are the best tonic anyone can take for loss of appetite, poorness of the blood, or general weakness of the system."

A free sample of Dr. Cassell's Tablets will be sent to you on receipt of 5 cents for mailing and packing. Address: Harold F. Ritchie & Co., Ltd., McGill St., Toronto.

Lieut. W. E. Crombie, of the Royal Warwickshire regiment, is in the city on his way to his home in Massachusetts after a period in the trenches in France during which time he had been in close quarters with the Hun. He is a nephew of E. W. Chase, of 188 Hawthorne avenue, and formerly lived in St. John. Lieut. Crombie is the proud possessor of the Military Cross in recognition of his gallant work on July 18, 1916. He is a former St. John boy, but moved to the states several years ago.

720 Union Men

Although the majority of trade unions throughout this country have passed resolutions against compulsory service, it is interesting to note that in the city of St. John alone no less than 720 members of trade unions have enlisted and gone overseas, while in addition to these twenty-eight recruits, union men, have also joined the colors.

Apologies of the recent decision of the French authorities to increase the pay of the French soldier serving in the trenches from twenty-five centimes to one franc a day, a story is recalled. In October, 1915, the French soldiers' pay was raised from five centimes a day to twenty-five, and a poll, on being asked how he liked his raise, replied simply: "I don't like it much, people will now call us mercenaries."—Argonaut.
