New York, Oct. 12.—A new record of forty-three feet, one and one-half inches for throwing the fifty-six-pound weight in unlimited ring and follow style was made by Matt McGrath at the final outdoor games of the New York Athletic club at Travers Island Friday. The best previous record of forty feet, two inches, was made by John Finnagan in 1904.

Jack Coombs, famous old "Iron Man" Coombs of the Athletics and the Brooklyn Dodgers, will coach the football team of Rice Institute this fall.
BASEBALL
"Home Run" Ball for Red Cross.
Chicago, Oct. 11.—The ball which Happy Felsch batted into left centre Saturday and there spelled defeat for the Giants is destined to do its bit toward helping the U. S. A. in the great war.
An honest Chicago fan who grabbed the ball, instead of taking it home to hand down to his grandchildren, brought it to Comiskey Park and handed it to President Comiskey.
Comiskey and Manager Rowland suitably expressed their bewilderment and thanks, put their autographs on the ball and locked it in the safe. It will be auctioned off for the benefit of the American Red Cross.
Cobb Gets \$50,000 a Year.
Detroit sport writers have decided that Ty Cobb is earning something like \$50,000 a year. In addition to drawing a salary of about \$20,000 a season from the Detroit baseball club, Cobb is interested in several business ventures, including a motion picture company.

McGRAW IS CRITICIZED
Judgment In Saturday's Game Under Fire
Sand Lot Exhibition.
Joe Page Comments on the Play in the Fifth Match of the World Series—Still Thinks White Sox Will Win Championship
ing what looked to be a hopeless cause, he pulled and switched pitchers and batsmen at every critical point of the game, when a hit or a change might be expected to give him one or more runs. The White Sox played masterly ball for the first half of the game, while the New York club was all to the good and playing good ball. In the fifth, after Collins had fled out, Jackson stepped to the plate and lined a terrific drive directly at Sallee and before the latter could recover himself, Jackson was safely in first. From this point New York, Sallee and McGraw himself went to pieces and what with a bombardment of hits in this and the eighth frame easily overcame the Giants' lead of three. McGraw showed a woeful lack of judgment during this period and many attributed the loss of the game to him. The White Sox played rings around the Giants at Chicago in the first two games and the same may be said for the Gothamites in the two played at New York. In the fifth game both teams on the whole showed miserably. It was the poorest played game by far that has yet taken place for the ribbon event. However, while the writer may be wrong, it looks, after viewing the last five games, that Chicago has the edge of one game, with Faber and Ci-
