

THE EVENING TIMES-STAR, SAINT JOHN, N. B., SATURDAY, NOVEMBER 20, 1926

MISS M. MURDOCH TO DELAWARE POST

Nurse of Health Centre Staff Accepts Position at Wilmington

Miss Mary Murdoch, nurse of the Health Centre staff, leaves the city at the end of the present month to take over the very responsible duties of superintendent of the Wilmington Association of Nurses, Delaware. The association is a public health organization and Miss Murdoch will have the oversight of 16 nurses, whose duties include general public health nursing in all its branches, besides nursing, conducting mothers' classes and nutrition classes and giving instruction in occupational therapy to the bed-ridden patients and shut-ins in their own homes. In this last branch of their work the nurses teach arts and crafts which the shut-ins can use to employ the time, aid in their own support and help them to keep in a happy mentality.

WILL BE MISSED

Miss Murdoch will be much missed in Saint John where she has been connected with the Health Centre staff for nearly three years. She is a daughter of Mrs. William Murdoch, Leinster street, and received her early training in nursing at the General Public Hospital in Saint John where her sister is now superintendent of nurses.

Miss Murdoch is also a graduate of the public health nursing course of Toronto University and before her appointment to the Health Centre staff, was a Victorian Order nurse in Marysville, N. B. She enters upon her new duties in Wilmington on Dec. 1 and her many friends in New Brunswick are extending all good wishes for her success and happiness in her new work. No announcement has yet been made of a successor to the Health Centre staff.

EVERYTHING equalizes itself in this life. The rich have ice in summer, and the poor in winter.

Newsies Have Great Meeting

THOSE lively newsies who are selling The Telegraph-Journal and The Evening Times-Star met as usual on Friday night at 7 o'clock and had the best time yet. Talk about fun. The meeting was a "rip-roarer" and was in charge of Ronald MacDonald, who acted as chairman, with Vice-President John Case assisting.

When the president asked the boys what their motto was the noise was deafening as they shouted: "We YELL AND SELL."

Wow, what a noise! The vice-president has shown the real spirit by visiting Sergeant Baxter, who is sick. Last meeting the Sergeant was elected honorary president and expects to be with the boys in a short while. The boys are very enthusiastic about having a real live newsboys' paper. Probably the first of its kind in these parts.

The paper is to contain all kinds of news about the club, the snappiest jokes ever written, perhaps a story about real live boys and all kinds of features that any boy, no matter how old or young, would not be able to resist. The paper will be given to the boys each week free of charge and it is hoped that it will be a howling success. As yet the editor has not been chosen but whoever that person is it is expected that he will have a big demand for THE REAL STUFF.

BIG-CONTEST ON

At present a big contest is being run with regard to a real boys' club yell. Next week will decide the winner. A fine prize will be the reward for the best yell. The boys are looking forward to having a club room as soon as arrangements can be made.

With basketball, hockey and club meetings the boys expect to have a real time this winter. At the close of the meeting last night candy was given to the boys.

LIST CONTAINS TWO SAINT JOHN NAMES

Results of Civil Service Examinations of September Announced at Ottawa

OTTAWA, Nov. 19.—The results of civil servants' examinations held on Sept. 28 and 29 last have been announced. Several hundred candidates tried the examinations at the different points in Canada and lists are announced in order of merit, it being the practice to offer civil service positions as they become vacant beginning with the candidates at the top of the list.

In the typists grade one, Helen J. MacDonald, Charlottetown, P. E. I., was fourth, and Mary H. Hanrahan, Halifax, eleventh.

For typists grade two, Kathleen Manning, Halifax, is sixteenth.

In the stenographer grade one class, Muriel M. Williams, Kentville, N. S., is fifth, and Marjorie B. Twaddle, Amherst, N. S., seventh.

Clerks grade two, Karl H. Vroom, Saint John, seventh; Aileen J. Locke, Ottawa; Wilfred P. Bewell, Ottawa; Henry C. Hearn, Edmonton; Stephen P. Annett, St. James, Man.; Samuel K. Todd, Charlottetown, P. E. I., twelfth, and John E. Tracey, Saint John, N. B., fourteenth.

Stenographers grade two, Mary D. MacPherson, Sunnyvale, P. E. I., fourth, and Selma E. White, Marysville, N. B., eleventh.

Of the permanent civil servants who tried examinations and are as a result now qualified for promotion in the classes shown, 44 included.

Customs excise clerk and custom excise examiner, Horace H. Betts, Halifax.

Deaths

David McKay

CANTERBURY, Nov. 19.—On Friday morning, Nov. 19, this community was saddened in the death of a prominent citizen, David McKay, who passed away at the advanced age of 87 years.

Mr. McKay was born of Scottish parents, at Southampton, N. B., and during his boyhood removed with his parents to Skiff Lake, where he resided for many years. A fine prize will be the reward for the best yell. The boys are looking forward to having a club room as soon as arrangements can be made.

Mr. McKay was a leader in community life. He was a member of the erstwhile Presbyterian church and lived a consistent Christian life. He married Margaret Hamilton, of Skiff Lake, who predeceased him a number of years ago, and leaves three sons, Hamilton, of Ashua, N. H.; William, of Canterbury, and Hugh, of Skiff Lake, and one daughter, Mrs. George Linnell, of Boston, Mass., besides a number of grandchildren.

The funeral, which was largely attended, was held from the home of his son, William, to the Canterbury United church, and interment was made in the Skiff Lake cemetery. The service at the house and church was conducted by the pastor, Rev. D. L. Giddings, assisted at the grave by Rev. W. C. V. Martin, rector of the Anglican church.

H. W. Fairweather. Healey W. Fairweather passed away at his home in Peters street last evening. He had been in failing health for some time and yesterday afternoon took quite seriously ill while superintending construction work at the new factory at Black's Harbor. He was brought to his home, here, by motor and died about 11 o'clock last evening.

The late Mr. Fairweather was born at Belleisle Creek, Kings county, 49 years ago. He had been superintending construction work for the Hershey Sugar Corporation in Cuba until last spring, when he and his family returned to Saint John with the body of his daughter, who had been drowned there. He was at one time with the Robert Sayre Kent, Inc., of New York, and later with J. A. Grant & Company, of this city. He was a well known official of several other big engineering companies.

Besides his wife, he leaves one son, Roy, and one daughter, Eva, both of this city, and two sisters, Mrs. George Stanley and Mrs. Elva Thorne, of Kings county.

Mrs. Wm. E. Fraser.

The death of Mrs. Stella Jean Fraser, wife of William E. Fraser, occurred in this city on Nov. 19, 1926, and will be heard of with very much regret. Besides her husband she is survived by her parents, Mr. and Mrs. Albert Wilson, of this city, five brothers and two sisters. The brothers are Edward Wilson, of Bathurst, and Walter, Ray, Willard and Louis, of this city. The sisters are Mrs. Archibald Bailey and Miss Bertha Wilson, both of this city. The funeral will take place on Monday afternoon from her late residence, 92 Mecklenburg street.

NEW FIRE HALL AT SUSSEX IS OPENED

Chief Daly Entertains Department in Splendid New Building

SUSSEX, Nov. 19.—Alterations having been practically completed, the new quarters for town officials and fire department are now occupied and particularly in the case of the fire department supply a long felt want. The four door front, providing for the several pieces of fire apparatus, adds materially to the general appearance of the building and in addition will greatly facilitate the operating of the different trucks.

These doors are equipped with automatic openers with an operating cord running to each driver's seat. The trucks are placed in the following order: From left to right facing the building, the big ladder truck "Jumbo", with the salvage corps and fire police truck next on the right are hose trucks Nos. 1 and 2. The floor space for the apparatus is about 48x50 feet. The floor is of hardwood and the walls sheathed. In the centre of the room is the registering dial, through which the alarms come to the station and beneath this is the running and time board.

In the rear left corner the hose tower is located. Wet hose will be run into the cellar through window in front on to a 35 foot water table from which it will be hoisted into the tower for drying.

RECREATION ROOM

Immediately behind the apparatus is the recreation room, 25 feet square, with hardwood floor, walls lathed and plastered with a three foot wainscoting. A good start has been made in furnishing this room, many citizens having contributed pictures and articles of furniture to add to the room's comfort. A pool table, card tables, papers and magazines are already in use.

CHIEF DALY ENTERTAINS

On Wednesday evening at the new quarters Chief Daly was host to the members of the department and several citizens, including His Worship the Mayor and members of the Town Council. The guests, some 65 in number, sat down at two tables which were nicely decorated for the occasion, and enjoyed a delicious dinner, which was served by a number of ladies, friends of Dr. and Mrs. Daly. The host welcomed his guests and interestingly described the growth of the department during his connection with it.

A good start has been made in furnishing this room, many citizens having contributed pictures and articles of furniture to add to the room's comfort. A pool table, card tables, papers and magazines are already in use.

years. Mr. Mills is about to sever his connection with the civic service and the occasion was taken to extend to Mr. and Mrs. Mills best wishes for their future welfare.

Mr. Jardine sang two Scotch songs and Percy Radcliffe amused the company with humorous songs. After J. T. Kirk had entertained with stories, Chief Daly's health was proposed and the singing of "It's a Jolly Good Fellow" brought the dinner to a close.

The guests then repaired to the recreation room where smokes and cards were enjoyed and the pleasant evening brought to a close at midnight.

OFFICIAL HONORED

A feature of the gathering was the splendid tribute paid to Charles D. Mills, who has capably discharged the duties of town superintendent for 20

MAINE LEAD MINES MAY BE REOPENED

LUBEC, Me., Nov. 19.—Mining engineers are making tests at the famous old Lubec mines and there is a possibility they may be reopened. Mining was started 65 years ago by a big concern which imported miners from Wales, Ireland and England and the production was large for a time. The property is now owned by H. E. Saunders, of Lubec.

Welcome News! A Check for \$10,256.20—instead of a notice that another premium was due

HERE is a man who took a ten thousand dollar straight life policy in middle age when he was earning good money, but his family needed protection.

The premium of \$285.20 he could readily pay. And he expected to pay it the rest of his life.

Nevertheless, you can appreciate how welcome the news was, when the Mutual Life of Canada informed him that, on account of the generous profits earned by the Mutual, his policy had matured.

Instead of asking him to pay any further premiums, the Mutual sent him a check for \$10,256.20.

As the man is now nearing seventy and his family all grown up, this money will help maintain him and his wife in comfort and independence the rest of their lives.

The Mutual principle of life insurance and the generous profits paid Mutual policyholders have certainly meant something to this man.

Instead of paying premiums until death, as his form of policy provided for, Mutual profits have enabled him to enjoy the possession and benefits of more than ten thousand dollars in his and his wife's old age.

If you are taking out more insurance this year, you certainly should learn more about the Mutual principle and Mutual profits. The Mutual Life agent will be glad to show you the actual profits earned by Mutual Policies during the past 45 years.

Ask him to show you the Mutual Life Result Book.

SPEED DURABILITY SAFETY
in the New Rapid Element
SPEEDIRON

AT last—after years of experiment and research a perfect, rapid, iron cooking element has been developed. An element which brings speed, lasting durability and absolute safety to electric cooking—McClary's Speediron!

This wonderful, new, rapid iron element is as far ahead of all others as electric light is ahead of candle light.

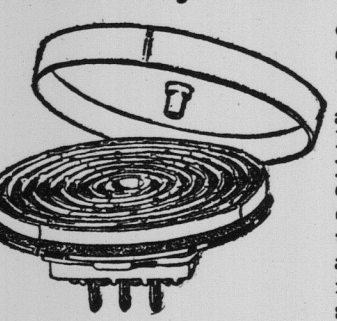

McClary's Speediron is the only protected, removable, repairable element made. It

operates on contact heat. This gives it marvellous speed and eliminates waste by radiation, which is one of the greatest defects of open elements. And the Speediron is durable. It cannot be injured by liquids boiling over, spilling—or contact with pots and pans.

The cast iron surface protects the coils year in and year out—and if the coils by any chance burn out you can replace them easily, inexpensively and quickly.

Now On All McClary's Electric Ranges

This great, new electric cooking feature is now on all McClary's Electric Ranges—making it the most efficient, satisfactory range on the market. And you also get the exclusive advantages of McClary's famous porcelain enameled "fireless cooker" oven—the oven which keeps on

cooking even after the current is turned off. Ask your dealer about a McClary's Electric Range. After you've seen him demonstrate the Speediron element, you'll agree that McClary's is far ahead of any other for economy, speed, strength and general satisfaction.
