**PRESBYTERIAN MISSIONS.**  
Toronto, April 22.—At a conference of the general board of the Presbyterian church of Canada yesterday, it was reported that the total contributions for the last calendar year amounted to \$4,800,000, of which \$2,729,000 was for the special forward movement, and \$1,146,000 for the annual maintenance budget. The estimates of the various boards for 1922 amounted to \$2,450,000, while the estimates for 1921 were only \$1,600,000, and the receipts for 1920 showed only \$1,146,000. It was reported that amalgamation of the two church papers, the Presbyterian and the Presbyterian Witness, had resulted in a fifty per cent. increase in the number of subscriptions.

The estate of the late Judge B. M. Britton of Toronto is probated at \$3,869,234, the bulk of his family.

## NEW GARAGE

St. John Garage & Supply Co., Ltd., Have Purchased in Central Locality.

That St. John is to have a new garage will be of much interest to the automobile owners of this city, as the St. John Garage and Supply Company, now located at 90 Duke street, have been forced to seek larger and better quarters to enable them to accommodate their increased business.

This firm has recently purchased the property formerly occupied by the Universal Car Company in Princess street. The garage is now being completely renovated and will be when completed one of the most modern garages in Eastern Canada.

The St. John Garage and Supply Company, which is under the control and management of Fred and Lloyd Ryan, has been established in this city for a number of years, during which time they have made a marked success in the garage business due to their splendid management together with the courteous treatment extended to their customers.

The new garage will have a well equipped repair shop under the supervision of the best automobile mechanics procurable, who have been in their employ for a number of years, during which time their reliable repair work has gained the confidence of the most particular motorists.

The garage will have all alterations made and equipment installed ready for business by May 1.

Messrs. Ryan, who are both young men, are to be congratulated upon the optimistic manner in which they are endeavoring to increase their business, during these existing times.

## GOOD THINGS COMING TO THEATRES OF ST. JOHN.

## BRIGHT NEW ACTS AT OPERA HOUSE

Novel "Classique of Song and Melody," Comedy Cartoonist, Big Acrobatic Offering, and Other Features.

The new programme in the Opera House tonight will be as follows: Grace Wallace and Boys, who are offering "A Classique of Song and Melody," which is both new and novel; Harry Price, a novelty comedy cartoonist; Bonner and Powers, in comedy songs and breezy conversation; Angie Cappel "The Little Wop," a laugh, a story, and a high note; Sankers, pure and simple, presenting a few new twists in comedy acrobatic stunts. There will also be another episode of the serial drama "Bride 13," and a reel of current events.

## FINAL PRODUCTION POPULAR OPERA THIS EVENING

"The Lass of Limerick Town" will be sung again at St. Vincent's Theatre this evening. This will be the last opportunity to hear this musical success. It is one of the hits of the day. Get your seats early.

**THE STAR.**  
For those who enjoy good comedy and thrilling drama, the programme at the Star Theatre tonight should afford great entertainment. There will be the regular chapter of the Ruth Roland serial, "Ruth of the Rockies"; a Mutt and Jeff cartoon, two-reel western story, "Snub" Pollard comedy, Fox news, and a Star comedy. A regular carload of thrills and fun for the week-end.

## WOMAN'S DARING EXPLORATION.

Mrs. Rosita Forbes, who made a very dangerous journey across 500 miles of desert on a camel's back to Kufra, the Senussi headquarters, a region never before penetrated by a white woman. The picture shows her disguised as a Bedouin Sheikh.

That the German government has been exporting gold into neutral countries was denied semi-officially in Berlin yesterday.

## All Veterans

Meet at 10.30 a. m. Sunday, April 24, Court House, King street east, for Memorial Service Parade. Remember your pals. Turn out in honor to their memory. 4-25

This is Chapter 1 of a story just as wonderful as any you've ever heard or read.

# Ordinary air no longer is good enough for the making of your favorite delicacy; Ice Cream!

A wonderful thing has happened to the ice cream-making business; a thing which opens up undreamed-of possibilities in making this, your favorite delicacy, a purer thing; a finer thing; a BETTER thing than ever before. And this has happened at a time when we thought we had made ice cream as pure and fine as it was possible for human skill and care to produce.

We have found out that ordinary air—the air that fills our rooms and covers the whole world—NO LONGER IS GOOD ENOUGH FOR THE MAKING OF YOUR DISH OF ICE CREAM! It is NOT good enough, because this astounding new discovery has placed at our disposal a STERILE atmosphere, which is ONE HUNDRED TIMES PURER THAN THE PUREST AIR!

By means of a complicated little mechanical device, the ordinary air is driven out of the freezer while the ice cream is being frozen, and this super-pure atmosphere is substituted for it. This process is called "CARBONATING"—and we speak of the super-pure ice cream it produces as "CARBONATED" ice cream.

**PURITY**  
carbonated ice cream is the only ice cream made in this province by this marvelous new method of "CARBONATING"!

AND now that we know about it, and are using this process to make your ice cream, we WONDER why no one thought of it before. The whole thing is reasonable. We pay out enormous sums of money to buy the best of everything else—just to make the ice cream pure and good. But, up to now, we hadn't THOUGHT of buying a 100 p. c. PURE atmosphere, to perfect the purity of the finished ice cream. You know, yourself, how housewives seal their "preserves" and other "canned" goods, to EXCLUDE ALL AIR

—because THEY know that even a spoonful of air would spoil the fruit or vegetables or meat. Why NOT ice cream?

Well, at any rate we've got it NOW. And the result is ice cream which really IS PURE—purer than we'd ever dreamed it COULD be made. It costs us a little more to make—because NOW we PAY for this PURE atmosphere, where the AIR used to be FREE. But it costs YOU no more, for a brick—or a quart—or a dish—because we assume the additional expense.

And—on top of this tremendous advance in PURITY—"CARBONATING" does other things to make the ice cream BETTER. First of all, it enhances the actual flavors—makes them a shade more noticeable as you eat the cream. Then, it actually increases the FOOD-value of ice cream—because this super-pure atmosphere we use has long been used in foods and beverages; has been proved to be GOOD for your stomach. Finally, it makes the ice cream EASIER TO KEEP! Doesn't melt quite so quickly.

## No greater purity known to man

The atmosphere we use in carbonating your ice cream is 100 p. c. pure—and there is no more perfect purity known to man. By careful selecting, testing and buying we use only the purest of milk and cream and sugar and flavors; in fact only the PUREST OF EVERYTHING WHICH GOES INTO YOUR ICE CREAM! Now we freeze the cream in atmosphere which is ABSOLUTELY pure. The result—the super-pure, better-than-ever ice cream—is ready for YOU to try, NOW, at any of the stores where you see THIS name displayed:

# Purity Ice Cream Co., Limited

92 - 94 Stanley Street

Phone Main 4234

St. John, N. B.

## DARING ROBBERY.

Bandits Escape With Motor Driven Van.

London, April 20.—For the most daring hold-up in London in many years past—and with it the theft of £225—the following three men, whose identity is at present unknown, are wanted by the police. The circumstances of the theft were of a most audacious character. All three men, armed with revolvers, stopped a motor van in the Inner Circle of Regent's Park, and got away with the

vehicle and the sum of money mentioned, which was intended for the pay of the pensions staff at Acton.

Traveling on the motor van, a half-ton vehicle, chartered by the ministry of pensions, were Mr. Grant, cashier, Mr. Miller, his assistant, Ernest Savidge, messenger, and the driver, Herbert Frank Rand. Grant and Miller rode inside, Savidge sat with the driver.

The motor van left the pensions office in the park about 9.30 a. m., to proceed to Acton. The car had only gone

stopped, near York Gate, by three men, who levelled revolvers at the driver and told the others to clear out "if they valued their lives."

The men then boarded the van and ordered the driver to proceed. He had no alternative, as the muzzle of a revolver was planted behind his car. The members of the ministry staff watched the car make off, and they ran back to the office. A park ranger gave chase on a bicycle, but could not pick up the car. Driving to orders, Rand reached Russell square, where he was "dropped" by 1-8.

by the bandits, one of whom took over the wheel. They soon abandoned the car, however, for it was found early the same afternoon, derelict, in Mecklenburgh square. The stolen money was made up in little wage envelopes for each employee at Acton.

## CHICAGO GRAIN OPENING.

Chicago, April 22.—Opening: Wheat, May, 1.28; July, 1.06 3/4. Corn, May, 28 1/2. Brompton was unchanged at 60; July, 62 1/4. Oats, May, 38; July, 34 3/4. Other issues were quiet.

## MONTREAL STOCK MARKET.

Montreal, April 22.—The local stock market was not nearly so active as it was yesterday during the early trading session. Riordon, whose startling slump has attracted so much attention, was weaker today, although it opened a half point stronger than its close at 46. During the first half hour, however, it leagued four points to 39. Atlantic Sugar was 3-8 of a point stronger at 34. Breweries was up a 1-2 point at 53 3/4. Other issues were quiet.
