CAUSTIC COMMENT BY PARIS PAPERS.

Paris, March 25.—The decision of the supreme court of the peace conference to allow nothing to be published regarding its proceedings but the official communiqué has aroused the indignation of the Paris press. Raymond Becody writes in the Figaro:

"When the situation is so disquieting, at a moment when the Allied governments, who, having left no blunder unmade, are more than ever in need of support of public opinion, they raise a regular Chinese wall between the public and themselves."

Perleux writes in the Echo de Paris: "The Council of Ten Goes Under Ground."

Le Journal says: "The conference has made a heroic resolution. It has decided to drape its wounded dignity in the most absolute mystery."

(Continued from page 1.) "Unfortunately, your appeal to us to follow your example cannot be complied with, for the Entente has cut off our supplies. MAY SPREAD OVER CENTRAL EUROPE

Paris, March 25.—(By the Associated Press).—Jugo-Slav delegates to the peace conference took a pessimistic view today of the situation in the Balkans, and said that these regions were likely to be affected by the Bolshevik revolution in Hungary.

ALLIED SHIPS AT BUDAPEST

Paris, March 25.—(By the Associated Press).—Unofficial reports from Budapest state that Allied missions there are debating the advisability of leaving and that the disarmament of French troops in the city is being considered. Order per the city is being considered.

MARITAL LAW ONCE MORE IN MADRID

Madrid, Monday, May 24.—Marital law was proclaimed this morning. It is understood that constitutional guarantees may be suspended forthwith throughout Spain.

CABLES ARE NOT PRIZES OF WAR

Supreme Council Decision Affecting Thirteen German Lines. Paris, March 25.—(By the Associated Press).—The American view that submarine cables are not prizes of war was upheld by the supreme council yesterday. First the committee reporting was unanimous that cables could be cut as an act of military necessity; second, the committee was divided on the question as to whether cables were prizes of war like warships. The British, French and Japanese held them to be prizes, and the United States and Italy took the opposite view. Third, the committee was unanimous that the United States on the other third party should be consulted on the final disposition of German cables landing on their shores. The council finally approved the view that cables are not prizes, but are subject to the same disposition as other private property. It is in this form that the subject will be drafted for insertion in the treaty.

The decision affects thirteen German cables, including those to the United States and several in the Pacific connecting former German colonies.

CONDENSED NEWS

Italians aviators have arrived at Buenos Aires to establish aerial communication between Buenos Aires and Asuncion, the capital of Paraguay. During February more than 114,000 persons or more than eleven per cent. of the entire population died in Petrograd. The Berlin press sees in the events in Hungary a terrible warning for the Entente.

A Berlin despatch says that President Ebert declared on Sunday that Germany will not sign a peace which involves the annexation of Danzig by Poland. He added that Germany could not give up West Prussia or part of Upper Silesia. A big effort is to be made in Paris to have the peace treaty ready in a week.
