LIFT ANOTHER TRADING BAN

Supreme Economic Council at Paris Also May Take Allied Control From Exports to Germany

Paris, April 22.—(By the Associated Press).—The supreme economic council yesterday authorized an announcement of the abolition of the blockade, licensing and rationing systems as applied to neutrals. This will grant that freedom of intercourse without which the resumption of foreign commerce, so urgently required by trade and industry throughout the world, has been almost impossible. The announcement will be made simultaneously April 23 by the various governments involved. It will authorize shipments of raw materials and manufactures, other than export commodities, without license formalities, freely to countries, not including Germany and Bolshevik Russia. Enforcement of restrictions against re-export of these still blockaded countries will be left to the control of associations to which shipments to neutrals adjacent to Germany still must be consigned. A proposal for an amendment to the Brussels agreement will also be submitted to the council, removing the requirement that Allied representatives control German exports to see that all the proceeds were applied to the purchase of foodstuffs. The machinery of control has proved somewhat burdensome on the associated governments, and it is believed that self-interest and the requirement of foodstuffs will suffice to have the German government itself maintain the necessary restrictions and prevent the proceeds being applied to unnecessary imports.

HIGHER ALLOWANCES IN THE NEW PENSION BILL
Ottawa, April 22.—Some changes in the existing scale of pensions will undoubtedly be provided for in the new pension bill being drafted by the special committee of the commons on soldiers' pensions which has been at work under the chairmanship of Hon. N. W. Rowell since the beginning of the session. The hearing of evidence has now been concluded and future sittings of the committee will be devoted to the putting of finishing touches to the bill, the preliminary draft of which has already been completed.

In addition to some increases in pension allowances it is understood that the bill in some instances extends the privileges of the children of soldiers killed, or who died in the service, in regard to education.

CENTRAL CHURCH BANQUET
A "Get-Together" banquet of the men of the Central Baptist church was held last evening in the vestry of the church. There was a very large number present, and a most enjoyable evening was spent. The banquet was prepared and served by the girls of the Plutheas class of the church. A. E. Jenner presided, and after the conclusion of the supper a short programme was given, including addresses by the Rev. J. H. Jenner, of the Charlotte street United Baptist church, West St. John, and by Sheriff Wilson and others. This was followed by a solo by E. C. Girvan, which was greatly appreciated. Miss Beryl Blanche acted as pianist for the evening. The evening was brought to a close by the singing of the National Anthem.
