**THE THISTLE RINK PROPERTY**

It was reported last week that negotiations were in progress for the sale of the property of the Thistle Curling Rink Company in the lane off Cliff street. It is understood today that the prospective purchasers are the Sisters of Charity of this city.

**LAWN PARTY AND SHOWER**

A lawn party and shower was held last evening at the home of Mrs. John Keane, Sand Cove, in honor of Miss Blanche Keane, who is to be married in the near future. A large number of friends were present and made Miss Keane the recipient of numerous pretty as well as useful presents. The evening was most enjoyable spent by those who participated in games and other amusements. Refreshments were served.

**TO IMPROVE SERVICE**

A thorough inspection of the service pipes in West St. John will be undertaken immediately, said Commissioner Jones this morning. Where defects are found repairs will be made by the city where required and in other cases householders will be called upon to do the necessary work. It is believed that what due to leakage contributes largely to the low pressure on the west side and with this loss cut off that the service will show a decided improvement.

**PARADE IS ON THURSDAY**

As some confusion regarding the arrangements for the big parade at the end of the week still seems to exist in the minds of people it may be worth while to emphasize the fact that the parade is a feature of Thursday's programme. The prince's day on Friday will be fully occupied with other events and the great parades, with all the floats, will take place on Thursday morning. The detailed programme for both days, displayed elsewhere in this paper today, gives full information regarding all the plans.

**MRS. ROBERT B. PRICE**

The death of Mrs. Robert B. Price occurred last evening at her home in Stoneham, Mass. Mrs. Price was a daughter of the late Charles Whipple of West St. John and was very well known in this city. She leaves two sons, Charles and Murray, two daughters, Mrs. John Perry and Miss Hazel, all of Stoneham; three brothers, Charles, Henry and James Whipple, also in the United States and one sister, Mrs. C. H. Brannen, of West St. John. A large circle of friends in this city and elsewhere will extend sympathy to the bereaved ones.

**MARRIED IN IRELAND**

A wedding of much interest to many friends in this city took place in St. Catherine's church, Killybegs, county Donegal, Ireland, on June 9, when Rev. Canon Sweeney united in marriage Miss Alice Dunne, of Killybegs, to G. Patrick J. Floyd, son of Mr. and Mrs. P. J. Floyd, of 164 Waterloo street. An interesting feature of the wedding was that after eighteen years absence from Ireland Gunner Floyd returned and married a girl of his birth place. Gunner Floyd enlisted in No. 4 Siege Battery, under Major Barker and took part in most of the severe fighting in France and Belgium. His friends will be glad to know that he is expected home in a short time. Mrs. Floyd is not accompanied by her husband to Canada at the present time as it is undecided as to where they will make their future home.

**NEGOTIATE TRANSFER TO THE FURNESS-WITHEY CO.**

Wm. Thomson & Company Selling Their Business—Mr. Ledingham Now in Montreal

D. W. Ledingham, office manager of William Thomson & Co., shipping agents, is now in Montreal in connection with negotiations for transfer of the Thomson interests to the Furness-Withey Company. It is expected that Mr. Ledingham will take over the duties of general manager for the Furness-Withey people in his territory and that the staff now employed by William Thomson & Co. will be retained under the new ownership.

It is thought that the new move of the Furness concern is in connection with its programme to increase trade between Canada and European ports, to which end they have already taken over several smaller shipping concerns.

William Thomson & Co. is the oldest shipping firm in the city and besides owning and operating ships has done a great deal of brokerage business. The business was founded by William Thomson in 1841. In 1910 partnership was formed between himself, his son Robert and W. C. Watson. On the cessation of this partnership three years later, Mr. Thomson, with his two sons Robert and John, united and organized the present firm. They built fourteen wooden vessels, three steel sailing ships and the fleet of steel steamers which were known as the Battle Line. Practically all interests in the Battle Line were disposed of during the war.

The business has been more recently under the management of Percy W. Thomson and has been very successful. It is expected that with the transfer of the interests, Mr. Thomson will retire from the shipping business in which he has been so successful and to which he did a great deal to further the development of the port of St. John.

Mr. Ledingham is expected to return from Montreal this week after completing the deal on behalf of the Thomson interests.

**NOW READY FOR DECISION IN FORD'S LABEL SUIT**

Mount Clemens, Mich., Aug. 12—Arguments in the \$1,000,000 label suit of Henry Ford against the Chicago Daily Tribune closed today with the summing up addresses of Elliott G. Stevenson, senior counsel for the Tribune and Alfred Lucking, senior counsel for Mr. Ford.

**BUSY MORNING IN POLICE COURT**

**Benefit of Doubt Given Those in The Policeman Kierstead Case—Liquor Charge And Other Matters**

In the police court this morning, Gerald O'Reilly and William O'Connell were charged with having liquor in their possession illegally. They admitted that they had brandy. On request of Inspector Merryfield the accused were remanded until Saturday morning. Inspector Merryfield said he would try to obtain a warrant relative to O'Connell from Chief Rideout, Moncton, to present to the court on Saturday.

A case against James Reid, a sergeant in the army who is held on suspicion of having stolen goods in his possession, was remanded. It was learned from Captain R. L. H. Goodday, A.P.M., for this district, that the electrical fixtures in Reid's suit case were from the military stores and amounted to \$5 in value. Captain Goodday questioned the accused, who said he obtained them from a non-commissioned officer in the Canadian Engineers. He was handed over to the military authorities to be dealt with by them.

A case against William Sharkey, charged with assaulting Policeman Kierstead recently; Tony Mavarkos, charged with resisting a policeman and John Collins with interfering with the police, was resumed. Mavarkos denied the charge. Sharkey said that in self-defence he grappled with the policeman to save himself from being hit over the head. Collins also denied the charge under oath, and corroborated the evidence of Mavarkos.

In view of the evidence the magistrate gave the benefit of the doubt to Collins and Mavarkos and dismissed their cases, while Sharkey was let go provided that he reports to the court on September 12. Samuel Kierstead was arrested last night by Policeman Gibbs and charged this morning with being drunk and using profane language in Chapel street. He pleaded guilty to being drunk but not guilty to using profane language. He was fined \$8 or two months in jail for each charge.

A case against James Moore, William Moore and a youth, who are charged with breaking into a freight car in the C. N. R. yard and stealing, was resumed. The case for the prosecution was finished. James Moore and the youth pleaded not guilty, while William Moore pleaded guilty. They were sent up for trial.

James Devlin and Arthur Perry, charged with breaking into Coleman's lunch wagon in North Market street, were sent up for trial.

A case against George Russanoff, charged with obtaining money under false pretences from Rosa Magill, was resumed, but on request of Daniel Mullin, K.C., counsel for the plaintiff, was again postponed until this afternoon at three o'clock.

**ST. JOHN HOMES SADDENED BY SUMMERSIDE TRAGEDY**

Relatives of John Dobson Who Lost His Life Through Laundry Fire, Lived Here

The explosion, which occurred recently in Summerside, P. E. Island, brought sorrow to St. John homes, through the death of John Dobson, proprietor of the Summerside Steam Laundry, where the accident happened. Mr. Dobson some years ago used to come here quite often and was known to a good many St. John people, besides having relatives here who have been particularly sorry to learn of his death. Mrs. H. W. Myles, 10 High street, his niece, was in telegraphic communication with members of the household in Summerside concerning his death.

Mr. Dobson died at the Prince County hospital as a result of burns received in the explosion at his plant, of which he had been for twenty years proprietor. He was sixty-nine years of age and one of the most prominent and respected residents of Summerside. At his funeral the stores were closed and business was temporarily suspended as a mark of esteem, for he had always been active in any movement for the public welfare and had done much to promote the best interests of the place.

Mr. Dobson is survived by his wife; four sisters, Mrs. D. W. Chicks of Portland, Me., Mrs. J. S. Allen of Summerside, and Misses Mary and Caroline at home, and one brother, Daniel Dobson of St. John who makes his home with the best interests of the place.

Herbert Dobson of this city, while he resides Mrs. Myles, other nieces are Miss Winnie Schurman, returned nurse, of Summerside, Mrs. Wm. Spence, and Mrs. Stanley Watson of St. John, and Mrs. Charles Hanson of Chatham, N. B. The funeral was attended by a large body of citizens. Services were conducted by Rev. H. C. Rice and Rev. Mr. Payne.

**VISITING BOY SCOUTS BEING ENTERTAINED**

The five Boy Scouts who completed their hike from Woodstock yesterday have been taken around and shown the points of interest in the city by Secretary Armstrong of the board of trade and C. H. Mayes, president of the soldiers' reception committee. Yesterday afternoon they visited the west side and this morning they were seen around the centre of the city. This afternoon and evening they are to be entertained at the various theatres of the city.

The Boy Scouts of the city have given the visitors the place of honor in the celebrations of Thursday and Friday. On Thursday they will be placed at the head of their column in the parade for the soldiers and on Friday will have a prominent place in the guard of honor that is being supplied by the local troops at the boat landing.

The boys said this morning that it is likely that they will return home by train. Their average rate of speed on the trip to the city was nearly four miles an hour during the time they traveled.

**What Makes a Home?**

We Wonder!

All the writers, it seems, are temperamental, idealistic persons, who define home only in the broader, more exalted sense. And so, of course, they have attained immortality! Now we, being practical folk do not expect even a discarded halo for our thoughts but our idea is that the love and affection and companionship — so nearly synonymous with home — though not entirely dependent on externals for their source at least owe in a large measure, their steady growth to an atmosphere made congenial by beautiful and comfortable furnishings.

The result is that we have now assembled a collection of Furniture as thoroughly fine as good materials, able designers and expert craftsmen could make it. It holds a personal appeal to every one who interests himself in the outward and visible signs of a home.

Every piece is priced just as low as an established policy of buying and selling will permit, and that—need we say?—makes a direct appeal to every one who "counts his pennies," not merely for pastime, but for practical economy reasons.
