JANUARY FAIR SALE

There has been wonderful enthusiasm displayed at this store during our Special January Sales, and values have been such that it is now only necessary to announce a Dunlap-Cooke Special Sale in order to draw the crowds: and it is no wonder, because never before in the history of the fur trade have select and exclusive quality furs been sacrificed as we are doing and will continue to do during this sale. We have one idea in front of us—that of making a clearance, and we have reduced the prices sufficiently to make this certain. The following specials will give you an idea of the great reductions which we have made in every department. The sale starts on Saturday Morning, January 21st, and you will not find again in years such bargains as we have to offer. Doors open at 10 a. m.

NO. 3, ST. JOHN TROOP BOY SCOUTS
GENERAL ORDERS.
Headquarters West St. John, Jan. 11. Patrols will meet at some place designated by their leaders on Tuesday, Jan. 24, 1911, at 7.45 p. m. for the purpose of playing a scout game, to be carried out as follows:

Scoutmaster will leave some place, unknown to any but himself, on the western side of the harbor, between 8 o'clock p. m. and 8.15 p. m., and endeavor to place a mark with white chalk on four of the largest buildings (not necessarily the largest buildings) on the western side of the harbor at a distance not greater than five feet above the ground (C. P. R. elevator and all other buildings below C. P. R. Railway tracks not to be included). Patrols or any portion of patrols will endeavor to intercept and make a prisoner of the scoutmaster before he has accomplished his object.

Patrols, or any portion of patrols, are not to leave their places of assembly before 8 o'clock p. m.

At 8 o'clock p. m., or as soon thereafter as possible, the patrols will assemble at St. John's church grounds.

If the scoutmaster has been successful in placing the mark on four buildings which he has selected, he wins the game. If the scouts capture him before he has marked all four buildings the scouts win.

Rules to be Observed.

The scoutmaster will consider himself a prisoner immediately on being tagged by any scout.

The grounds within thirty feet of a building on all four sides are to be neutral ground. The scoutmaster cannot be tagged within these limits.

Dear Sir:—The headquarters council (with the concurrence of the chief scout) have decided that in future the bronze and silver crosses for gallantry and the medal of merit will be granted by the governor-general or governors of dominions or colonies, or failing them, by the president of the Boy Scouts' Council on the recommendation of the active head of the boy scouts in the dominion or colony.

A supply of these medals will be sent to each governor-general and governor, so that no delay may occur in making the awards.

When a lad is recommended for one of these medals a full report should be sent by the scoutmaster with the written evidence of eye-witnesses to the commissioner or active head, who will submit the correspondence to the governor-general or governor for his decision.

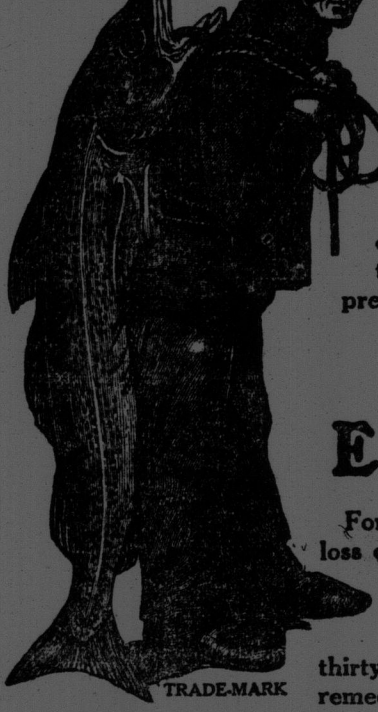

Yours faithfully,
J. ARCHIBALD HYDE, London, Dec. 14.

A SATURDAY'S OUTING.
The Y. M. C. A. troop of Scouts met at the ice house stables last Saturday, the 14th of January, at 2 p. m. Most of the troop, excepting two or three, started through the park, around the artificial lakes, where some of the Scouts took their tests in running. They then headed through the woods to Peacock's valley and from there to Long Lake, where they met the few who had been too late to start off with the rest from the ice house.

At Long Lake there were various tests in rowing, freestyle, and in the cooking and trailing. There were seen about five fires going, which had to be lit, using not more than two matches. This test was passed by all those that had not taken it before.

Knowing the sixteen principal points of the compass was passed by one or two Scouts. Cooking was also taken by one or two. In trailing our scoutmaster, John McKinnon, started off to make a trail. He told us that in one place he would find where a person has been shooting, and in another place we would find pieces of paper with numbers on them. The trail was a blood one, a mark set on one side of a tree and a mark placed on any other part, showing the direction we were to go. We were allowed to go three minutes after each other, but everybody missed the piece of paper some where along the line. We afterwards found out there were parties

A LETTER.
W. H. Moor, St. John Y. M. C. A. St.
Dear Sir:—The headquarters council (with the concurrence of the chief scout) have decided that in future the bronze and silver crosses for gallantry and the medal of merit will be granted by the governor-general or governors of dominions or colonies, or failing them, by the president of the Boy Scouts' Council on the recommendation of the active head of the boy scouts in the dominion or colony.

A supply of these medals will be sent to each governor-general and governor, so that no delay may occur in making the awards.

When a lad is recommended for one of these medals a full report should be sent by the scoutmaster with the written evidence of eye-witnesses to the commissioner or active head, who will submit the correspondence to the governor-general or governor for his decision.

Yours faithfully,
J. ARCHIBALD HYDE, London, Dec. 14.

A SATURDAY'S OUTING.
The Y. M. C. A. troop of Scouts met at the ice house stables last Saturday, the 14th of January, at 2 p. m. Most of the troop, excepting two or three, started through the park, around the artificial lakes, where some of the Scouts took their tests in running. They then headed through the woods to Peacock's valley and from there to Long Lake, where they met the few who had been too late to start off with the rest from the ice house.

At Long Lake there were various tests in rowing, freestyle, and in the cooking and trailing. There were seen about five fires going, which had to be lit, using not more than two matches. This test was passed by all those that had not taken it before.

Knowing the sixteen principal points of the compass was passed by one or two Scouts. Cooking was also taken by one or two. In trailing our scoutmaster, John McKinnon, started off to make a trail. He told us that in one place he would find where a person has been shooting, and in another place we would find pieces of paper with numbers on them. The trail was a blood one, a mark set on one side of a tree and a mark placed on any other part, showing the direction we were to go. We were allowed to go three minutes after each other, but everybody missed the piece of paper some where along the line. We afterwards found out there were parties
