Couldn't Even Drink a Cup of Tea—Gains Thirty Pounds After Tanlac Ends Trouble.

The public of today is accustomed to strange and unusual occurrences, and the newspapers are filled with sensation from day to day; but in spite of this, the story of Mrs. Wellington Campbell, regarding her remarkable recovery by the use of Tanlac, would rarely be believed were it not for the high character of Mr. and Mrs. Campbell and the further fact that each and every circumstance can be established beyond a reasonable doubt.

Mr. Campbell is a retired farmer and rancher. They came from Kingston, Ontario, to Calgary just after the war started and located at 301 18th avenue, West, where they now reside. Mr. and Mrs. Campbell have five sons, two of whom made the "supreme sacrifice." Another, who was badly wounded, is now working in the office of the Canadian Pacific railway in Calgary.

"I am a well, happy woman now," said Mrs. Campbell after completing her remarkable statement, "and my husband remarked just the other day that I would not be with him now if it had not been for Tanlac."

Following is a recital of the facts just as Mrs. Campbell related them:

"For the benefit of others I want to tell how my health has been so wonderfully restored by Tanlac. My age—for I am now almost seventy—makes it seem all the more wonderful, and I hope my statement will be the cause of others finding health and happiness. I had suffered for thirty years or more from stomach trouble and nerve disorders and about a year ago my health became so bad that I gave up all hope of ever getting well. My stomach was in such a condition that I could not eat a bite of food for weeks at a time and my nerves were shattered completely. It is impossible to describe the suffering I went through and only those afflicted the same way can have much idea. I tried every known treatment at great expense, but the results were always discouraging. For three months I lived entirely on specially prepared biscuits and could not even drink a cup of tea."

"At this time I was very weak and delicate and my husband never expected to see me pull through, and a friend visiting us at the time went away believing she would never see me alive again. My husband finally bought me a bottle of Tanlac, having read of the splendid results others had gotten from it, and the next time he brought five bottles, for I found it was correcting my troubles and soothing my nerves. In a short time it created an appetite for me and I began to improve rapidly. Well, the result I have obtained from nine bottles is nothing less than astonishing. There have been thirty pounds added to my weight and my health is better than at any time since my troubles began. A walk down town, which is eighteen blocks, is just good exercise for me and when my friend returned to visit me again a few days ago she could hardly believe her own eyes. I feel that I would be ungrateful not to tell others about Tanlac for I consider it the greatest of all medicines."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative. (Adv.)

The Intelligent Way
To End Corns

Not by paring. That's a risky makeshift, and results are brief. Not by harsh, haphazard methods made by non-scientific means.

Not by padding. Pads are unsightly, and they simply coddle corns.

Expert Methods

Blue-jay was invented by a scientific expert. It is made by a house famed for its surgical dressings.

It embodies the up-to-date method, the right method of corn treatment.

Apply it and the pain stops instantly. Forget it for two days. Remove it, and the corn is gone for good. One corn in ten may need a second application, but that's all.

Millions of corns have been ended in this way. Aching corns are unknown to its users. These are facts known to your own friends and neighbors. It is time that you knew them. Try Blue-jay tonight.

WHY THE TRAIN
WAS HELD UP

Statements by Premier Foster and Hon. W. P. Jones on Status of Negotiations Between C. N. R. and C. P. R.

There still remains some doubt as to when the through service from St. John to Centerville by way of the Valley Railway will be commenced, on account of the failure of the C. P. R. and C. N. R. to agree as to running rights over the C. P. R. from St. John to Westfield. The first scheduled train went over the line from Westfield to Centerville yesterday, the passengers from St. John being taken to Westfield by a special C. P. R. train leaving St. John at 2:30 o'clock.

All along the line the train was greeted by the residents of the country through which the line passes and there were a few passengers who got off at the intermediate stations. The greater part of them however went through to Fredericton and many expressed themselves as delighted with the trip.

Among those who travelled from St. John on the first official trip over the new line were: Premier Foster and his son, Walter; E. S. Carter, secretary to the Premier; C. O. Foss, chief engineer of the Valley Railway; J. S. Crockett, of the C. N. R. freight department; R. Z. Walker, assistant superintendent, Fredericton, and Mrs. Walker; L. Dougan, travelling passenger agent, Moncton; D. A. MacNeill, supervisor of telephone and telegraphs; A. J. Gray, assistant general freight agent, St. John; H. C. Creighton, superintendent Canadian Express Co.; W. A. Lochart; W. J. Mahoney; W. Bowman; Henry Lee; Mr. and Mrs. W. I. Penton; M. E. Moore; Edward S. Crawford, of the Bank of Nova Scotia, and his mother, Mrs. Gabriel Crawford; Mr. and Mrs. E. B. Ellis; Dr. G. G. Melvin; H. B. Tippetts; S. L. J. Peters, Hampstead; T. Sherman Peters; Gagetown; W. McKel, Brown's Flat, and a staff representative of The Telegraph. The train crew which accompanied the train for the first trip consisted of the following: Conductor, Robert Henry; engineer, H. Lawson; fireman, L. McPherson; baggage man, G. Markee; brakeman, William Barrow and news agent, R. E. Coleman. Both the conductor and news agent are veterans in the government railway service.

The Premier's Statement
Before leaving St. John the premier was asked for a statement with regard to the failure of the Valley train to leave, and said: "B. D. Hanna, president of the Canadian National Railway, wired me some days ago that arrangements had been completed to commence operations of the St. John & Quebec Railway on Wednesday, October 1. He said that all parties had been notified. Consequently, I was surprised to learn last evening that the C. P. R. authorities had not received any instructions to let the train from Westfield to St. John & Quebec Railway to pass over their tracks from Westfield to St. John."

"I took the matter up with Mr. Beatty and Mr. Hanna asking the latter for an explanation. He replied that notwithstanding his telegram of a previous date, the C. P. R. are asking terms to which he could not agree. Finding the situation as it now is, with so many people arranged to go on the train promised."

HOW TO GET RID OF
RHEUMATISM

"Fruit-a-lives" Point the Way to Quick Relief

Verona, Ont.
"I suffered for a number of years with rheumatism and severe pains in my Side and Back caused by strains and heavy lifting. When I had given up hope of ever being well again, a friend recommended 'Fruit-a-lives' to me and after using the first box I felt so much better that I continued to take it until I was cured. Enjoying the best of health, thanks to your wonderful fruit medicine."

"Fruit-a-lives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size 25c. or sent postpaid by Fruit-a-lives Limited, Ottawa.

on my own initiative I hired a special train from the C. P. R. to take them as far as Westfield. I have also wired the chairman of the railways, asking for an interim order pending further arrangements."

Mr. Jones' Statement.

Hon. W. P. Jones, K. C., president of the St. John & Quebec Railway, speaking last evening as to the present status of the agreement on running rights for the Valley railway, said: "As to the present condition of the St. John & Quebec Railway, the advice received tonight by the provincial government was that Mr. Walker, the superintendent of the C. N. R. at Fredericton, had been instructed by Mr. Brown, general superintendent, Moncton, that the operation of the railroad between Westfield and St. John would have to be postponed until he received further directions from headquarters and that he hoped to be advised regarding this at any moment. The premier has also received telegrams from Mr. Hanna, president of the C. N. R. and Mr. Beatty, president of the C. P. R. and also from Hon. P. B. Carvell, chairman of the board of railway commissioners, in conference tonight at Quebec regarding this matter. Hon. Mr. Carvell regarding that he would be able to wire something definite either tonight or tomorrow morning. The provincial government and the St. John & Quebec Railway board have been for some time endeavoring to bring together the officials of the C. N. R. and C. P. R. so that the running rights might be secured, but they have been unsuccessful. The St. John & Quebec Railway does not claim any portion of the earnings of the road between Westfield and St. John nor does it assume any liability for the payment of rentals or otherwise with the C. P. R. in connection with that part of the line. It has been understood for a long time between the St. John & Quebec Railway and the C. N. R. that whatever arrangement was made would be made between the C. N. R. and C. P. R. The premier has been very anxious to get the C. P. R. to agree to let the road be ready for operation between Gagetown and Westfield on the first day of August. The road has been ready for operation for more than a month. The board of railway commissioners has been advised of the situation and the chairman of the board is taking a personal interest in the matter. If no agreement is reached between the two railways the board will be asked to make an order for operations to commence immediately."

NOT KIDNAPPING BUT ELOPEMENT

Everything Just According to "The Pictures," and All Happy Now

Quebec, Oct. 2.—The arrest on a charge of abduction of two young men from Edmundston, N. B., brought to light a sweet little romance when one of the accused, Charles Boulet, told the magistrate at Edmundston today that he had not in the least kidnapped the girl, but that the whole thing was a mere elopement.

Charles Boulet, who is a returned soldier, had fallen in love with Miss Ouellet, and, finding that the girl's adopted father objected to his courting, decided, with the consent of the girl, to elope. The inevitable motor car was seized, packed just around the corner and the girl found things running on movie schedule when, after returning with her adopted father one night last week, she saw her lover approach, subdue the objecting father and speed away to a justice of the peace, exactly as it is done in the pictures, and the minister was pulled out of his bed and made to bless the blissful couple, who took their honeymoon trip to Rimouski, Quebec.

The father wired all over the country and had the lover arrested on a charge of abduction, but when before the magistrate at Edmundston Boulet produced a duly registered marriage certificate the man shook his head, and with a poorly hidden smile agreed that the stunt had been pulled off quite successfully. The wedding was later blessed at the parochial church in Campbellton by Rev. Father Meunier, pastor of the parish, and today New Brunswick added another name to the list of her happy married couples.

Of the births 76,212 were males.

\$2,500,000 FROM
CANTEEN FUND

Canada to Obtain This Proportion of \$30,000,000 Realized: Will Go to The Soldiers—Decision of Gen. Byng

London, Oct. 2.—Canada will benefit by a substantial sum from the proceeds of the expeditionary force canteens. These were canteens with which the Y. M. C. A. and other organizations supplied all the British troops in France with extra messing supplies, liquors, cigarettes, and various other articles. Their surplus proceeds have been turned into a fund of which General Julian Byng is director and which will be used for ex-service men of the imperial army and amounts to over \$30,000,000. An allotment, however, is to be made to the troops of the various overseas dominions, according to proportional strength. This money will be paid to the Canadian military authorities and will probably amount to between two and two and a half million dollars.

SALTS FINE FOR
ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.
