where without the slightlist evaluation. By a novel made of treatment of Dr. John Chapmen. which consists in the appli anoncold alternately to the spine by means of a special apparatus

size, and the bulge of his head had contract size, and the bulge of his head had contracted to very near its negmal measure, and also like senses returned of their healthy status. His mind, however, did not improve with the improvement of the physical senses. For n month his mind was a total blank. The mechanical pussure of the broken shall on the left side of his head still caused a sight para later assistance of the broken shall on the left side of his head still caused a sight para lytic condition of the right arm and log. and was restored to perfect use of his tongue, and was restored to complete consciousness in about seven weeks. It was soon discovered that the recollections of every work and dear the power of his tongue, it was impossible to communicate to him any idea, made or subject bered by him. He could not tell the name of one of his associates, and when he began to

learned quite a number of words, names, places and things. He can now go anywhere in the city by kimself. The new memory for want of better expression is very good, and his min very tedious to teach him some words out not from the went of arriculation, for that is per-fect. He is about twenty years of age; lives with his mother on shaued street, between First and Second streets.

TELEGRAPH NEW'S

Madrid, Jan. 29. It is stated that members of the Povisiona Government are unautimously in favor of the Duke Montpensier for the Spanish throne. Athens, Jan. 29. The action of the King of Greece upo

ferms submitted by the recent Conterence is considered as uncertain. Nothing definite as to intentions relative to the matter is as yet course.

Lord Monck, recently Governor General of Canada, has been appointed Chairman of the Franco-American Cable Company. The Provisional Government of Spain yes
