PURE RICH BLOOD PREVENTS DISEASE

Bad Blood—that is blood that is impure or impoverished, thin and pale,—is responsible for more ailments than anything else. It affects every organ and function. In some cases it causes catarrh; in others, dyspepsia; in others, rheumatism; and in still others, weak, tired, languid feelings and worse troubles. It is responsible for run-down conditions, and is the most common cause of disease.

Viknor's Victims

Mystery of Lifebelts Solved The body of the latest victim of the loss of the merchant cruiser Viknor to be washed ashore is believed to be that of a Scotsman named Kenneth Ballantyne. It was found at Murrough Bay, near Fair Head. The deceased had the figure of a woman tattooed in blue and red on the right forearm, with a Union Jack and the Stars and Stripes underneath. Over the man's heart was the word 'Jerrie' tattooed in capital letters. Kenneth Ballantyne was the gunner on the vessel.

INDIGESTION FOR FOUR YEARS

Woman of Coley's Pt. Almost Gave up Hope of Getting Better

Cured by Arctic Indigestion Cure.

Coley's Point, Jan. 28, 1915.

Dear Sir:—I want to tell you of the wonderful good your A.I.C. has done me. I have had indigestion for three or four years. Sometimes I felt better and sometimes worse, until this last six months. I got so bad I could not keep down anything I ate. My food would seem like a hard lump in my stomach, and I would be almost distracted with pain until it came up. At last I could not even keep down a drop of water. I grew weaker every day. It was impossible for me to do any work. I had tried different medicines but none did me any good. In fact, I had almost given up getting any better when I obtained a half-pint bottle of your medicine to give it a trial, and it done me so much good I got another bottle. I cannot speak too highly of it, for I believe it saved my life.

Yours truly, Mrs. ELIJAH GOOSEY.

Manufactured by Saunders & Mercer SHEARSTOWN. \$1.25 and \$2.25 a bottle
