JOHN OLIVER SAYS IT DID NOT HELP PUBLIC

#### Several Bills Considered in the House Yesterday—Woman Suffrage.

Legislative Press Gallery, Feb. 8, Another government bill finally passed and several measures advanced a stage was the record of a short sitting of the legislature this afternoon. The bill was that which provides for the appointment of a commission to revise liable to examination and license, as is and consolidate the public statutes of

Woman suffrage has a champion in the Socialist leader, who introduced a bill providing that women shall have the franchise on the same terms as the provision shall not apply to companies sterner sex. He introduced it without comment, but several members smiled in anticipation of its fate.

Dr. King (Cranbrook), introduced the bill respecting the medical profession, which an explanation was given in this afternoon's Times. John Jardine, for Dr. Kergin

(Skeena), introduced a bill to incorpor-Railway Company, one of the outcomes of the opening up of the northern country by the Grand Trunk Pacific.

Improved Private Property. John Oliver (Delta), moved: "That an order of the House be granted for a return of copies of the report of the in spector of dykes and of the order-inouncil authorizing the construction of ing 1908; also for copies of the conup to the government to explain.

building of the dyke. When a bill for arrears of dyking taxes was sent the ground that so far as he was concerned the building of the dyke had proved the ruin of his farm. The mat-ter had been brought to the attention of the government two years ago, and as the taxes could not be remitted, a report had been obtained from the engineer. Acting on this, drainage works had been undertaken which had materially benefited the lands in question There had been no favoritism whatever in this matter.

"If the inspector made such a report he ought to be fired," said Mr. Oliver. 'No hardship was inflicted upon this man's farm by the building of the dyke, and no harm done the man. If the report of its engineer that engineer ould be discharged and a more reliable man put in his place. I know the land and can assure the House that the man received no damage whatever. The expenditure has been made simply to improve his land and that of the Bank of Hamilton adjoining, and I say it was ry improper to use public money in that way. If the government acted on a report from its inspector it was an absolutely untrue and unreliable re-

The motion was adopted. Mr. Oliver obtained an order for copies of all orders-in-council, letters, telegrams, agreements or other papers that he could not be convicted on this or documents relative to the acquisition by the Victoria Terminal Railway Company, or the V. N. & E. R. Co., of any foreshore rights situate in Delta elec-

Disposal of Crown Lands Mr. Oliver asked the following questions: "1. How many acres of crown How many acres of crown lands sold Saturday night the show will be in be given a final reading to-morrow afempted were deeded during the year 1908? 5. Has the government taken any purse of \$1,000.

Hon, F. J. Fulton, commissioner of lands, replied: "1. Approximately 121,-263 acres. 2. 156,606 acres. 3. 163,024 acres. 4. 41,553 acres. 5. Yes. 6. Required applicants to comply with Land

Mr. Oliver also asked: "1. Is it the intention of the government to repay to the Fraser fishermen, who were con ted of offences under the Fisheries Act, the amount of the fines imposed upon them? 2. Is it the intention of the government to reimburse the Fraser river fishermen, who were prosecuted under the Fisheries Act, the amount of costs incurred by them in connection with such prosecution. 3. Is it the intention of the government to make good to the fishermen prosecuted under the Fisheries Act the damages they sustained on account of such prosecution?

The attorney-general replied that the government was appealing the case to the Privy Council and until the matter was finally settled could not consider the matter.

Bills Advanced.

The bill authorizing the revision of the statutes was read a third time and passed, and that amending the Arbi-tration Act was considered in committee, Dr. G. A. B. Hall (Nelson), in the chair. It stands for third reading at next sitting. The amendment provides for the appointment of new arbitrators in case of death or inability to act, instead of allowing the single arbitrator to so ahead with the hearing and

Second readings were given without discussion, to bills amending the Public Inquiries Act, the Succession Duty Act, and the Dairy and Live Stock and Associations Act, the purport of which were explained a few days ago. The last-named bill is in charge of W. H. Hayward, member for Cowichan, and its presence on the order paper among the government measures led to jocose inquiries from the opposition as te whether the hon, gentleman from the

rich dairying district up the island had

joined the ministry. The bill incorporating the Victoria & Barkley Sound Railway Company was advanced to its penultimate stage, and two Cranbrook district railway bills were put through committee, those inting the Flathead Valley Railway Company and the Meadow Creek SEVERAL BILLS GET Railway Company. W. J. Manson (Dewdney), and J. M. Porston (Cari-

two bills, respectively. The incorporation of the Goat Rive Water, Power & Light Co., Ltd., was explained on the second reading of its bill by J. H. Schofield (Ymir), as neces sary for the development of the district around Creston and near the Goat river canyon. The incorporators are E. V Bodwell, K.C., J. H. Lawson, and H. G.

Licensing Electricians.

A petition from the B. C. Electric Railway Company was presented by W. H. Hayward. The company wants to appear before the municipal committee counsel to show cause why its linenen and other employees should not be proposed in the Municipal Clauses Act endments, where provision is made for the passage of by-laws covering such matters. The company points out that in the Vancouver charter the legislature has provided that a similar operating under special acts, which it considers would make it unn for its employees to take out a license.

In doing so Mr. Oliver said no The particular offence under the charge public advantage whatever had been was that he had no visible means of gained by this expenditure and it was maintaining himself or of earning a livelihood. The evidence of the poli The premier said that the facts as far officer went to show that the convicted as he knew were that the lands of one man was a non-worker, and that he Mr. Alderson had been submerged by consorted with characters that were

not desirable. This morning the Chief Justice stated that he had decided to make an order absolute. He pointed out that the term vagrant and being a loose, idle and dissolute person was desceptive. The offence had to come under some of the enumerations which followed. The Chinaman had been found with \$3 in his pocket. Having that he could not be said to be without visible means of

H. Dallas Helmcken, K. C., for the crown, argued that the Chinaman's character was set out by the evidence

The Chief Justice said that this was a section of the code under which the greatest care should be taken. It could be made the instrument of oppression if not carefully guarded. Under it a man seeking work without a cent in his pocket could be sent to jail as a vagrant. He had seen hundreds of cases like that where honest people sought employment. If the man now in jail was such as the police described. it was evident they caught him at the wrong time or got after him under the wrong count. If it were true that he lived as he did they would yet get him and might give him the limit. He was prepared, however, to go so far as to say that even if a man had no money in his pocket when arrested but was able to show that a boarding house was prepared to supply him with board.

## HOUSE RUSHING LEGISLATION

TO THE FINAL STAGES

Water Clauses Bill Introduced -Barkley Sound Railway Incorporated.

Legislative Press Gallery, Feb. 9. The legislature has been making record for itself by passing bills early in the session. Three government measures are now ready for the royal assent and one private bill reached that point to-day, while half a dozen other private measures will be disposed of to-morrow and next day. This is exceptionally quick work for private legislation. The heaviest piece of government work and indeed the most tedious bill of the session is the consolidation of the Water Clauses Act. This was introduced to-day by the chief commissioner of lands, and is described in an-

Hon. Mr. Fulton had also a bill to amend the agreement with the Grand Trunk Pacific and the townsite company. This extends the time for the survey of the townsite, which was to have been completed by September 30th last, until May 1st next, and also extends the time for the completion of the survey of the lands embraced in the grant from the crown of March 10th, 1905, until October 1st, 1910. The latter lands, which are not in the townsite, may be surveyed into blocks of greater area than forty acres whenever the government considers that the exwould be too great in proportion to the value of the land. The act also authorizes the exchange of three-fourths of a block of land containing about seven acres for other land in the townsite of equal value. The argreement made on September 7th last, for this exchange, for the opening of certain streets in the townsite, the crossing of

equested is ratified by the bill. Private bills introduced were those to ambia Permanent Loan Co. W. H. Hayward's bill enlarging the powers of dairy associations was alnost given a third reading. It was set action to see that the provisions of section 34, sub-section (11) of the Land Act has been complied with? 6. If so, what action has been taken?"

The meeting was held Tuesday afdown for that stage to-morrow when termoon in the committee room of the city hall, there being present Mayor Hall, Alderman Henderson, Dr. Tolthrough committee without amendthe speaker, on referring to the rules. ment could be finally passed the same it had to stand. Parker Williams presided in committee.

Questions Answered. Harry Jones (Cariboo), asked the mmissioner of works the following

ment to build a road from Eight Mile lake, near Barkerville, to Bear lake? "2. Is it the intention of the government to place a ferry across the Frase river, at or near Fort Alexander?

"3. What did it cost to keep clear

from snow the wagon road from Cottonwood to Barkerville during the fiscal "4. What did it cost to protect the town of Barkerville from tailings during the past summer and the one preceding that, and were these sums taken from the appropriations for the trunk

Hon. Mr. Taylor replied as follows: "1. It is under consideration. 2. When ferry has been asked for it will receive consideration. 3. \$1,194.95. 4. \$1.775.29; H. C. Brewster (Alberni), asked the

ssioner of works: "1. What sums were paid one Duncan McMillan, of Parksville, out of the grant for roads, bridges, etc., of last 2. For what services were such noneys paid? "3. How much money did his son

Preston McMillan, of same place, receive, and for what services? "4. What was the total cost expended on the works that these two men vere employed upon?" Hon, Mr. Taylor replied: "1. Fore man, \$422.47. Use of horse and rig, \$53. 2. Answered by No. 1. 3. \$238.74. Labor. \$35.74; team, \$199.50; use of horse and rig, \$3.50. 4. \$4,205.36."

C. W. Munro (Chilliwack), asked the "1. Who was caretaker of Chilliwack

dyke from October 1st, 1907, to September 30th, 1908? 2. What salary was paid to caretaker for said period?" \*
Hon. Mr. Taylor replied: "1. A. A. Cruickshank. 2. 3366.76."

PRETTY HOME WEDDING.

Marriage of Mr. W. Johns and Miss H. C. BREWSTER'S BILL TO Hilda Gonnason

A quiet but pretty home wedding took lace at seven o'clock on Tuesday at he residence of Mr. Aaron Gonnas 722 King's road, when his daughter Hil-da, was united in marriage with Mr. Wm. Johns of Aberdeen, Washington Rev. Dr. Campbell officiating. The bride, who was given away by

her father, looked very charming and pretty in a handsome wedding gown of white net over white silk, and carried a bouquet of white carnations. She was attended by her cousin, Miss Sigrid Sonnason, in a dainty bridesmaid's frock of white lace, and her sister, Helen May Gonnason, in a very pretty eolinne. Both bridesmaids carried bouquets of white carnations. The wedling march was played by Miss Ohlson handsomely gowned in white silk. Mr. . Dillabough, of the B. C. Telegraph company, supported the groom.

The drawing-room, where the cere ony took place, was suitably decorated for the occasion with pink carnaions, palms and ferns, while in the dining room, where dinner was served, the color scheme was effectively carried out in pink and white carnations, and Mr. and Mrs. Johns left on the Prin

cess Charlotte for Vancouver, where they will spend their honeymoon, after which they will take up their residence at Aberdeen, Wash. GREAT MEN WHO HAVE

KILLED USEFUL LEGISLATION

PROTECT MINERS GOES

. H. Hawthornthwaite Has Tilt With the Speaker Regarding Judges.

Legislative Press Gallery, Feb. 10. Two bills coming from the other side of the House, both affecting mines, marked out by the government for disapproval, were killed to-day by straight party votes. One was a measure brought in by the member for Alberni to meet the case of miners who work for men coming across the line to take an option on some mineral property, and who are left to lament the oss of their wages when the operator slips out and leaves them in the lurch .. A similar measure was introduced by Mr. Brewster last year, when the government promised to find a remedy and not devise a cure for a condition of affairs which they did not deny.

Hon. Thomas Taylor introduced a bill o amend the Highway Traffic Regulation Act, forbidding the drawing of loads of over two thousand pounds in vehicles with tires of less than four inches wide, and making it unlawful to PROVED ZAM-BUK | mcnes wide, and honder over or along any to strikes. public highway.

John Oliver will discuss the bill in its bearings on the maintenance of country roads to-morrow. The bill incorporating the Flathead

Valley Railway Company (Mr. Ross, Fernie), was given its final reading. This company will build from Corbin on the Eastern British Columbia railway, forty miles southward to the international boundary.

The Arbitration Act and Magistrates Act amendments were read a third time also. Other small government measure were advanced a stage.

Fire Insurance Policies. An amendment of interest to insurers and persons insuring was made to the Fire Insurance Policy Act when the amending bill regarding the awards of arbitrators came up for its last stage but one. The bill provides that where an arbitration takes place to determine the value of property lost the award may be made by a majority of the ar-

oitrators. To this the attorney-general to-day proposed that companies or other inurers should not be authorized to vary, omit or add to statutory condition No. 16. This condition, Mr. Bowser explained, governs the question of loss, and states that the cests of any arbitration as to loss shall follow -the award. This condition was generally altered in red ink, inside the policy where few people looked for it, to the extent that the insured agreed to pay a word which should be more frequenthis own arbitrator and half the censes of an umpire. This should not be allowed

The amendment was agreed to and the bill stands for third reading. The Elections Act.

When the bill amending the Provincial Elections Act was taken up in committee, Thomas Gifford (New Westminster), in the chair, the leader of the opposition proposed to alter the provision for the posting up of lists of applicants for registration. At present this must be done on the last Monday in any better position than any other em-March and September, and the bill ployee. If this was to be allowed in one vincial university. There was absolutely no provision at present for these

The attorney-general asked that these stand over till later till he has had time to consider them.

Prince Rupert Townsite

Hon, F. J. Fulton, in moving the second reading of the bill ratifying the agreement made with the Grand Trunk Pacific last September, made a more detailed explanation than has been made this session of a government meaure. By the aid of a large blue-print of the site the commissioner pointed out the additional lands which the province gets, including four school sites. Mr. Fulton disagreed with the member for Delta as to the value of the waterfront lots selected by the government. In block B he considered the government had chosen what would be one of ment or the member for Delta was corect in their opinion. By the agreement the company

obliged to run its railway along the whole water-front and also to put in ject of the member for Alberni was warehouse spurs or sidings whenever praiseworthy, but did not see hew his the lieutenant-governor-in-council re- proposal could be carried out all over quires it to be so. journment of the debate until to-day, in order to have time to look into the plan presented to the House.

Meaning of "Underground."

Premier McBride, resuming the ad-

journed debate on the bill introduced by the member for Grand Forks to make the eight-hour day in mines apply from surface to surface, declared that the government could not accept it. The position he took was absolutely without bias to mine-owner or mineoperator. Such a proposal must be approached by the legislature with an open mind and an eye to the advancement and development of the province's mines, and must move slowly. The eight-hour day, so far as it had been in operation, had been working satisfactorily, but there had been no demand for any such extension of it as Mr. McInnis asked; besides which, that gentleman had been in the House three sessions before he found it necessary to bring in this bill. At the present time the price of copper was very low and if the cost of production was in-creased, as it would be by such a proposal as this being adopted, the result

might be very serious indeed. J. H. Hawthornthwaite did not express much confidence in the officials of the department of mines from whom the premier had stated that he got some of his information. He considerthe bill was dropped. To-day the attorney-general and the minister of mines both asserted that they could "we will be relieved of advice and the ed these officials were suffering as a province of their presence." He took exception to the idea that mine operators were suffering from low prices they were making "scandalous pi that of the Granby smelter being \$60,000 to \$70,000 a month. If the miners could not get redress by these legal means they would have to resort again

Called to Order.

Speaking of the "glory-hole," or open air workings, Mr. Hawthornthwaite said its establishment was an attempt to evade the eight-hour law. working in these places were in hourly danger of death. The mine operators had been curbed a little by the Work-men's Compensation Act, and then "fell back on their other staff, the courts, which are rotten, too."
"The expression the hon, gentleman has used is not parliamentary," said

Mr. Speaker Eberts. "Is that also Rule 15?" asked Mr. Hawthornthwaite, referring to a former trouble he had got into in the House. "The hon, gentleman must remember that he is not allowed to speak as he has done of the judges," the Speaker

replied "My memory is a function that belongs to myself," said the member for Nanaimo. "I will remember as long as like and quit just when I like whether I am told by the Speaker or any-

one else.' "The hon, gentleman must not use language like that in the House to the Speaker," Mr. Speaker Eberts remind-

ed Mr. Hawthornthwaite. "As long as I am a member I will nett. continue to speak as I like," retorted that gentleman. "It is a right given not by you but by the people I represent. I think rotten is a good word. It is not swearing nor un-Christian; it is ly used in dealing with some institu

tions in this province.' The bill was defeated on a division.

Protection of Miners' Wages. Another bill which was slaughtered at the government's behest was that introduced by H. C. Brewster (Alberni) with the object of protecting miners who suffer from the loss of wages b the flitting of capitalists working a

# FRUITS

SEEM TO BE NATURE'S PROVISION FOR KEEPING MAN HEALTHY AND WARDING OFF DISEASE

Cereals, vegetables and meat supply the elements needed for man's nour-ishment. Yet fruit — though it has very little food value—has proved to be absolutely necessary for perfect health.

Careful investigation has shown that all the common fruits act on the Liver, Kidneys, Bowels and Skin. These are the organs that rid the body of dead tissue and waste products, and the fruit juices stir them up to more vigorous action, thus keeping the whole body clean and healthy.

But few people eat enough fruit. Realizing this, after several years of experimenting, a prominent Canadian physician succeeded in combining the juices of apples, oranges, figs and prunes in such a way that the medicinal action is many times multiplied Then he added valuable tonics and made the combination into tablets called "Fruit-a-tives." They are really Nature's cure for Constipation, Indigestion, Biliousness and Stomach Troubles. Mild as Nature itself-but more prompt and effective. Sold by dealers at 50c. a box-6 boxes for \$2.50trial size box 25c. Fruit-a-tives, Limited, Ottawa.

sessional indemnity. A semi-monthly pay would meet the case partially.

Legislature's Duty. John Oliver supported the bill, it being the duty of the legislature, where a grievance was shown, to find a remedy. He saw no objection to requiring that a mine operator from across the line should have funds in the bank to pay his men. A man who tendered for a contract with the government was required to show that he had means to carry it out by making a deposit. And as to a bank manager's disinclination or refusal to make a certificate, there was no statutory obligation on a bank manager to certify a cheque. The attorney-general had mentioned the case of cooks. If the premier employed a Chinese cook he could move an amendment in committee that the bill do not apply to Chinese cooks. (Laugh-

"Would you want it to apply to farm laborers?" asked the attorney-general. The farm laborer has a security these ners do not have," the member for Delta replied. "He can attach the crops, seize the cattle or even take the milking-stool"

J. H. Hawthornthwaite opposed the bill, which he considered worse than no remedy, but said he would vote for the second reading as a matter of right. The bill was defeated on a straight party vote, the government members to a man being against it and the Liberal and Socialist members supporting it. Prayers were read to-day, as for the last two days, by Rev. Christopher Bur-
