HOCKEY.

LAST NIGHT'S GAME.
The local hockey season was opened last evening at the Marlborough rink with a game between the High School and St. Mary's teams. The High School team, coached by J. L. O. Coleman, won by a score of 3 to 2. Considering the little practice the boys have had they played very fair hockey, the High School having a fine team for combination work. The defense of both teams was also strong, but the High School improved somewhat in their shooting. The game was full of interest to the spectators and both teams had many friends on the side lines who rooted most vigorously. The teams lined up as follows:
High School: St. Mary's: Goal, R. J. H. Smith; Point, J. L. O. Coleman; Skinner, Brown; Cover point, Burnham; Flood (Capt.), Rover; Randall; O'Neill; Centre, Finnis; Willis; Left wing, Kennedy; Jennings; Right wing, H. L. Smith (Capt.).
Ken. Inches refereed the game.
WILL NOT ENTER N. B. HOCKEY LEAGUE.
FREDERICTON, Jan. 10.—It is considered as good as finally settled that Fredericton will not be represented in the New Brunswick Amateur Hockey League this winter. Efforts have been made by S. L. O. Coleman to organize a team of Fredericton players to enter a team in the league probably independent of the Fredericton Hockey Club. Last evening the players met at the Barker House. Among those present were Frank Rowan, Dick Malloy, Sandy Staples and Arthur Finnamore. The proposition which Mr. Coleman had to offer was outlined and it included an offer of 50 p. c. of the gate receipts as well as a free bus from the Marysville rink and the promise of the Marysville Crescents to give the local team a benefit night game at the start of the season if the locals would join the N. B. A. H. L. and play at Marysville rink. The players about decided to go ahead with the venture, and had Frank Rowan selected for captain, but then they looked at the financial question again, and not seeing where their services would control any marked remuneration they decided not to enter the league.
One part of the proposition was to have Arthur Finnamore reinstated and have him take Frank Staples' place at point, but Finnamore said today that he absolutely refused to take an affidavit and would continue to do so.

THE TURF.

The New Glasgow Chronicle says: George Holmes, of McPherson's Mills, has sold his Israel gelding to Fred Chambers and Spurgeon Gammon. The horse will be put in training next summer.
THE MARATHONS.
The Marathons had their final practice last night before leaving for Marysville, where they will play the Marysville team in the opening match of the N. B. Hockey League. The Marysville players are reported to be in good condition. They have played together for several years, while the local team was picked at short notice and has had but little local practice. After last night's practice the following team was chosen to represent the Marathons: Nixon, goal; Brown, point; Mooney (captain), cover; Clawson, centre; O'Neill, rover; Phillips, left wing; Rising, right wing.

MACMURDO CAPTAIN OF U. N. B. TEAM.

Waldo C. Macmurd, 37, was nominated and elected captain of the U. N. B. team.

Grand Organ Recital.—What promises to be a rare musical treat is the organ recital to be given next Monday evening in St. Andrew's church by Prof. Blais of Montreal, assisted by local soloists.

Rev. Job Heaney of the Courtenay Bay Methodist circuit, was last evening presented with a study lamp by his parishioners. A parlor lamp was given to Mrs. Heaney and a purse of money completed the presentations. A. E. Harrison made the presentation.

On the desk in central station there now stands a handsome alarm clock. It was put there yesterday and is kept correct to the second, being timed each day with the one o'clock bell, the six o'clock bell and the seven o'clock bell. The policemen will hereafter have an accurate standard to go by, and there will be no more discrepancies in their timepieces. Of late it has been seen that an officer needs the correct time his person, particularly in cases relat- ing to bars being open after hours, and this is perhaps the chief reason for the installation of the clock, which also adds to the beauty of the station.

The appeals committee, Ald. Hamm presiding, held their regular monthly meeting at City Hall yesterday after- noon, beginning at four o'clock. As usual there was a good attend- ance of appellants. The general opin- ion expressed is that the new ar- rangement under D. G. Lingley is proving a decided success. To show that the new system is rounding up share towards the civic expenses, the example of a man who appeared yes- terday before the board well illus- trates. This man said that he had moved to this city from another part of the province about ten years ago and during these years has lived in various parts of the city, and is now finally discovered in the West End. During the ten years this fortunate individual never received a tax bill, nor was once pursued by a constable. He was inclined indeed to be indig- nant that he should have to pay anything now. The arrears collected under the new system amount to \$1,122, as against a figure slightly over \$10,000 last year, an increase of over \$10,000.

A collision occurred at Bloomfield station last night between No. 12 fast freight from this city and Wilson's west bound special. No. 12 was taking the siding in order to allow the special to pass, and the engine of the latter train struck the two rear cars of No. 12. The accident is accounted for by the fact that the two cars on the east bound train had not reached the siding in time. The engine on the special was slightly damaged. An au- ditory train from Moncton was sent to the scene and the line cleared short- ly after it arrived. No one was injured in the collision. The special carried the passengers and mails of the maritime express. Both incoming trains this morning were on time.
