ATTITUDE OF THE POWERS AT THE HAGUE CONVENTION

Spain and Portugal Inclined to Follow Britain's Example—Austria Will Adopt the German Programme—Japanese Ideas.

MADRID, June 11.—The recent union of the royal houses of Spain and England with the present intimate relations between the governments of the two countries, renders it practically certain that Spain, at the coming Hague conference, will follow closely in the wake of England. Indeed, it is not impossible that she may advance tentative propositions which England may not care for the moment to openly espouse.

Portugal's position at the Hague can be easily surmised. Her delegates will probably support the English position at every point, for in foreign politics Portugal is now practically a political dependency of the British Government.

VIENNA, June 11.—The attitude of Austria-Hungary at the Hague Conference will be substantially similar to that of Germany, her ally in the triple alliance. On the proposal to limit armaments, it is believed that the Austro-Hungarian delegates will not be different from that of her allies on the Triple Alliance.

VIENNA, June 11.—Apparently Japan approaches the Hague with a tentative programme to be given definite shape by the delegates of the conference. The government beyond formal expression of a desire that the conference may be productive of beneficent results has maintained much reserve regarding its attitude on the larger questions which will come up, but prominent men in both official and private life have conceived their belief that any practical results are at best problematical. Broadly speaking it is believed that the Japanese delegates will act in close harmony with Great Britain and will be found in alignment with that country on all important matters.

MIRACULOUS ESCAPE OF A SUNBURY FAMILY

PREDERICTON, June 11.—The house of Rathal Carr, residing at Geary Settlement, Sunbury County, was struck by lightning on Saturday and being demolished. The family had a most miraculous escape. Mr. Carr was working in the field nearby at the time and saw his house tumbling. He rushed to the dwelling expecting to find his family killed. It so happened that they were sitting on the door step at the time and escaped injury. The bolt passed down the chimney and through the several rooms. Had there been any occupants in any of them they would have been killed.

PIONEER LODGE I. O. O. F. LEADS IN A CAMPAIGN AGAINST TUBERCULOSIS

DISABLED SCHOONER ADRIFF A FEW MILES FROM ST. JOHN

The Alma, Waterlogged and Helpless, With Six Men Perched on the Deckload, Refused Assistance, But is Now Looking for Help.

The coal steamer Pors arrived in port this morning from Forgrund, Germany, with a cargo for the Dominion Coal Co. Capt. Hanson reports having passed the American schooner Alma in distress about five miles out from Parkside Island. Capt. Hanson states that his attention was called by one of his crew to an object on the water at some distance off. Distress signals were being made and he at once headed his steamer for the boat. On arriving alongside the Alma, Hanson states that the schooner was in a perilous condition. The men were in grave danger of drowning as the Alma was liable to sink at any moment. The captain states that shortly after arriving in port, he was told that the crew of another boat which had just arrived had reported that the Alma was upset and that no sign of life was seen about the ill-fated schooner.

GELDART TELLS OF THE STOVE STEALING

He Was Very Free With the McCleary On's Stock.

The stove stealing case was resumed in the police court this morning and Hanford Geldart having pleaded guilty to stealing and having been placed on the stand as a crown witness at the last session, was cross examined this morning by Daniel Mullin, K. C., counsel for Oscar Peterson. Geldart said he belonged to Albert County, and has been in St. John three years, and was placed in jail for a month in the month of May. He was at first employed in the Chipman Hill warehouse, then transferred to the warehouse on Celebration street. He knew Wm. Mahoney who was employed with Schofield Bros., and was intimately acquainted with him. He saw Mahoney steal a stove and some enameled ware from the warehouse. He also let another man take some enameled ware, three or four pieces in all. There was also a third person whom he allowed to have some castings for a stove. He did not allow anything to go from the warehouse. He received money from Mahoney but nothing from either of the other men. Mahoney and the other men were not the first to get things from him. He furnished the names of all the persons he gave things to, to Manager Irwin of the McCleary Co. Having been asked by Mr. Irwin to tell all, Mr. Irwin did not say he would make it easy for Mahoney to go from the warehouse. He was paid for what enameled ware he gave away, having got money from two of the men who received the enameled ware. Witness said he had agreed to make good for the enameled ware missing. He had paid \$15 and owes \$8 yet to the McCleary Co. Mr. Irwin told him it was his first offence, he was a young man, and if he made it right he would be bothered. In view of that statement he was not surprised at being arrested. He told Mr. Irwin he would tell the truth and he expected to be arrested. Mr. Irwin had told him that he had found all about the stoves, and then witness confessed to everything. When he sold the stove to Peterson he told him the stove was not being manufactured by the company and was a little out of date. Peterson said he would give a little money every month. Wm. Mahoney and Peterson helped put up the stove in Peterson's house. Mrs. Peterson asked if everything was all right, and he told her it was all right because he was told by Mr. Peterson to tell her that.

SUNDAY POACHERS WERE NOT FINED

Said They Had No Chance to Fish in Lily Lake.

There were seven prisoners on the police bench this morning. Samuel Baxter, a longshoreman, was charged with assaulting her, Caroline Arsenau with assaulting her. He pleaded not guilty. The housekeeper gave evidence that she was in the kitchen when she saw Baxter and his little girl, that Baxter had been drinking since last November, owes her money and he finished up by assaulting her in her home on St. James street last night. The prisoner was remanded to jail. Thomas Dunlop and Maud Lester, two well known characters in police circles were charged with adultery in a house on Waterloo street. They were remanded to jail. Francisco Yandira, a sailor, pleaded guilty to deserting from the bark Tanso, lying at Lawton's Wharf. He was remanded to jail and will be placed on board the bark when she is ready to sail next week. One common drunk pleaded guilty and was fined four dollars or ten days in jail. Joseph Carr pleaded not guilty to drunkenness. Policeman McNamee swore that the man was drunk and swearing and the prisoner was remanded to jail. Hugh Logan, Sylvanus Seely and W. McIntyre, three industrious young men were charged with poaching in Lily Lake at three o'clock Sunday morning and thus deserting of the Lord. The worst feature of the affair is that the fishing was on Sunday. There will be no penalty this time but you had better not do it again. They were allowed to go.

Resolutions Passed After Careful Deliberation Call for Radical Reforms in the System of Protecting the Public Health

Hope that General Interest May be Aroused Over This Very Important Question.

Some two months ago Pioneer Lodge of Oddfellows took up for consideration after the physician discovers the disease or symptoms thereof, the physician to be paid the fee in each case. 6. The chairman of the Board on such return shall immediately take the case under his supervision with a view of preventing the spread of the disease from such patient. 7. That the chairman of the Board of Health shall have as an assistant an inspector whose duties it shall be to ascertain if buildings and tenements used as residences are generally conducive to health and particularly supplied with necessary ventilation, sanitary appliances and healthful surroundings with power in the Board of Health under by-laws to be made to meet any requirements in the premises such by-laws to be subject to the approval of the Lieutenant Governor in Council. 8. That the Board of Health be compelled to oversee the cleaning of the streets and enforce the cleaning thereof and to see that all places where the people reside are kept in proper sanitary and healthy conditions as already provided by law. 9. That steps be taken and followed up to prevent what is generally called "shums" existing in the city. 10. That gutting in the streets, public buildings and conveyances be stopped as already provided by law. 11. That tuberculous persons be not permitted to engage in manufacturing, handling, selling or disposing of food in any manner as already provided by law, that garment manufacturing be added to the list of occupations provided in the factories act and all such be rigidly enforced. 12. That in the public library or libraries all books returned to the library shall be thoroughly disinfected. 13. That the Chief of Police and all the police force shall be guardians and protectors of the public health as far as full extent as they are guardians and protectors of the public peace and for the prevention of crime and the necessary legislation be herefor. 14. That the Board of Health, under consultation with its chairman and with the mayor of the city and the chief of police of the city, to have under by-laws to be enacted in the premises subject to the approval of the Lieutenant Governor in Council, full power to take steps towards the prevention of tuberculosis. 15. It shall be the duty of the Board of Health under the superintendence of the chairman immediately after the burial of the body of any person dying because of tuberculosis to effectually disinfect the house and premises including the clothes, bed clothes, carpets and things in the room in which such person died or from which such burial takes place provided always that such disinfection may be done by the family of the deceased under the supervision of the physician who attended the deceased during the illness causing the death, such physician to file within three days after such disinfection his certificate that such disinfection has been done under his supervision.

METHODIST MINISTERS IN SESSION AT HAMPTON

HAMPTON, N. B., June 11.—Clergymen from the various Methodist churches throughout the St. John district to the number of twenty arrived here this morning on the trains coming east and west. The churches represented were: St. John City—Queen Square, Centenary, Elmwood Street, Portland, Carlton, Carmarthen Street, Zion, Fairville, Courtenay Bay. Sussex—Newton, Apathal, Springfield, Hampton, Jerusalem, Welsford, Kingston. The first session was a ministerial one. This business dealt with related to ministerial standing efficiency. No objection or charges were reported against any members of the district. Rev. Spencer Crisp, of Newton, was recommended to the conference to resolve the standing of a probationer of one year after his proficiency on his course of study had been passed under review. The late Rev. John A. Clarke was the only minister or probationer reported as having died during the year, and a committee was appointed to prepare a suitable memorial for presentation to the conference and insertion in the printed minutes. Edward J. Shanklin, B. D., was reported as having graduated in theology and successfully served the required years of probation. Mr. Shanklin is a candidate for ordination but owing to his unexplained absence at the first hours of the session his name was laid on the table. The standing of Herbert F. Ball, probationer, now attending college, could not be dealt with by the district because of the absence of documents which should have been furnished by him. The following were recommended as supernumerary ministers—Charles Combes, St. John; Henry J. Clark, who resides in England; James A. Duke and Edwin Evans, D. D., Hampton; Daniel D. Bayley, B. A., Apathal; F. H. W. Pickles, Yarmouth, N. S. Rev. G. W. Campbell, pastor of Queen Square Methodist Church, St. John, asked the district to recommend to conference that he be granted permission to accept the position of secretary of the Canadian Bible Society, and that he be not appointed to a church this year. The recommendation was so made. A strong resolution was adopted urging the appointment of a superintendent for the Methodist work throughout this province and P. E. I. after a long and vigorous discussion. The general session at which the lay delegates from the church are to be present opens this afternoon at 2:30 o'clock. A public meeting in the interests of the denomination to be represented by a number of the pastors will be held this evening at 8 o'clock. GREENWICH, ENG., June 11.—Charles Dalton, an American writer, son of M. S. Dalton, of Indianapolis, attempted to cut his throat here today with a razor owing to despondency due to financial troubles. He was taken to a hospital and probably will recover.
