Upper Canadian Hockey Match
Canadiens Won N. H. L. Game in Montreal Last Night from Toronto St. Patricks by Score of 3 to 2—Ottawa Trimmed Quebec.

Montreal, Jan. 21.—With the result in doubt until the calling of time, the Canadiens won the N. H. L. game here tonight by three goals to Toronto St. Patricks' two. The French club realized that their chance for the championship depended on the use of this game and took no risks and made few mistakes. While playing under penalties to Lalonde and Cleburn as well as playing a man short, the remaining five players left no openings for the visitors to get within shooting range and played a purely defensive game. Canadiens weakened in the second and third periods and devoted all their efforts to holding the two goal margin secured in the first period.

Big Bonspiel At Antigonish

Bowling Academies Being Overtaxed

Many League Are Working and Fine Scores Are Being Made—This Season is the Best in History.

Bowling this season has become the premier indoor sport of all. From the beginning of the season the different bowling academies have been overtaxed to capacity by a large number of sports, not only the old Vets, but by others who have also become fascinated by this line of sport after their first string rolled. On Black's Allys, Main street, many records have been made by the different bowlers competing with teams represented in both the City and Commercial Leagues. High individual scores have been chalked up in the City League, with the old Veterans still holding the league. In this league two beautiful trophies have been placed on exhibition and will be presented to the two leading individual bowlers at the close of the season. These silver cups have been donated by Commissioner Thornton and A. W. Covey, a well-known local bowler. The Commercial League, which includes representatives of many of the large wholesale establishments in the uptown district, has been very progressive this season so far and is expected to wind up with a grand finale. When the season began there were far more teams desiring entries than those who are at present competing in this league. No more room could be made available, as this would probably result in a failure on account of the schedule which calls for two teams to roll every night during the week.
