

GETS UP MORNINGS FEELING FINE NOW

**Doesn't Mind a Hard Day's
Work a Bit Since Tanlac
Built Him Up So Wonder-
fully Says Halifax Man.**

George Elmsor, of 124 Mulholland street, Halifax, formerly of Marriot's Cove, N.S., is still another who has cause to be glad he was induced to give Tanlac an honest trial. Mr. Elmsor is a veteran of the recent world war, and served overseas with the Canadian Expeditionary Forces for about three years.

"While in France," said Mr. Elmsor, "my stomach went back on me, and after I returned home it kept getting worse. I had no appetite at all, and the little I forced myself to eat so nauseated me that I could scarcely retain a single mouthful. I suffered terribly from indigestion and bloating, and had awful pains in my chest. Heartburn would almost lay me out at times and I didn't dare eat any good, hearty food. The gas so distressed me that I would keep me awake at night, and I would get up mornings feeling miserable.

"A friend of mine who had been freed of a bad case of indigestion by taking Tanlac, got me started on the medicine, and three bottles have fixed me up to where I eat three good, hearty meals every day without feeling a sign of indigestion. I sleep good and sound at night, and put in a good, hard day's work every day without minding it a bit. Tanlac and nothing else is what fixed me up in such fine shape and I can't recommend it too highly."

Tanlac is sold in St. John by Ross Drug Co., E. W. Munro and by T. H. Wilson, Fairville, N. B., and R. D. Wilson, Perry's Point, N. B., under the personal direction of a special Tanlac representative—Advt.

LO.D.E. Against German-Made Films

**Anxious, Too, to Have a Lady
Appointed to the Board of
Censors.**

Twenty-one years of patriotic work were reviewed yesterday at the quarterly meeting of the Provincial Chapter, L.O.D.E., held in the German street institute yesterday afternoon and evening. A number of members from chapters in the province attended as well as many St. John members of the order. The meetings were most interesting and several important resolutions were passed.

A resolution sent in from the National Executive asked the chapters to endeavor to have respect shown to the National Anthem, and to request theatre managers to show slides asking the audience to show respect during the playing of God Save the King. Mrs. J. B. Travers pointed out that this has already been done in St. John. W. H. Golding and F. G. Spencer have complied with the request. Other managers have been communicated with.

Against German Films.

A resolution was passed unanimously to the effect that the Provincial Chapter place themselves on record as utterly opposed to the introduction of German-made films into Canada, and that it be urged that the German-made picture "Passion," now being shown in Canada, it was suggested that copies of this resolution be also sent exchange managers and the chairman of the Board of Censors in St. John.

The Provincial Chapter budget was discussed and several resolutions regarding fees for delegates were passed. Adjournment was made for supper to the Clifton House. A flag-decorated birthday cake was a feature of the evening. The Provincial President, by Mrs. W. L. Fenton, Mrs. FitzRandolph and Mrs. Vanwart thanked the Municipal Chapter for the gift.

At the evening session Mrs. Bridger of Fredericton, moved and Mrs. Pipes seconded, a hearty vote of

Teachers Told To See School Board

Urge Claims for Higher Salaries Before City Commissioners in Lengthy Interview

City Hall was besieged yesterday morning by the school teachers of the city who called to try and impress upon the city fathers the necessity for giving the school board the \$16,345 which they asked for over and above the amount they are allowed to assess by law, in order that they might receive an increase in salary.

The delegation was listened to with close interest by the commissioners and after they had concluded their case were advised to talk business with the Board of School Trustees, the board pointing out that with an assessment of \$426,000 that body should surely be able to procure some of the other estimates enough to give the teachers the advance asked for.

The Teachers' Side

H. C. Reicker, president of the Teachers' Association, recalled the various steps taken to get increases in past years. Last year they had been given a part of what they asked for and were promised the balance would be forthcoming this year. When making up the estimates for the year the teachers were informed that if the city council would vote an amount of \$16,345 more that the limit allowed the board, the promised increase would be given otherwise it would not. The teachers respectfully requested the council to vote this amount on the promise that the government would pass the necessary legislation.

Wants Balance of Grant.

W. J. S. Miles, principal of the High School, said the teachers had last year for the first time been given a full and frank hearing from the school board and had then promised to give the school board what they had asked for. The teachers respectfully requested the city council to vote an amount of \$40,000 more for salaries. The council had given \$40,000 and teachers had only received \$23,500 and this amount asked for this year. In some good the deficiency of last year and would only give the schedule of salaries adopted last year.

Joseph Harrington endorsed the remarks of the previous speakers. The teachers were only asking justice as to salaries, they had always been made to pay their taxes to the limit and felt they were entitled to what they were asking.

W. A. Nelson followed along the same lines. He expressed the opinion that the school board had done all possible to provide the increased salaries and the teachers felt their grievances were with the city fathers.

Recites Teachers' Salaries.

Miss MacChesney and Miss Wilson made an appeal for the St. John teachers to be placed on the same footing as teachers in other parts of the county. In St. John the teachers were paid \$1,200 a minimum while the average for High School teachers in St. John (female) was \$1,140 plus the government grant of \$175. The city of Moncton paid its best paid lady teacher \$140 more than the best paid lady teacher received in St. John.

Sent to Trustees.

Mayor Schofield expressed his regret that the teachers should feel they must come to city hall for redress of their wrongs. The council had power under the School Act to assess up to a certain amount of the order of the Board of School Trustees and their powers ended there. If the board needed more money they should go to the legislature and not try to "pass the buck" to the city council. In his opinion the school board should be elected and be responsible to the people the same as the city council. He advised the teachers to go back to the members of the school board and talk with them.

Commander Thornton stated that the \$40,000 given to the board that year was for the purpose of increasing the salaries of the teachers.

Mayor Schofield asked if the trustees were a unit getting the increases in salary and Mr. Miles replied that the school board were not a unit on any question, nor could be under present conditions.

The mayor announced that he would invite the school board to come to city hall and discuss the whole matter with the commissioners.

Some people get a nasty cough and don't pay much attention to it, saying, "Oh, it will wear away in a short time," but while it may wear off, serious injury may have been done to the lungs and respiratory organs by the prolonged, harsh, rattling coughing.

On the first sign of a cough or cold get a bottle of Dr. Wood's Norway Pine Syrup. It will stop that nasty, troublesome cough, ease the tightness across the chest, and loosen the phlegm.

Mrs. Wm. Earnshaw, Aspley, Ont., writes:—"Last winter I caught a bad cold, had a sore throat and a terrible hacking cough that I could not get rid of. I could not sleep at night. I tried a few remedies but they did not do me much good until I got Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles, my cough was all gone. I feel that "Dr. Wood's" has no equal."

When you get Dr. Wood's Norway Pine Syrup, you are not experimenting with new and untried remedies, but one that has a reputation extending over thirty years.

Put up in a yellow wrapper; three one-ounce glass bottles; price 50c. and 60c. a bottle, manufactured by The T. M. Wilson Co., Limited, Toronto, Ont.

The many friends of Mrs. E. C. Prehn will be glad to learn that she is improving in health after undergoing an operation at the Sussex Hospital.

A letter was read from the National Institute of the Blind asking that articles made at the institute should be sold by the L.O.D.E. Miss Lamoreau and Miss Jean White volunteered to act as a committee.

"The River's End" a Truly Enticing Canadian Photo-Story at the Imperial—Very Powerful.

There is a wealth of wonderful scenery of the snow wastes of the frozen northland in the picture, "The River's End," by James Oliver Curwood, a Marshall Neilan production now being shown at the Imperial.

The snow scenes were taken far into the north of Canada, where the snows lay many feet deep on the ground almost the year round. There are miles and miles of snow fields, stretching to the horizon and beyond to the land of the midnight sun.
