

Wild Beasts. The perils and sufferings under-gone in Siberian prisons have long proved a popular subject for imagin-ative writers; now we have the true marrative of a famous scientist, Prof. Ossendowski, who has spent ten years in Siberia making investi-gations into the minerals of the coun-try, and whose disclosures concern-ing the terrible things he has seen DEVELOP AND REQUIRE TAINED TREATMENT BE IT IS OVERCOME BU TREATED AT ONCE I INCONVENIENCE AND SU INCONVENIENCE AND SUI ING MAY BE AVOIDED OLD AND RELIABLE REI IS FOUND IN DE THOMAS' ing the terrible things he has seen are stranger by far than fiction. On one of his expeditions the pro-fessor fell in with two convicts, whom ECLECTRIC OIL he befriended and made his servants. These men were named Hak and Sienko, and they were experienced crim-inals who, after the tortures and per-Another Viewpoint. secutions undergone in prison, were sworn enemies of society. They had already escaped from jail several say to a friend the other evening that aiready escaped from jail several times, and they and their kind were forced to seek refuge in the forests. Iving like wild beasts. Every soldier was authorized to kill escaped con-victs, and received a money reward for each one taken of slain. "A recentured prisoner was mark-Tor each one taken or stain. "A recaptured prisoner was mark-ed for all time," Prof. Ossendowski declares in "Man and Mystery in Asia." "Hak showed us these stig-mas. They consisted of circles and triangles burnt with hot irons on his breast and shoulders, and some were so deeply burned that one could see the barely-covered ribs. Sienko had other marks: his nostrils were slit the barely covered than most is were slit and his ear was notched. Every Russian citizen meeting men with He sneers at Velasquez." such marks had the right to kill "Well, I don't care much for foreigners myself, but if Velasquez is a friend On one occasion when the professor was out shooting he remarked to Hak of yours I don't blame you for getting. was out shooting he remarked to Hak that he wished they had brought a knife, whereupon the escaped convict declared: "A knife? I can give that to you." "Saying this," the author declares, "he put his hand to his naked hip, and right at the place where the abdomen joins the hip, he laid back a fold of the skin. "I saw a little aperture in which Hak put two fingers taking from it a Hak put two fingers, taking from it a me to pay. Farewell. Potts." long, thin knife. This habitual criminal had a pocket made in his skin! 'We old convicts always undergo this Flinty. "What a hard face Mr. Squiggins operation,' declared Hak, with a sig-nificant smile. 'We have to have weahas!" "He certainly has. A barber would pons in our fights with the jailors or soldiers pursuing us." Hak had escaped from the terrible island prison of Sakhalin, where the worst cases were sent and from which few ever returned. The pris-oners, both men and women, were Powder Dust. She-I'm tired reading these silly sent to the island by sea, being chain-ed, kept in iron cages, and guarded books where a smile always creeps by the most brutal solders. The journey recalled the most terrible scenes of Dante's "Inferno." Hun-drads died or were allowed to drown dreds died or were allowed to drown. On the island, men guilty of strikes ton Tiger. or rebellion, and recaptured convicts, were punished by an increase of Not the Same. were punished by an increase of work and a more severe prison re-gime, but before all this they were whipped. Often this punishment was the last in the life of the prisoner, and after it a new grave was dug in the competence. What's the difference between ad-mission to a picture show and admis-alon to the penitentiary?" "I give it up." "One is 10 cents and the other is sen-the "St Louis Post-Disputch. the cemetery.
