

My band now consists of fifty Indians who
by the law which forbids us catching beaver for
four years are deprived of our main source of
living ~~its~~ is mainly on this account that
I ask you to again consider our wishes and
though the law referred to is one of the
Quebec Government yet it is to your care
that we Indians have to look and we do
not doubt that you would experience no
difficulty in treating with the Quebec Government
and from them obtaining the small reserves we
urgently require

I am Sir

Your obedient servant
Louis Nawashish
Chief

Post office address
