W. Mackenzie King,  
House of Parliament, Ottawa, Ont..

Dear Sir,-

You will perhaps recall that I had a short interview with you in your office recently with the President of Westminster Ladies College, Alberta. I wish to call on Charles M. Schwab, President of the great Steel Trust, and if you know him personally, and could give me a short letter of introduction, it would add to my indebtedness to you. Also I wish to call on John D. Rockefeller Jr., and if you feel free to give me a similar line or two I should be very grateful. If I have the opportunity of speaking with these two gentlemen I would undertake to take up no more than 6 or 7 minutes in each case, unless asked by them to take more. All I wish is the mere or bare statement that you had a few minutes conversation with me in your office.

Very sincerely yours

*Kenneth W. Barton*
