SURVEYS.

Dear Sirs:

In 1902 we acted for Mathew White in connection with the title to some of his property on Cornwall Island through which the Ottawa & New York Railway passes. The dispute then was between Thomas White his father and Mathew White for whom we acted. Thomas White claimed the property but we were able to convince the Department that the property belonged to Mathew White and an Award was made in May 1902 awarding this property to Mathew White and Mathew has been in possession of it ever since. At the time of this dispute Mathew White had been in possession of the property twelve years, and he has been in possession of it ever since and has made permanent improvements upon this property. Another dispute has arisen. This time between Mitchell White his brother, who is claiming through his father Thomas White, and wants to claim possession of four acres of this property which was in dispute before. We are writing you reminding you of this previous award so that if Mitchell White or any one on his behalf makes any claims through the Department for this property you will be able to look up the records and see this previous
