

to be constructed under the provisions of the Municipal Drainage Act.

WINNIPEG, MAN.—It is the intention to operate the Winnipeg, Selkirk & Lake Winnipeg Railway by electricity at an early date. It is also proposed to extend the road to Stonewall and Teulon.—Plans of school house to be erected at Shoal Lake, Man., may be seen at the office of F. R. Evans, architect, this city.—At a meeting of St. Paul's congregation held last week, it was reported that definite steps are being taken to erect a new church on the site purchased.—Judge J. S. Cummins, of Chicago, was in the city last week in connection with the proposed power development of the Great Falls Power Company. Surveys are now being made.—The Police Commissioners will ask the City Council to proceed at once with the erection of a new police station.

OTTAWA, ONT.—Revised plans have been prepared for the Fat Stock Show building with the object of reducing the cost. Contracts for masonry and carpentry will be awarded this week, while tenders for interior fittings, etc., estimated to cost \$7,000, have not yet been called for.—The improvements which the Ottawa Electric Railway Company intend making at Britannia-on-the-Bay will include the extension of the pier, erection of a club house and enlargement of the auditorium. The pier will be extended 300 feet.—It is considered probable that the City Council will this year undertake the erection of an addition to the city hall.—Plans are being prepared for extensive alterations to Rideau Hall, to include a main hall about 100 x 30 feet, with an outer hall 60 x 20 feet. The present roof plan will be altered.

MONTREAL, QUE.—At a meeting of the directors of the Windsor Hotel held last week, it was decided to tear down the Windsor Hall in March and to begin work on the new wing as soon as possible in the spring.—The plans for the improvement and enlarging of Bonaventure station are said to be taking definite form and only awaiting certain details. The improvements will include an elevated track from St. Henri to the depot, to be constructed on stone pillars, with steel bridges at the street crossings.—The congregation of the Emmanuel church last week discussed the erection of a new edifice on Drummond street. It is expected that the construction work
