7,000 Free Homesteads

IN THE
**MOST FERTILE SECTION
OF WESTERN CANADA,**

Now available to the prospective Settler and Homesteader. Full of possibilities. Ready markets for the farmers' produce, owing to excellent transportation facilities. Write for List of Lands tributary to the main line, now vacant in the "LAST BEST WEST."

THIS new line will open a vast country rich in agricultural, timber and mineral resources and will provide an additional outlet for the enormous grain crops of the Canadian North-West, as well as creating a new market for the manufactured products of Eastern Canada. It will be a shorter route by several hundred miles than any now existing between Europe and the Far East.
